It began with a phone call to Brisbane police on 20 April 2012. Allison, wife of real-estate agent Gerard Baden-Clay, was missing. When investigating officers arrived at the family home, in one of the

city's wealthiest suburbs, a neatly dressed Gerard had been getting the couple's three daughters ready for school. Scratches on his face were shaving cuts, he told them. Police weren't so sure and opened one of Australia's biggest ever missing persons investigations. Ten days after Gerard reported Allison's disappearance, the body of the former beauty queen was discovered on a creek bank 14 kilometres from home. The Murder of Allison Baden-Clay is written by the investigative journalist who covered the case from the start. It weaves together exclusive interviews and police and court records to

tables. The fascinating history of Saab and Lotus begins with their humble beginnings and examines each model in detail and looks at why these unusual marques came under the GM Banner. Included is a penetrating review of Saab through to its unfortunate demise. Volume Two examines unique models and variations of Chevrolet and Buick manufactured in the Southern Hemisphere and Asia but never offered in North America. Daewoo, Wuling and Baojun are other Asian brands covered in detail. This volume concludes with recording the remarkable early success of Holden and its continued independence through to today. Volume Three covers the smaller assembly operations around the world and the evolution of GM's export operations. A brief history of Isuzu,

Cincinnati Magazine taps into the DNA of the city, exploring shopping, dining, living, and culture and giving readers a ringside seat on the issues shaping the region. The eighth book in the NYT bestselling Expanse series, Tiamat's Wrath finds the crew of the Rocinante fighting an underground war against a nearly invulnerable authoritarian empire, with James Holden a prisoner of the enemy. Now a Prime Original series. Thirteen hundred gates have opened to solar systems around the galaxy. But as humanity builds its interstellar empire in the alien ruins, the mysteries and threats grow deeper. In the dead systems where gates lead to stranger things than alien planets, Elvi Okoye begins a

desperate search to discover the nature of a genocide that happened before the first human beings existed, and to find weapons to fight a war against forces at the edge of the imaginable. But the price of that knowledge may be higher than she can pay. At the heart of the empire, Teresa Duarte prepares to take on the burden of her father's godlike ambition. The sociopathic scientist Paolo Cort á zar and the Mephistophelian prisoner James Holden are only two of the dangers in a palace thick with intrigue, but Teresa has a mind of her own and secrets even her father the emperor doesn't guess. And throughout the wide human empire, the scattered crew of the Rocinante fights a brave rear-guard

What can we tell about the future of automobiles and industries that make them by examining their past?

Wormald and Rennick trace the history of powered land transport, the rise and fall of the railways, the spectacular rise of the automobile, and what might come next. Delving into the mighty and complex automotive industry, following the growth of the markets and production, this book illustrates the globalization of vehicle manufacturing.

and component suppliers, giving form to the development of the industry's business model. A key factor in an auto industry's successes and failures is the often-difficult relationship it has with government, which varies in nature from country to country. As an illustrative case study, Wormald and Rennick present and analyse the entire lifecycle of Australia's automotive history - including its birth, growth, functioning and death - and its shifting relationship with the government that supported it.
