practical guide to help you find, build, and keep the relationship of your dreams. Have you ever looked around and wondered, “Why has everyone found love except me?” You’re not the only one. Great relationships don’t just appear in our lives—they’re the culmination of a series of decisions, including whom to date, how to end it with the wrong person, and when to commit to the right one. But our brains often get in the way. We make poor decisions, which thwart us on our quest to find lasting love. Drawing from years of research, behavioral scientist turned dating coach Logan Ury reveals the hidden forces that cause those mistakes. But awareness on its own doesn’t lead to results. You have to actually change your behavior. Ury shows you how. This “simple-to-use guide” (Lori Gottlieb, New York Times bestselling author of *Maybe You Should Talk to Someone*) focuses on a different decision in each chapter, incorporating insights from behavioral science, original research, and real-life stories. You’ll learn: -What’s holding you back in dating (and how to break the pattern) -What really matters in a long-term partner (and what really doesn’t) -How to overcome the perils of online dating (and make the apps work for you) -How to meet more people in real life (while doing activities you love) -How to make dates fun again (so they stop feeling like job interviews) -Why “the spark” is a myth (but you’ll find love anyway) This “data-driven” (Time), step-by-step guide to relationships, complete with hands-on exercises, is designed to transform your life. York Times essay, "To Fall in Love with Anyone, Do This," explores the romantic myths we create and explains how they limit our ability to achieve and sustain intimacy. What really makes love last? Does love ever work the way we say it does in movies and books and Facebook posts? Or does obsessing over those love stories hurt our real-life relationships? When her parents divorced after a twenty-eight year marriage and her own ten-year relationship ended, those were the questions that Mandy Len Catron wanted to answer. In a series of candid, vulnerable, and wise essays that takes a closer look at what it means to love someone, be loved, and how we present our love to the world, "Catron melds science and emotion beautifully into a thoughtful and thought-provoking meditation" (Bookpage). She delves back to 1944, when her grandparents met in a coal mining town in Appalachia, to her own dating life as a professor in Vancouver. She uses biologists' research into dopamine triggers to ask whether the need to love is an innate human drive. She uses literary theory to show why we prefer certain kinds of love stories. She urges us to question the unwritten scripts we follow in relationships and looks into where those scripts come from. And she tells the story of how she decided to test an experiment that she'd read about—where the goal was to create intimacy between strangers using a list of thirty-six questions—and ended up in the surreal situation of having millions of people following her brand-new relationship. "Perfect fodder for the romantic and the cynic in all of us" (Booklist), *How to Fall in Love with Anyone* flips the script on love. "Clear-eyed and full of heart, it is mandatory reading for anyone coping with—or curious about—the challenges of contemporary courtship" (The Toronto Star).

We plan, as the old proverb says, and God laughs. But most of us don't find it all that funny when things go wrong. Most of us want love, a nice home, good work, and happy children. Many of us grew up with parents who made these things look relatively easy and assumed we would get them, too. So what do you do if you don't? What do you do when you feel you've messed it all up and your friends seem to be doing just fine? For Christina Patterson, it was her job as a journalist that kept her going through the ups and downs of life. And then she lost that, too. Dreaming of revenge and irritated by self-help books, she decided to do the kind of interviews she had never done before. The resulting conversations are surprising, touching and often funny. There's Ken, the first person to be publicly fired from a FTSE-100 board. There's Winston, who fell through a ceiling onto a purple coffin. There's Louise, whose baby was seriously ill, but who still worried about being fat. And through it all, there's Christina, eating far too many crisps as she tries to pick up the pieces of her life. *The Art of Not Falling Apart* is a joyous, moving, and sometimes shockingly honest celebration of life as an adventure, one where you ditch your expectations, raise a glass, and prepare for a rocky ride.

