Ant Anstead's Building a Special brings the Haynes story full circle, coming 61 years after the original Building a 750 Special was written by John Haynes, Haynes Publishing's founder, when he was still a schoolboy. This book is a TV tie-in, following the 12-part TV series Ant Anstead Master Mechanic, aired on Motor Trend, part of the Discover Network in the US and UK, following Ant Anstead's build of his own-design 'special' car, taking inspiration from the Alfa 158 - the first World Championship-winning F1 car, which raced from the 1930s until the 1950s. The 12-part TV series followed Ant's build of the car, from the first design ideas, through the construction, culminating in the debut of the car during the 2019 US Grand Prix weekend in Austin, Texas. The book follows Ant's personal build of the car, from the selection of the donor MG TD for the chassis, and Alfa Romeo Spider for the engine and gearbox, through modifying the chassis, building the suspension, steering, brakes, bodywork and interior, and putting all the components together to produce a finished one-off 'special.' Content includes: Introduction The history of specials Planning Donor car Chassis, suspension, steering, rear axle Engine, fuel system, cooling system, ancillaries, exhaust Gearbox Bodywork Braking system Cockpit Wiring Preparation and painting Testing Setting up and Making road legal.

This is a maintenance and repair manual for the DIY mechanic. It provides all you need to know about servicing the Austin Healey 100.

The new updated edition of this popular manual, is the complete DIY guide to plumbing-in, fault finding, maintaining and repairing the most commonly used domestic washing machines. Step-by-

step photographs and diagrams accompany the clearly presented text, with methods of prevention and repair explained in a straightforward, non-technical manner. New features include common error codes for popular electronically controlled machines and the use of configuration codes. Each component part is photographed and explained in detail, including the way it works, what can go wrong and how to maintain, repair or replace it. Includes Electrolux, Frigidaire, Hoover, Hotpoint, Kelvinator, Kenwood, Whirlpool and others.

Haynes offers the best coverage for cars, trucks, vans, SUVs and motorcycles on the market today.
