

## How Jerusalem Was Won Being The Record Of Allenbys Campaign In Palestine Illustrated Edition World War One In The Middle East Book 2

*When he visited Israel in 1975, Saul Bellow kept an account of his experiences and impressions. It grew into an impassioned and thoughtful book. As he wryly notes, "If you want everyone to love you, don't discuss Israeli politics." But discuss them is very much what he does. Through quick sketches and vignettes, Bellow evokes places, ideas, and people, reaching a sharp picture of contemporary Israel. The reader is offered a wonderful panorama of an ancient and modern world city. Like every other visitor to Israel, Bellow tumbles into "a gale of conversation." He loves it and he makes the reader feel at home. Bellow delights in the liveliness, the gallantry of Israeli life: people on the edge of history, an inch from disaster, yet brimming with argument and words. He delights not in tourist delusions but with a tough critical spirit: his Israel is pocked with scars and creases, and all the more attractive for it. Simply as a travel book, the reader finds remarkable descriptions, such as one in which Bellow finds "the melting air" of Jerusalem pressing upon him "with an almost human weight" Something intelligible is communicated by the earthlike colors of this most beautiful of cities. The impression that Bellow offers is that living in Israel must be as exhausting as it is exciting: a murderous barrage on the nerves. Israel, he writes, "is both a garrison state and a cultivated society, both Spartan and Athenian. It tries to do everything, to make provisions for everything. All resources, all faculties are strained. Unremitting thought about the world situation parallels the defense effort."*

Unlike some other reproductions of classic texts (1) We have not used OCR(Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.

Excerpt from How Jerusalem Was Won, Being the Record of Allenby's Campaign in Palestine This narrative of the work accomplished for civilisation by General Allenby's Army is carried only as far as the occupation of Jericho. The capture of that ancient town, with the possession of Jerusalem, secured the Holy City from any Turkish attempt to retake it. The book, in fact, tells the story of the twenty-third fall of Jerusalem, one of the most beneficent happenings of all wars, and marking an epoch in the wonderful history of the Holy Place which will rank second only to the advent of Christianity. All that occurred in the fighting on the Gaza-Beersheba line was part and parcel of the taking of Jerusalem, the freeing of which from four centuries of Turkish domination was the object of the first part of the campaign. The Holy City was the goal sought by every moment that goal had been attained all energies were concentrated upon driving the Turk out of the war, there was not a member of the Force, from the highest on the Staff to the humblest private in the ranks, who did not feel that Jerusalem was the greatest prize of the campaign. The First World War has often been understood in terms of the combat experiences of soldiers on the Western Front; those combatants who served in the other theatres of the war have been neglected. Using personal testimonies, official documentation and detailed research from a diverse range of archives, The British Imperial Army in the Middle East explores the combat experiences of these soldiers. The army that fought the Ottoman Empire was a multinational and multi-ethnic force, drawing personnel from across Britain's empire, including Australia, New Zealand, and India. By taking a transnational and imperial perspective on the First World War, this book ensures that the campaigns in Egypt and Palestine are considered in the wider context of an empire mobilised to fight a total and global war.
