Learning to Draw

Art Now/U.S.A.

This revised and expanded edition takes the reader step by step through the history and techniques of over forty-five print-making methods. From the traditional etching, engraving, lithography, and relief print processes to today's computer prints, Mylar lithography, copier prints, water-based screen printing, helio-reliefs, and monotypes, The Complete Printmaker covers various aspects of fine printmaking. The book also includes a survey of issues and contemporary concerns in the printmakers world.
