

Harley Kickstand Spring Installation

Riding motorcycles is fun, but author Ken Condon maintains that there is a state of consciousness to be achieved beyond the simple pleasure of riding down the road. Riding in the Zone helps riders find that state of being. It's the experience of being physically and mentally present in the moment, where every sense is sharply attuned to the ride. Your mind becomes silent to the chatter of daily life, and everyday problems seem to dissolve. You feel a deeper appreciation for life. Your body responds to this state of being with precise, fluid movements, you feel in balance, your muscles are relaxed, and it seems as though every input you make is an expression of mastery. This is "the Zone." Condon identifies all of the factors that affect entering the Zone and addresses each one individually, from the development of awareness and mental skills to mastering physical control of the motorcycle. At the end of each chapter are drills designed to transform the book's ideas into solid, practical riding skills. Riding in the Zone takes riders to the next level in their skill set.

In this collection of funny stories, the author shares life lessons he learned growing up in Dunbar, West Virginia. His father, who owned a cash register company in the nearby city of Charleston, passed along numerous business axioms, such as, "Always act a little dumber than

you really are. It makes it harder for somebody to get over on you.” The author also shares funny stories from the outdoors, including the time he and his father saw a boat with three fellows in it fishing with dynamite. When the fellows asked if they wanted some fish, they said, “Absolutely.” They went home with about ten carp, suckers, and catfish. As a proud member of the Dunbar High School Marching Band, the author enjoyed many ball games, concerts, trips, and competing with other local bands ... and also stirring up trouble. He also recalls the interesting and eccentric people from his neighborhood, including Granny Fisher, who would allow boys to hop on the back of his truck before warning them to “hang on” because he was going to “run ‘er up to fifteen!” Join the author as he shares life lessons and funny stories that have made him the man he is today.

Embracing Risk On the Road to a More Authentic Life

We start with a brief ancestry of my parents, my father's and my mother's histories the best as I can remember, and then my childhood during the Depression with an overstrict father, then high school, graduation, and work. I finally got to go to Wyoming and met my first wife, returned to California, went to work at a steel company then at a wholesale grocers, performed some activities, then worked at the Huntington Park Police Department (HPPD), and lots of activities. I was drafted in to the military and returned to HPPD. More activities, then LAPD Academy, graduation to PIC, AID, then to TED (motorcycles), lots of activities. Retirement (Rocket Wheel), Construction, Department of Justice as bodyguard for the attorney general. Back into construction, after twenty years retired. Moved to Laguna Woods, retired, end of story.

According to legend, Sacajawea—the Native American woman who helped guide the Lewis and Clark expedition through the American wilderness—is buried on the Wind River Reservation.

Now, a college professor—and longtime friend of Arapaho attorney Vicky Holden—has disappeared while seeking the truth behind the legend. Vicky and Father John O'Malley soon discover that her missing friend is linked to another female historian who also vanished on the reservation—while researching Sacajawea twenty years ago. The answer to the mystery of the missing scholars may lie in the pages of Sacajawea's hidden memoirs—and with a culprit who will do anything to ensure they're never found...

WALNECK'S CLASSIC CYCLE TRADER, SEPTEMBER 1999

Winner of the 2002 Drue Heinz Literature Prize Selected by Elizabeth Hardwick It is difficult to see what lurks beneath the surface of a muddy river, an alligator-infested lake, or a John Blair short story. The deep currents that drive a demure, devout, church-going woman to shoot her husband; the ripple effect of a midnight rendezvous at church youth camp that goes slightly—then horribly—askew; the sinkholes that can swallow Porsche dealerships—or marriages; what is dredged up in American Standard cannot easily be forgotten. Set mostly in central Florida, Blair's stories are filled with people living lives of disquieting longing and stubborn isolation. For them, this is the American standard, as ubiquitous and undistinguished as vitreous china bathroom fixtures.

friend, Edward Barnes, does Brandy pull herself together. Brandy and Weston agree to recommit to each other, striving to forgive infidelity and recreate their previous existence. Everything is once again going according to plan - until Brandy discovers she's pregnant. While she struggles to cope with this new obstacle, Edward Barnes returns to town and discovers she's having a baby, while Weston is torn between his love for his wife and his anger at her betrayal. Can Brandy manage to keep her marriage to Weston together? Will Edward be a part of Brandy's life if she and Weston separate?

From the #1 New York Times bestselling author who has kept readers on the edge of their seats with her phenomenal Fallen Angels novels, comes one of the most heart-stirring and eagerly anticipated events in that acclaimed series. The Creator invented the game, and the stakes are nothing less than the fate of the quick and the dead: seven souls, seven crossroads. Reluctant savior Jim Heron has compromised himself, his body and his soul, and yet he's on the verge of losing everything... ...Including Sissy, the innocent he freed from Hell. Jim's determined to protect her—but this makes her a weakness the demon Devina can exploit. With Jim torn between the game and the woman he's sworn to defend, evil's more than ready to play dirty. Humanity's savior is prepared to do anything to win—even embark on a suicide mission into the shadows of Purgatory. True love is Jim's only hope for survival—and victory. But can a man with no heart and no soul be saved by something he doesn't believe in?

The Spirit Woman

“Bernadette Murphy’s luminous book shows us how to take risks that make us fierce and vulnerable, knowing that true strength is about being generous as much as it is about not giving in.” —Emily Rapp Black, author of *The Still Point of the Turning World* and *Poster Child* What happens when women in midlife step out of what's predictable? For Bernadette Murphy, learning to ride a

motorcycle at forty-eight becomes the catalyst that transforms her from a settled wife and professor with three teenage children into a woman on her own. The confidence she gained from mastering a new skill and conquering her fears gave her the courage to face deeper issues in her own life and start taking risks. It is a fact that men and women alike become more risk averse in our later years—which according to psychologists and neuroscience is exactly what we should not do. And Murphy stresses that while hers is a story of transformation using a physical risk, emotional and educational risks can serve the same beneficial purpose for other women. Murphy uses her own story to explore the larger idea of how risk changes our brain chemistry, how certain personality types embrace dangerous behavior and why it energizes them, and why women's expectations change once estrogen levels drop after the childbearing years. She also explores the idea of women and risk in pop culture—why there are so few stories of the conquering heroine (instead of hero). Surely Thelma and Louise driving off the cliff should not be our only pop culture reference for women finding true freedom. With scientific research and journalistic interviews weaving through a page-turning, road trip narrative, *Harley and Me* is a compelling look at how one woman changed her life and found deeper meaning out on the open road.

A man on a mission must come to terms with his forgotten past in this gripping thriller from #1 New York Times bestselling author Dean Koontz. In Portland, he saved a young boy from a drunk driver. In Boston, he rescued a child from an underground explosion. In Houston, he disarmed a man who was trying to shoot his own wife. Reporter Holly Thorne was intrigued by this strange quiet savior named Jim Ironheart. She was even falling in love with him. But what power compelled an ordinary man to save twelve lives in three months? What visions haunted his dreams? And why did he whisper in his sleep: There is an Enemy. It is coming. It'll kill us all...?

If you love motorcycles and are interested in buying, fixing and flipping them for fun and profit this book is for you. If you want to experience a taste of growing up in NE Pennsylvania in the 70's, look no further. If you are looking to have all your problems solved, find the meaning of life and enjoy health, wealth and prosperity while living happily ever after, you'll have to wait for his next book.
