

## ***Hillel Friends Home Michigan Hillel***

Prospective college students and their parents have been relying on Loren Pope's expertise since 1995, when he published the first edition of this indispensable guide. This new edition profiles 41 colleges—all of which outdo the Ivies and research universities in producing performers, not only among A students but also among those who get Bs and Cs. Contents include: Evaluations of each school's program and "personality" Candid assessments by students, professors, and deans Information on the progress of graduates This new edition not only revisits schools listed in previous volumes to give readers a comprehensive assessment, it also addresses such issues as homeschooling, learning disabilities, and single-sex education.

The Life and Teachings of Hillel provides the most comprehensive treatment ever published of one of the greatest figures in Jewish tradition. Yitzhak Buxbaum weaves together the various stories about Hillel along with his teachings and sayings to develop this ground-breaking portrait, shedding new light on Hillel's illustrious career, fascinating life, and profound teachings. Hillel is one of the most important and popular of the talmudic sages, yet he is mostly known only in the context of two or three popular stories told about him. Such stories as teaching the 'Golden Rule' of Torah 'while standing on one foot,' and his saying, 'If I am not for myself, who will be for me, and if I am for myself alone, who am I,' have eclipsed a more complete view of Hillel's influence and significance. In the rabbinic tradition, there is much debate between the teachings of the school of Hillel and that of his contemporary, Shammai. Hillel is often seen as the more tolerant, softer teacher, with his teachings representing what we consider 'normative' Judaism. Often, the traditions passed down to modern times are a result of the rabbis' reconciliation of the two schools, so that Hillel's pure teachings have been lost. The Life and Teachings of Hillel separates out Hillel's teachings and looks at them independently of Shammai's. Studied on their own, it becomes evident that Hillel was actually much more radical and 'hasidic' than is commonly thought. While he is known for representing the gentler, more loving side of Judaism, in this work his pious radicalism is also apparent. Readers will be charmed and fascinated by Hillel's fiery gentleness. The Life and Teachings of Hillel offers new information about a radiant religious figure, and it also recovers a side of Jewish tradition that has been lost to most people.

The Death and Life of Dith Pran

The Life and Teachings of Hillel

An Authoritative and Popular Presentation of Jews and Judaism Since the Earliest Times

***The US journalist's account of his colleague's struggle to survive the Cambodian genocide—the basis for the Oscar-winning film The Killing Fields. On April 17, 1975, Khmer Rouge soldiers seized Phnom Penh—the capital of Cambodia—and began a brutal genocide that left millions dead. Dith Pran, a Cambodian working as an assistant to American reporter Sydney H. Schanberg, was a witness to these events. While his employer managed to escape across the border, Dith Pran fled into the Cambodian countryside—and into the heart of the massacre. The basis for the acclaimed movie The Killing Fields, this is the compelling account of the days before the fall of Phnom Penh. It's the story of one man's struggle for survival in a country that had become a death camp for millions of its citizens—and another man's failed efforts to keep his friend and colleague safe. Written within a year of the atrocities committed by the Khmer Rouge, it is a work of both historical and literary significance. Sydney H. Schanberg contributed a moving new foreword to this first eBook edition.***

Written by a sociologist and a journalist, *The Death of an American Jewish Community: A Tragedy of Good Intentions* recounts the death of a Boston community once residing among African-Americans and white ethnics. The frightening personal testimonies and blatant evidence of manipulated housing prices illustrate how inadequate regulation of banks can contribute to ethnic conflict and lives destroyed. "There were no winners," the authors warn. Hillel Levine and Lawrence Harmon believe that to be true for American cities in general. Had we learned from what went wrong in Boston — blockbusting by a group of banks, federal programs promoting mortgages to poor people, real estate brokers seeking quick profits —, perhaps the 2008 nationwide real estate meltdown could have been anticipated. The lessons from this book are essential for relations and urban affairs. "This candid, disturbing, and highly readable book recounts how Boston's working-class Jewish neighborhoods were transformed into economic black ghettos." — *The New Yorker* "Bankers and real-estate brokers still shape the dynamics of daily life in our fragile urban neighborhoods. Levine and Harmon movingly tell the human side of this often destructive process in their story of redlining and blockbusting in Boston during the 1960s. But their book is more than history. It is a lesson in how to prevent such a tragedy and improve our cities and neighborhoods, today and in the future." — Raymond L. Flynn, Mayor of Boston, President, U.S. Conference of Mayors "Levine and Harmon are committed to the goals of racial integration but are indignant over the brutality and unfairness that accompanied these orchestrations. Bankers and politicians are indicted here by e

