Homoeopathic Materia Medica In Bengali

***Dr. E. A. Farrington s
Clinical Materia Medica is
more than 100 years old
book, and what a gem it is.
Though it is a very nicely
written book, it is not as
popular as Kent s Lectures
on Materia Medica. So, we at
B. Jain decided to revamp
this jewel.***

healing practices, this classic text on the science and art of homeopathic medicine remains ever relevant. Written at the turn of the twentieth century by a distinguished physician, its concepts of health and healing are still ahead of our time. Dr. Kent summarizes, interprets, and systematizes the traditions of homeopathy, offering insights into the essential characteristics of the healing process: how to take a case history, how to study the case, how to establish the hierarchy of symptoms in determining the appropriate remedy--and above all, how to decide what to do

Materia Medica

This is a path-breaking work from the house of one of the stalwarts. The book is divided into well-defined chapters which are further divided into easy-to-digest sub-sections. The broad division of the text is into four sections. Section I deals with History & Understanding the Language in general. Section II is about Communication -- Body language as communication, Communication skills, Intra-psycho communication, Silence and Characters of body language. Section III focuses on the core elements of body language like

Personal Appearance, Gestures, Posture and Stance, Facial expressions, Eye expressions, Voice and Intonation, Space and Distancing, Tactile Communication, Vocabulary and Universal gestures. Section IV takes care of homeopathic perspective including Clinical repertory and practical cases. The detailed text with illustrations under each and every section is indeed spellbinding and insightful. The author has thrown light over the minutest of expressions and has explained their significance from psychological, philosophical, spiritual and homeopathic point of view. The ultimate benefit of this book is that it widens and expands our consciousness at all levels. This

book has a different perspective of understanding not only the world around us but the world inside each of us. The leaves a long lasting impression on the mind and will help in increasing the ability of the physician to observe a peculiar expression in their patients. This book will also be useful to all teachers, doctors, psychologists, psychiatrists, students, businessmen, actors, lay persons and all those directly or indirectly related to homeopathy and concerned with the art of healing. The whole new world of possibilities and channels of prescribing has been explored and analysed through this book. This is the first ever complete treatise on the evolution and use of
