Lola and the Millionaires: Part Two

*Three sexy-but-psycho monsters. The witch they're determined to protect. And a high-stakes heist about to go very wrong... I've made some pretty questionable choices in my life—dabbling in necromancy, double-crossing vampires—but summoning the dark goddess to save my sisters? That was just plain stupid. Now I'm in her debt, and goddesses don't exactly do payment plans. She wants the blood of the dark fae warlord of Midnight, a realm of exiles where the sun never rises and torture is a competitive sport. It's a death trap only three men have ever escaped—my newly appointed escorts. Jax, a terrifying demon whose icy touch leaves me trembling in more ways than one. Hudson, a hulking, fiercely protective gargoyle shifter hiding a past so painful he doesn't speak. And Elian, a cocky fae prick with eyes like molten silver and a heart full of vengeance—a heart that once belonged to me. I'll do anything to settle my debts and get back home to my sisters, even if it means teaming up with my infuriating ex and the other sinfully hot psychos for the most dangerous blood heist in history. But when it comes to the cruel fae warlord, not even my monsters can protect me... Especially when we discover why the dark goddess really sent us to Midnight. BLOOD AND MIDNIGHT is the first book in The Witch's Monsters series, a dark fantasy reverse harem romance featuring a kickass witch and the sinfully hot monsters who've vowed to protect her. The world couldn't have changed more since Eva had been locked in that tower. The only thing that hadn't changed was the mages and humans still hated each other. Only this time the mages were the ones with the upper hand. With new suspicions of who she really was, Eva must learn to be a human in a mage ruled world The problem was. She wasn't human. Hiding her secret could not be more imperative as it becomes clear that her tower hadn't been found by accident. The only question now was, who wanted her out and what did they want from her? keywords: urban fantasy, new adult, rapunzel, fairy tales, twisted fairy tales, fantasy romance, coming of age, portal, fantasy adventure, mythology, faerie, fairy, reverse harem, why choose, mages, magic, futuristic, post-apocalyptic, villain

There is no escaping Hell...at least, not without a little Divine intervention. Desperate to escape the life into which she had been born, Filia, Lucifer's daughter and heir, jumps at the chance to redeem and cleanse herself of her sins. To do this, she must perform selfless good deeds, and she does so under the watchful protection of four angels and a fallen angel on his own road to redemption. Love blossoms unexpectedly even as Filia is hunted like an animal by demons determined to return her to her father's side. Will the unconventional love Filia shares with her angelic guardians be enough to keep the infernal darkness at bay, or will they be torn asunder?

When angels fall, Hell will rise. Lucifer isn't Hell's only devil. When a powerful angel purposefully abandons Heaven, their descent creates a new level of torment in Hell's Kingdom. If only it didn't take me nearly dying by the hands of my ex-fiancé to discover this. I could've begged for a miracle or at least mercy. Now, the best I can hope for is a crappy deal with Hell's most notorious ruler and some twisted help from my new devil soul keepers. Lucifer, Kase, and Dante need me to force the rest of their traitorous brethren to fall from grace and take their rightful places to bring Hell's Kingdom to its intended glory. I'm the only one who can complete the task-whether or not I want to-because of my angel-kissed soul. I unknowingly made an angel fall in another life and am the perfect angel bait. Corrupting some angels sounds easy...right? Unfortunately, the divine brethren aren't the sweet, innocent angels I've heard about. These guys are fierce and won't think twice before smiiling me. To survive the power struggle between the angels and devils and save my soul, I need to embrace my wicked side or summon a miracle. If I can't, my eternity is over. The rulers of Hell and the saviors of Heaven will rip me apart. My soul will burn. This is a dark and addictive romance with possible triggering situations, gore, violence, and MM. If you like psycho, protective men, fast-burn goodness, and a woman who doesn't shy away from embracing her devilish side, Her Personal Demons is a must-read. ***On New Year's Eve, I broke all of my rules by betting on a relationship with Cole, Shane, and Nicholas. Now that the shine of that magical night has dimmed, I'm beginning to question my judgment. I should be focused on my final semester of college instead of fixating on the three sexiest men I've ever met. But when Cole's estranged brother unexpectedly arrives in Vegas, what has been a pleasurable distraction suddenly feels real. Between acting as peacemaker, meeting Nicholas's aristocratic family, and falling under Shane's spell, I'm more invested in my boyfriends than ever. If only I could trust that they view our unconventional relationship as more than a game. Maybe then I'd feel comfortable revealing it to the world. When Nicholas, Cole, and Shane prove that they're playing to win, one question remains—am I willing to risk it all for love?***

***"Time travel, UFOs, mysterious planets, stigmata, rock-throwing poltergeists, huge footprints, bizarre rains of fish and frogs-nearly a century after Charles Fort's Book of the Damned was originally published, the strange phenomenon presented in this book remains largely unexplained by modern science. Through painstaking research and a witty, sarcastic style, Fort captures the imagination while exposing the flaws of popular scientific explanations. Virtually all of his material was compiled and documented from reports published in reputable journals, newspapers and periodicals because he was an avid collector. Charles Fort was somewhat of a recluse who spent most of his spare time researching these strange events and collected these reports from publications sent to him from around the globe. This was the first of a series of books he created on unusual and unexplained events and to this day it remains the most popular. If you agree that truth is often stranger than fiction, then this book is for you"--Taken from Good Reads website.***

*“Fascinating. Doidge’s book is a remarkable and hopeful portrait of the endless adaptability of the human brain.”–Oliver Sacks, MD, author of The Man Who Mistook His Wife for a Hat What is neuroplasticity? Is it possible to change your brain? Norman Doidge’s inspiring guide to the new brain science champions all of this and more An astonishing new science called neuroplasticity is overthrowing the centuries-old notion that the human brain is immutable, and proving that it is, in fact, possible to change your brain. Psychoanalyst, Norman Doidge, M.D., traveled the country to meet both the brilliant scientists championing neuroplasticity, its healing powers, and the people whose lives they’ve transformed–people whose mental limitations, brain damage or brain trauma were seen as unalterable. We see a woman born with half a brain that rewired itself to work as a whole, blind people who learn to see, learning disorders cured, IQs raised, aging brains rejuvenated, stroke patients learning to speak, children with cerebral palsy learning to move with more grace, depression and anxiety disorders successfully treated, and lifelong character traits changed. Using these marvelous stories to probe mysteries of the body, emotion, love, sex, culture, and education, Dr. Doidge has written an immensely moving, inspiring book that will permanently alter the way we look at our brains, human nature, and human potential.*
