A colorful history of Chile from prehistoric times to the present

"America's History helps AP students: Grasp vital themes: The seventh edition emphasizes political culture and political economy to help students understand the ways in which society, culture, politics, and the economy inform one another. Understand periodization: America's History's unique seven-part structure, which organizes history into distinct eras, introduces students to periodization and helps them understand cause and effect, identify historical continuities, and track change over time. Develop the skills they need to succeed: America's History's hallmark analytical narrative and pedagogy help students synthesize what they've learned and interpret history for themselves."--Back cover.

With fresh interpretations from two new authors, wholly reconceived themes, and a wealth of cutting-edge new scholarship, the seventh edition of America's History is designed to work perfectly with the way you teach the survey today. Building on the book's hallmark strengths — balance, comprehensiveness, and explanatory power — as well as its outstanding visuals and extensive primary-source features, authors James Henretta, Rebecca Edwards, and Robert Self have shaped America's History

into the ideal resource for survey classes.

America: A Concise History, Combined Volume

Traces the history of Cuba from its earliest days as a Spanish colony, through its battle for independence and U.S. occupation, to the Cold War and the Castro era, in eight chronological sections that also examine the complex and influential relationship between the island nation and the United States. Original.

Known for its clear, insightful analytical narrative and balanced approach, America's History, Value Edition is a brief, affordable text that brings America's diverse past to life. The two-color Value Edition includes the full narrative, the popular nine-part organization, and select images and maps.

Republicanism and Liberalism in America and the German States represents the cooperative effort of a group of American and German scholars to move the historical debate on Republicanism and Liberalism to a new stage. Previously, the relationship between Republican and Liberal ideas, concepts and world views has been discussed in the context of American revolutionary and late eighteenth-century history. While the German states did not experience successful revolutions like those in North America and France, Republican and Liberal ideas and 'language' deeply affected German political thinking and culture, especially in the southern states. The essays published in this book expand the time frame of the debate into the first half of the nineteenth century, applying an innovative and comparative German-American perspective. By systematically studying the similarities and differences in the understanding of Republicanism and Liberalism in the United States and German states, the collection stimulates efforts toward a comprehensive interpretation of political, intellectual and social developments in the 'modernizing' Atlantic world of the eighteenth and nineteenth centuries.

With fresh interpretations from two new authors, wholly reconceived themes, and a wealth of cutting-edge scholarship, the Fifth Edition of America: A Concise History is designed to work perfectly with the way you teach the survey today. Building on the book's hallmark strengths — balance, explanatory power, and a brief-yet-comprehensive narrative — as well as its outstanding full-color visuals and built-in primary sources, authors James Henretta, Rebecca Edwards, and Robert Self have shaped America into the ideal brief book for the modern survey course, at a value that can't be beat. Read the preface.

Brief and affordable, yet careful not to sacrifice elements vital to student learning, America gives students and instructors everything they want, and nothing they don't. The authors' own abridgement preserves the hallmark explanatory power of the parent text, helping students to understand not only what happened, but why — so they're never left wondering what's important. A unique seven-part narrative structure highlights the crucial turning points in American history and explores the

dynamic forces shaping each period, facilitating students' understanding of continuity and change. The narrative is enriched and reinforced by vibrant full-color art, carefully crafted maps, and primary-source features in every chapter. The result is a brief book that, in addition to being an excellent price, is an excellent value.

America's History explains WHY events occurred, not just when. Students are provided an analytical and big-picture approach to American history with a plethora of support tools.

Salutary Neglect

The Questions of Our Past

America: A Concise History, Volume 2: Since 1865

Brief and affordable, yet careful not to sacrifice elements vital to student learning, America gives students and instructors everything they want — and nothing they don't. The authors' own abridgement preserves the hallmark explanatory power of the parent text, helping students to understand not only what happened but why — so they're never left wondering what's important. A unique seven-part narrative structure highlights the crucial turning points in American history and explores the dynamic forces shaping each period, facilitating students' understanding of continuity and change. The narrative is enriched and reinforced by vibrant full-color art and carefully crafted maps, which provide invaluable tools for student comprehension and enrichment. Two primary-source features in every chapter ensure that students understand historical events as they were viewed nationally and internationally. The result is a brief book that, in addition to being an excellent price, is an excellent value.

During the remarkably long period (1724-1754) that Thomas Pelham-Holles, Duke of Newcastle, served as England's secretary of state, private interests and the exigencies of domestic politics rather than a rational assessment of England's stake in America determined colonial policy. As no purposeful effort was made to administer the colonies' political life, they enjoyed in effect relatively little interference in their internal affairs. The reasons for this "salutary neglect" and the lack of a vigorous colonial program are analyzed now by James Henretta. His study, though focusing on the politics and patronage of the Duke, brings into view the entire range of men and agencies that had a hand in making colonial policy and dispensing patronage. It thus illuminates the political and administrative system that developed in England during the first half of the century and continued in effect at the time of the American Revolution. Originally published in 1972. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905. Studyguide for America: a Concise History, Volume Two: Since 1865 by James A. Henretta, ISBN 9780312643294

America a Concise History 2nd Edition + Student's Workbook for America a Concise

America: A Concise History, Volume Two: Since 1865

America: A Concise History, Volume One: To 1877

Using a thematic approach, this concise survey explores the many and varied threads of American history-social, intellectual, cultural, political, diplomatic, economic, and military-from the arrival of the first native American inhabitants thousand of years ago through the crisis following the terrorist attacks on New York and Washington on September 11, 2001. Irwin Unger, a Pulitzer Prize winning author, wrote this book after discovering from his own experiences teaching American History at the University of California at Davis and at NYU, that a thematic approach was much more interesting to students than a purely descriptive one. Known for its interpretive voice, balanced analysis, and brief-yet-comprehensive narrative, America: A Concise History helps students to make sense of it all while modeling the kind of thinking and writing they need to be successful. Offering more value than other brief books, America is competitively priced to save your students money, and features built-in primary sources and new ways of mastering the content so your students can get the most out of lecture and come to class prepared.

Designed for America's History, Ninth Edition, this two-volume primary source reader offers a chorus of voices from the past carefully selected to enrich the study of U.S. history. Five to six documents per chapter, ranging from speeches and political cartoons by celebrated historical figures to personal letters and diary entries by ordinary people, foster historical thinking skills while putting a human face on America's diverse history. To support the structure of the parent text, unique part document sets at the end of each part present sources that illustrate the major themes of each section. Brief introductions place each document in historical context, and questions for analysis help students practice historical thinking skills and link individual sources to larger themes.
