Management of Off-highway Plant and Equipment provides a working knowledge of plant management for today's engineers, managers and students, and explains concisely and clearly the factors to be considered during investment in, and management of, construction equipment. It compares the cost of leasing with those of purchase, discusses ways of achieving optimum economic usage of plant, and covers issues of health and safety, licensing and the logistics of maintenance.

Was Assyria merely a more brutal, more uncivilized and less interesting offshoot of the culture created by Sumerians and Babylonians in Southern Mesopotamia at the dawn of history? Do the Assyrian reliefs that fill our museums give a complete picture of the phenomenon that was Assyria? Was the contribution of this people to world culture merely an incredibly effective military organization? The answers to these

questions are sought here in this detailed book from 1963, referring to personal documents of the time, in the letters Assyrians wrote to one another rather than in the annals of the rulers.
