**Netflix's BoJack Horseman has quickly become one of the most critically acclaimed animated comedy series in recent memory. Set in an off-kilter, cynically spun rendering of modern-day Hollywood, the show follows washed-up horse actor BoJack Horseman (voiced by Will Arnett) as he attempts to turn his life around. BoJack Horseman: The Art Before the Horse is the official behind-the-scenes companion to this cult-hit series. Part oral history sourced from original interviews with the show's cast and crew, part art book—including sketches, storyboards, and background art—this book will trace the series from conception to post-production. Beginning with the initial development of creator/showrunner Raphael Bob-Waksberg and production designer Lisa Hanawalt's inimitable aesthetic vision, The Art Before the Horse goes on to reveal all of the moving parts—direction, writing, casting, animation, and music—that come together to form this uniquely bleak, emotionally potent, very funny show. Also Available: BoJack Horseman 2019 Wall Calendar (ISBN: 978-1-4197-3177-8)**

Humans are a recent event in the planet's history, but we've wasted little time in making our mark. The range of our achievements has created a rich and elaborate heritage that we have the unique ability to capture and record—meaning we can look back and learn from the road traveled. Timelines of History begins with the emergence of our earliest African ancestors and takes the reader through day-the-beginning of a new millennium. A dynamic, layered timeline zooms in and out of time, speeding up or slowing down to keep pace with the size and scope of events.

From New York Times bestselling author Andrea Beaty and New York Times bestselling illustrator Vashti Harrison, a sweet and playful bedtime book that reminds young readers just how loved they are I love you like yellow. I love you like green. Like flowery orchid and sweet tangerine. . . . Love comes in many forms. It can feel tart as lemonade, or sweet as sugar cookies. Slow as a lazy morning, or moments, the good times and bad. And at the end of the day, love settles us down to bed with a hug and kiss goodnight. With charming, rhyming text from bestselling author Andrea Beaty and lush, heartwarming illustrations by bestselling illustrator Vashti Harrison, I Love You Like Yellow celebrates the unconditional love that pulses through life's profound and everyday moments—and the people who love us.

An encyclopedia designed especially to meet the needs of elementary, junior high, and senior high school students.

Lights Up!

"Fresh, fun, and unbelievably hot. Audrey Carlan's Calendar Girl series will have you falling in love over and over again and craving the next installment." –Meredith Wild, #1 NYT Bestselling Author Synopsis It's really simple. I needed money. A lot of money. One million dollars to be exact. The amount didn't matter. All that mattered is that at the end of that price tag held my father's life. No money. No life. The time limit was one year. On January 1st I had to pay up or my Father was going to be killed. When you're faced with an ultimatum like this, you do whatever you have to do. And that's exactly what I did. The job...Xquisite Escorts. My role, serve as high priced arm candy to anyone that can afford the \$100,000 price tag for a month of my company. Sex is optional (for me) and a 20% increase on the price. \*\*\* Mia Saunders just barely escaped a paltry life back home in Las Vegas until she gets the call that her Father has been beaten to within an inch of his life for not paying his gambling debt. Problem is, the lone shark is her lousy, ruthless ex-boyfriend. Another guy in a long line of men she'd fallen head over heels for. Not anymore. Mia's mission is simple. Serve as a high-priced escort for her Aunt's company and pay monthly against her Father's bad debt. A month with a rich man who she doesn't have to sleep with if she doesn't want to? Easy money. At least that's the way it was supposed to go. Each installment in the Calendar Girl Serial will release every month throughout 2015. The stories will feature Mia, told from her perspective as she continues her journey as an escort to twelve clients in twelve different locations. Warning: This book is designed for audiences 18+ due to language and graphic sexual content.

