An award-winning journalist and longtime Hong Konger indelibly captures the place, its people, and the untold history they are claiming, just as it is being erased. The story of Hong Kong has long been dominated by competing myths: to Britain, a "barren rock" with no appreciable history; to China, a part of Chinese soil from time immemorial, at last returned to the ancestral fold. For decades, Hong Kong's history was simply not taught, especially to Hong Kongers, obscuring its origins as a place of refuge and rebellion. When protests erupted in 2019 and were met with escalating suppression from Beijing, Louisa Lim—raised in Hong Kong as a half-Chinese, half-English child, and now a reporter who has covered the region for nearly two decades—realized that she was uniquely positioned to unearth the city's untold stories. Lim's deeply researched and personal account casts startling new light on key moments: the British takeover in 1842, the negotiations over the 1997 return to China, and the future Beijing seeks to impose. Indelible City features guerrilla calligraphers, amateur historians and archaeologists, and others who, like Lim, aim to put Hong Kongers at the center of their own story. Wending through it all is the King of Kowloon, whose iconic street art both embodied and inspired the identity of Hong Kong—a site of disappearance and reappearance, power and powerlessness, loss and reclamation.

The aim of this book is to enable the student to read, write, and speak acceptable Israeli Hebrew and to understand less complex biblical Hebrew. A unique feature is the author's use of the principles of structural analysis. For students who are not acquainted with a language other than English, he elucidates those features of the language that are unfamiliar in the structure of English. The student is trained, from the first, to read "unvocalized" script as the native reader does, and "reading clues" (word and phrase patterns) are provided for this purpose. The work is organized into sections that can be worked through in an academic year—presentation of features, text samples, exercises, grammatical synopses, and individual and comprehensive glossaries. This text may be used by teachers without specialized training in linguistics. It can be used by self-teaching students as well as by those at college level, and it will valuable for immigrants to Israel.