and by supplementary research cited by the authors, who use their insiders' passion (Harmon was born and raised in Dorchester) and professional expertise to forever beef flavor of old Blue Hill Avenue. As much an elegiac memory book of old Jewish Boston as a searing indictment against her killers." — Kirkus Reviews "Combines the scholarship with the obsessive curiosity of good journalism" — J. Anthony Lukas, Author of Common Ground "What keeps a community alive? What are the social and h shape or stifle its aspirations? When does a community soar and when does it yield to resignation? These and other questions take on an urgency of their own in Hillel Harmon's perceptive, brilliant, and disturbing inquiry." — Elie Wiesel, University Professor and Andrew W. Mellon Professor in the Humanities, Boston University "Levine and I have written a prophetic indictment of the real estate speculation and elite indifference that, along with black crimes, destroyed Boston's most vibrant Jewish neighborhood. You will not return unchanged!" — Jim Sleeper, Author of The Closest of Strangers: Liberalism and the Politics of Race in New York City "A written and brilliantly illuminating portrait of the destruction of a vibrant Jewish community radically revises our understanding of the process of neighborhood change and breaks new ground in portraying the critical role of social class in American life and the powerful, if unconscious, class bias of Jewish communal leaders." — Charles E. Smith, Author of A Certain People: American Jews and Their Lives Today

In this "vivid and inspiring" NYT bestseller (Newsweek), the Red Hot Chili Peppers' lead singer and songwriter shares a searingly honest account of life in the rock scene, taking the darkness into the light. In 1983, four self-described "knuckleheads" burst out of the mosh-pitted mosaic of the neo-punk rock scene in L.A. with their own unique and hardcore mayhem funk. Over twenty years later, the Red Hot Chili Peppers, against all odds, have become one of the most successful bands in the world. Though the band has had many incarnations, Anthony Kiedis, the group's lyricist and dynamic lead singer, has been there for the whole roller-coaster ride. In Scar Tissue, Kiedis delivers a compelling portrait of a man "in love with everything" -- the darkness, the death, the disease. Even his descent into drug addiction was a part of that journey, another element transformed into art. Scar Tissue honors the influence of the beautiful, strong women who have been his muses or remembering the roaring crowds of Woodstock and the Dalai Lama's humble compassion. Scar Tissue is a compelling story about the price of success and excess. Scar Tissue is a story of dedication and debauchery, of intrigue and integrity, of recklessness and redemption. Scar Tissue has come out of the world of rock.

Struggles of Jewish Identity in a Pivotal Era

Born out of the popular blog Kale & Caramel, this sumptuously photographed and beautifully written cookbook presents eighty recipes for delicious vegan and vegetarian dishes featuring herbs and flowers, as well as luxurious do-it-yourself beauty products. Plant-whisperer, writer, and photographer Lily Diamond believes that herbs and flowers have the power to nourish inside and out. "Lily's deep connection to nature is beautifully woven throughout this personal collection of recipes," says award-winning vegetarian chef Amy Chaplin. Each chapter celebrates an aromatic herb or flower, including basil, cilantro, fennel, mint, oregano, rosemary, sage, thyme, lavender, jasmine, rose, and orange blossom. Mollie Katzen, author of the beloved Moosewood Cookbook, calls the book "a gift, articulated through a poetic voice, original and bold." The recipes tell a coming-of-age story through Lily's kinship with plants, from a sun-drenched Maui childhood to healing from heartbreak and her mother's death. With bright flavors, gorgeous scents, evocative stories, and more than one hundred photographs, Kale & Caramel creates a lush garden of experience open to harvest year round.

The author examines the Jewish experience of the past two hundred years in Bohemia and Moravia (the present day Czech Republic), including history, myth, demographics, biography, culture and politics.

Letters to an American Jewish Friend

Scripture reveals a God who has lavished many good gifts upon us in creation, healing, and relationships. In gratitude, we join with God to offer healing and hope to the world. This women's Bible study helps us learn ways to better appreciate the full range of God's goodness and how to share that goodness with others. The Abundant Faith: Women's Bible Study series encourages women to explore their faith and connect with God through theme-centered studies that relate to their everyday lives.

This is the English translation of the Memorial or Yizkor Book of the Jewish Community of Yurburg, Lithuania, originally published in 1991 in Hebrew and Yiddish. It also has an additional new 150-page appendix containing new material collected since the publication of the original book. Contains many new photographs to enhance the original book.

Abba Hillel Silver

Jewish Living in Metropolitan Detroit

Silver's writings and activities had a profound influence on American life, both religious and secular. Like William James, he believed the business of religion was to unlock people's inner resources. "Judaism's central and unique property" he wrote, "is the power to release faith and courage for living, to produce spiritual vitality and fruitfulness, and by that that it ultimately stands or falls." For power functioned two ways-as a support during crises and as a stimulus to high endeavours. This, of course, raises the question of whether religion is purely psychology or also philosophy, whether distance itself from the supernatural and remain, in fact, religion. Raphael deals with these questions in this challenging and provocative study.