*From the Financial Times's global finance correspondent, the incredible true story of the iconoclastic geeks who defied conventional wisdom and endured Wall Street's scorn to launch the index fund revolution, democratizing investing and saving hundreds of billions of dollars in fees that would have otherwise lined fat cats' pockets. Fifty years ago, the Manhattan Project of money management was quietly assembled in the financial industry's backwaters, unified by the heretical idea that even many of the world's finest investors couldn't beat the market in the long run. The motley crew of nerds—including economist wunderkind Gene Fama, humiliated industry executive Jack Bogle, bull-headed and computer-obsessive John McQuown, and avuncular former WWII submariner Nate Most—succeeded beyond their wildest dreams. Passive investing now accounts for more than \$20 trillion, equal to the entire gross domestic product of the US, and is today a force reshaping markets, finance and even capitalism itself in myriad subtle but pivotal ways. Yet even some fans of index funds and ETFs are growing perturbed that their swelling heft is destabilizing markets, wrecking the investment industry and leading to an unwelcome concentration of power in fewer and fewer hands. In Trillions, Financial Times journalist Robin Wigglesworth unveils the vivid secret history of an invention Wall Street wishes was never created, bringing to life the characters behind its birth, growth, and evolution into a world-conquering phenomenon. This engrossing narrative is essential reading for anyone who wants to understand modern finance—and one of the most pressing financial uncertainties of our time.*

*Marina Petrocelli's life is about as mundane as it gets for the sister of an infamous psychic/paranormal PI. Which is why she's pretty shocked when a couple of vampires try to kidnap her on her way home from work. And don't even get her started on the sexy-as-all-hell Irish dhampyre who gallantly (if somewhat drunkenly) rushes to her rescue out of nowhere, kisses the ever-lovin' crap out of her, then disappears without a trace. It's all too weird to comprehend!Quinn Cornell's life is anything but mundane. As an ex-convict with a shady past and an even shadier employment history, all he has to do is obey the terms of his parole, which are exceedingly simple: get a job, and stay out of trouble. Unfortunately, getting involved with Marina is the very definition of trouble for someone like him. And, as it turns out, her sister is the only employer in town willing to hire him. Quinn's head tells him Marina's officially off limits. Too bad his heart-and body, which can't seem to stop touching her-didn't get the memo.But when Quinn and Marina find themselves in the middle of a brutal life-or-death situation, Quinn knows keeping his distance and staying out of trouble is no longer an option. He'll do anything to keep Marina safe, even if it means relying on a few of his quirky (and sometimes scary) new coworkers and utilizing the very same dubious skills that landed him in prison in the first place. Nab the bad guys, stay out of prison, and (hopefully) get the girl. Easy, right?Yeah, not so much.*

*The Wizarding World Journey continues . . . The powerful Dark wizard Gellert Grindelwald was captured in New York with the help of Newt Scamander. But, making good on his threat, Grindelwald escapes custody and sets about gathering followers, most of whom are unsuspecting of his true agenda: to raise pure-blood wizards up to rule over all non-magical beings. In an effort to thwart Grindelwald's plans, Albus Dumbledore enlists Newt, his former Hogwarts student, who agrees to help once again, unaware of the dangers that lie ahead. Lines are drawn as love and loyalty are tested, even among the truest friends and family, in an increasingly divided wizarding world. Fantastic Beasts: The Crimes of Grindelwald is the second screenplay in a five-film series to be written by J.K. Rowling, author of the internationally bestselling Harry Potter books. Set in 1927, a few months after the events of Fantastic Beasts and Where to Find Them, and moving from New York to London, Paris and even back to Hogwarts, this story of mystery and magic reveals an extraordinary new chapter in the wizarding world. Illustrated with stunning line art from Minalina with some surprising nods to the Harry Potter stories that will delight fans of both the books and films.*

INSTANT NEW YORK TIMES BESTSELLER From award-winning actress and political activist America Ferrera comes a vibrant and varied collection of first-person accounts from prominent figures about the experience of growing up between cultures. America Ferrera has always felt wholly American, and yet, her identity is inextricably linked to her parents' homeland and Honduran culture. Speaking Spanish at home, having Saturday-morning-salsa-dance-parties in the kitchen, and eating tamales alongside apple pie at Christmas never seemed at odds with her American identity. Still, she yearned to see that identity reflected in the larger American narrative. Now, in American Like Me, America invites thirty-one of her friends, peers, and heroes to share their stories about life between cultures. We know them as actors, comedians, athletes, politicians, artists, and writers. However,

they are also immigrants, children or grandchildren of immigrants, indigenous people, or people who otherwise grew up with deep and personal connections to more than one culture. Each of them struggled to establish a sense of self, find belonging, and feel seen. And they call themselves American enthusiastically, reluctantly, or not at all. Ranging from the heartfelt to the hilarious, their stories shine a light on a quintessentially American experience and will appeal to anyone with a complicated relationship to family, culture, and growing up.
