Harley Quinn. Can Harley talk her way out of this clash? And more importantly, where's she getting a time machine so she can send Captain Triumph home? Harley Quinn here, reporting live from Fear State! And let me just say...I've jumped outta airplanes, faced down the baddest criminals in Gotham, thrown punches at Batman, and filed my own taxes without instructions from the IRS, but reuniting with Poison Ivy to try to save all of Gotham...? Let's just say I've got a little anxiety. I'm only one well-dressed and overly verbal former psychologist turned heroic clown, after all. Which is why I've teamed with the Gotham City Sirens to take down Scarecrow and...wait...why is Keepsake here? This couldn't just be an easy, straightforward mission, could it? I blame the writer...

The fan-favorite creative team of Amanda Conner and Jimmy Palmiotti joins forces with a slew of superstar comics creators—including Neal Adams, Simon Bisley, Joseph Michael Linsner, Billy Tucci, John Timms and more—for HARLEY'S LITTLE BLACK BOOK. She's the psychopathic psychotherapist with a heart of gold and a mind for mayhem. Now she's uniting with the greatest heroes in the DC Universe in her very own team-up title. Ain't it amazing? With the Joker firmly in her rearview mirror, Harley Quinn has become an antihero like no other. But sometimes she runs into threats too uhh, threatening for any one person to beat. That's when she turns to a who's who of the biggest, baddest most bodacious heroes in the whole universe!

*Quinn—eccentric sidekick to the Joker—has captured the attention of readers like few new characters have in eight decades of Batman comics. Her bubbly yet malicious persona has earned her a loyal and growing fan base as she has crossed over into television, theater, video games, and film. In this collection of new essays, contributors explore her various iterations, focusing on her origin and contexts, the implications of her abusive relationship with the Joker, her relationships with other characters, her representations across media, and the philosophic basis of her character. Head over heels in her devotion to the Joker, Arkham psychiatrist Harleen Quinzel gave up her career (and her sanity) to transform herself into the ultimate companion for crime's clown prince - the mad moll Harley Quinn. Of course, Harley's romance with the Joker hasn't been easy. The two are at each other throats as often as in each other's arms, and that buzzkill Batman is always sticking his nose in just when things are starting to get fun. But what great love story is without the occasional incarceration and life-threatening peril? The Joker's main squeeze takes center stage in these stories from top creators Paul Dini, Yvel Guichet, Don Dramer, Joe Quinones, Neil Gooze and more!
