The instant #1 New York Times bestseller | A Washington Post Notable Book | One of NPR's Best Books of 2021 The definitive behind-the-scenes story of Trump's final year in office, by Phil Rucker and Carol Leonnig, the Pulitzer-Prize winning reporters and authors of A Very Stable Genius.

“Explosive.” – Hallie Jackson “Blockbuster new reporting.” – Nicolle Wallace “Bracing new

reporting.” – David Muir The true story of what took place in Donald Trump’s White House during a disastrous 2020 has never before been told in full.

What was really going on around the president, as the government failed to contain the coronavirus and over half a million Americans perished? Who was influencing Trump after he refused to concede an election he had clearly lost and spread lies about election fraud? To answer these questions, Phil Rucker and Carol Leonnig reveal a

dysfunctional and bumbling presidency's inner workings in unprecedented, stunning detail. Focused on Trump and the key players around him—the doctors, generals, senior advisers, and Trump family members— Rucker and Leonnig provide a forensic account of the most devastating year in a presidency like no other. Their sources were in the room as time and time again Trump put his personal gain ahead of the good of the country. These witnesses to history tell the story of him longing to deploy the military to the streets of American cities to crush the protest movement in the wake of the killing of George Floyd, all to bolster his image of strength ahead of the election. These sources saw firsthand his refusal to take the threat of the coronavirus seriously—even to the point of allowing himself and those around him to be infected. This is a story of a nation sabotaged—economically, medically, and politically—by its own leader, culminating with a groundbreaking, minute-by-minute account of exactly what went on in the Capitol building on January 6, as Trump's supporters so easily breached the most sacred halls of American democracy, and how the president reacted. With unparalleled access, Rucker and Leonnig explain and expose exactly who enabled—and who foiled—Trump as he sought desperately to cling to power. A classic and heart-racing work of

investigative reporting, this book is destined to be read and studied by citizens and historians alike for decades to come.

Paris and London have long held a mutual fascination, and never more so than in the period 1750–1914, when they vied to be the world's greatest city. Each city has been the focus of many books, yet Jonathan Conlin here explores the complex relationship between them for the first time. The reach and influence of both cities was such that the story of their rivalry has global implications. By borrowing, imitating and learning from each other Paris and London invented the true metropolis. Tales of Two Cities examines and compares five urban spaces—the pleasure garden, the cemetery, the apartment, the restaurant and the music hall—that defined urban modernity in the nineteenth century. The citizens of Paris and London first created these essential features of the modern cityscape and so defined urban living for all of us.

The gift of prophecy has always invited some degree of opposition and controversy. It is one of the most vivid displays of God's presence and power among his people. Many people struggle with the very concept of the validity of prophecy today. They are troubled by the possibility that God may have direct access to our minds. Greg Haslam argues that such concerns are misplaced. Following St Paul's injunction that we should be 'eager to prophesy' he considers how God speaks, and how we should hear him; how we can test and deliver a prophetic word; and how we can grow in confidence as we learn to discern what the Spirit is saying to the church.

Gothic effigy brings together for the first time the multifarious visual motifs and media associated with Gothic, many of which have never received serious study before. This guide is the most comprehensive work in its field, a study aid that draws links between a considerable array of Gothic visual works and artifacts, from the work of Salvator Rosa and the first illustrations of Gothic Blue Books to the latest Gothic painters and graphic artists. Currently popular areas such as Gothic fashion, gaming, T.V. and film are considered, as well as the ghostly images of magic lantern shows. This groundbreaking study will serve as an invaluable reference and research book. In its wide range and closely detailed descriptions, it will be very attractive for students, academics, collectors, fans of popular Gothic culture and general

readers.

Looks at how family, religion, history, news and

entertainment keep women thinking they are defenseless. Snortland contends that women are capable of defending themselves and their loved ones--if they learn how. She argues that is not the female's size, it is her culturally induced ignorance that makes her think she is helpless. Snortland offers a clarion call to all women to wake up and take charge of their own self-defense--both verbal and physical--and celebrates women (and kids) who fought back. --Adapted from publisher description.

The latest mystery in this charming mystery series finds the ever-resourceful Kath Rutledge and shop ghost Geneva tangled up in an embroidery rivalry--and a murder. Yarn shop owner Kath Rutledge is looking forward to the grand opening of the Blue Plum Vault, a co-op of small shops on Main Street. But in the week before the grand opening, Kath and her needlework group, TGIF (Thank Goodness

It's Fiber), hear rumors of an unpleasant rivalry developing between two of the new shopkeepers. Nervie Bales and Belinda Moyer declare each other's embroidery patterns and antique embroidered linens fakes, copies—and stolen goods. Kath is caught in the middle when she's asked to use her textile expertise to decide if there's any truth to the accusations. Then, the day before the grand opening, an exquisite tablecloth that Kath has fallen in love with—the pride of Belinda's shop—is found cut to shreds. Belinda accuses Nervie of the outrage, but Nervie has an airtight alibi: she was at Kath's shop, the Weaver's Cat, teaching a crewel embroidery class. Despite worries over the rivalry and vandalism, the opening is a success—until Belinda is found dead, stabbed in the back with a pair of scissors from the Weaver's Cat. Geneva, the ghost who haunts Kath's store, claims she saw the murderer leaving the scene of the crime. But the ghost is the ultimate unreliable witness—only Kath and her shop manager can see or hear her. That means it's up to Kath,

In this ethnography, Lori Kendall examines how men and women negotiate their gender roles on an online forum she calls BlueSky. WINNER OF THE DRINK BOOK AWARD AT THE FORTNUM & MASON FOOD AND DRINK AWARDS 2017. Pete Brown has visited hundreds of pubs across the UK and is uniquely placed to write about pubs that ooze atmosphere, whatever the reason, be it food, people, architecture, location or decor. The best pubs are those that always have a steady trade at any time on any day of the week, and where chat flows back and forth across the bar. They're the places where you want to drink weak beer so you can have several pints and stay longer. Some are grand Victorian palaces, others ancient inns with stunning views across the hills. Some are ale shrines, others gastropubs (though they probably don't call themselves that any more). A precious few are uniquely eccentric, the kinds of places that are just as likely to have terrible reviews on Trip Advisor as great ones, because some people don't realize that the outside toilets, limp sandwiches on the bar and really disturbing

full-size mannequin glaring at you from the corner are all part of the charm. This charming collection of 300 pubs explores what makes each one ooze atmosphere, be it food, people, architecture, location or décor, and looks at the quirks of local history as well as different trends and types of pub. Full of pen portraits of punters or publicans, legends, yarns and myths, this entertaining book is the perfect gift for regulars of that well-loved British institution, the pub.

BONUS: This edition contains an excerpt from Christopher Fowler's *Bryant & May off the Rails*. The Peculiar Crimes Unit is no more—disbanded, finished, kaput. After years of defying the odds and infuriating their superiors, detectives Arthur Bryant and John May have finally crossed the line. While Bryant takes to his bed, his bathrobe, and his esoteric books, the rest of the team takes to the streets looking for new careers—until one of them stumbles upon a gruesome murder. Now the Unit is back for an encore performance—in a rented office with no computer network, no legal authority, and a broken toilet. They've got until the end of the week to solve a mystery with links to gangland crime, the 2012 London Olympics, and a half-man, half-stag creature that's carrying off young women. It's the kind of case that Bryant and May live to solve . . . and it could be the one that finally kills them.

It describes how their shapes, materials, letters, vocabulary, and grammar differ from other forms of written English, using a framework based on linguistics, typography and writing systems research. It provides readable and entertaining insights into an important use of written English, illustrated with over 400 examples of street signs. From the cotton boom after the Civil War to Savannah's economic decline around the middle of the 20th century, the city's streetscapes were crowded with signs. In a time before strict sign regulations, business owners embellished building facades and rooftops with extensive signage to catch the eye of pedestrians and motorists. The abundance of advertising was symbolic of Savannah's rapid growth and prosperity, but the majority of these signs were discarded over the years, and only a few remain. Photographs and postcards from the past survive, however, and images of historic signs serve as reminders of these lost commercial relics. Such signs give the bricks and mortar of the past another dimension by identifying their social purpose. Through vintage images of Savannah signage, this volume provides a history of the city's businesses and industries.

Included are local landmarks like Levy Jewelers, the Globe Shoe Company, the Lucas Theatre, the Marshall House, and Johnny Harris Restaurant.