Cam Campbell, a football player, has a crush on Ellen Foster, the photography girl. In their high school photography class, Cam and Ellen are assigned to work on a project with Laura, an Irish girl, and Patrick. This causes the dynamics of the group to be strained. Ellen has cerebral palsy and is always prone to falling. Soon she is hurt in a fall, breaking both of her legs, and the two boys who were involved, one of them Cam, are to blame. *How to Not Die Alone*

"A fresh way of thinking about spirituality that grows throughout life. In Falling Upward, Fr. Richard Rohr seeks to help readers understand the tasks of the two halves of life and to show them that those who have fallen, failed, or "gone down" are the only ones who understand "up." Most of us tend to think of the second half of life as largely about getting old, dealing with health issues, and letting go of life, but the whole thesis of this book is exactly the opposite.? What looks like falling down can largely be experienced as "falling upward."? In fact, it is not a loss but somehow actually a gain, as we have all seen with elders who?have come to their fullness.?? Explains why the second half of life can and should be full of spiritual richness Offers a new view of how spiritual

growth happens loss is gain Richard Rohr is a regular contributing writer for Sojourners and Tikkun magazines This important book explores the counterintuitive message that we grow spiritually much more by doing wrong than by doing right."--

Slips, trips and falls are a chronic health problem in the US and around the world. Fall injuries are the number one cause of emergency room visits and the fourteenth leading cause of death in the US. The average person is 7 times more likely to die from a fall than from the flu and 3 times more likely to die from a fall than by a firearm. Since 1999, we have reduced deaths from heart disease 15%. Deaths caused by auto accidents are down 12%. But during that same time period deaths from falls have increased over 150%. Both injuries and deaths caused by falls are at record highs and the problem continues to grow. We've learned how to fix the human heart and we have made driving safer. Now is the time to focus on preventing fall injuries. The good news is that fall injuries are preventable. Everyone falls, but falls don't just

happen, they're preceded by other events. When you eliminate those events, you reduce the risk of falling. Stop the Slip shows how you can avoid these injuries. Following the simple five step A-L-E-R-T System(TM) discussed in the book you will reduce your risk of falling. Thom Disch provides an entertaining and engaging look at: Why we fall; where we fall; the business side of falls; and most importantly how we can prevent and avoid fall injuries. The book is a comprehensive mix of research on the topic of falls and fall injuries mixed with real world stories and experiences about falls and their consequences. As you read this book you'll also discover many interesting and surprising facts. For example: -Fall injuries are not just a problem for the elderly. 75% of all fall injuries happen to people under the age of 68. -The annual economic impact of fall injuries in the US exceeds \$150 billion, or more than 1% of our gross domestic product. -Falls are the number one cause of traumatic brain injuries. -Winter weather appears to be a much smaller cause of fall deaths than you might expect. -Falls cause nearly 4 times more emergency room visits than auto accidents. This is a topic that affects everyone. Reading this book is the first

I'm the selfish one. I suppose that's the nicest thing people say about me. I've heard the other things, too. "Paige Owens is a pretty girl with nothing else to offer. She's just a good time at a party. She's stupid, heartless, cold and useless. All she cares about is getting a guy to look at her. Why would anyone want to be her friend?" Some of those things are true. Others were true. They're all hurtful. None of it matters. I'm ready to make the hard choices. I'm ready to face the consequences. I'm ready to be the girl I was before, and I'm done being the one who lost her way. I'm ready to become the girl Houston Orr sees when he looks at me. Houston isn't a star athlete. He doesn't play in a band. He's never going to be president, and his life is so far away from simple and easy it isn't even funny. He wasn't part of my plan. But I'm starting to think plans are overrated, and maybe our stories are what we make them. And mine depends entirely on me, and the choices I make...starting now. Houston is my fairytale. He's perfectly imperfect. He's poetry and life. He's truth and heartbreak, all rolled up in a tall body with dark hair, broad shoulders and green eyes that lull me into

submission. He's nothing I ever thought I wanted, but the very thing I need. He's the only guy I've ever really loved, and he thinks I'm a princess. I fell into him, and now I'm holding on. But sometimes life takes away our ability to choose. Sometimes...things aren't in your control. Sometimes, it hurts to be selfless. My only hope is that when it comes time to choose, I get it right. Welcome to my once upon a time and wish for happily ever after.

wasn't meant to last forever. • We are so consumed with making The Karmic Love work that we often fail to question whether it should work. As painful as it is to accept, this love that felt so right in the beginning is actually all wrong. • The Twin Flame comes into our lives and often we don't even know it's love because . . . it's too easy. This is the love who helps us to accept ourselves just as we are because this is precisely what they do. In *You Only Fall in Love Three Times*, Kate Rose shows us that happy endings may not happen quite the way they do in fairytales-- but they happen nonetheless.

Neither of them wants a rebound relationship, but it's hard to stay away when you're next-door neighbors. So what if the guy Addison Sparks had a crush on when she was thirteen just so happens to be her next-door neighbor when she moves across the country for a fresh start? And so what if she embarrasses herself in front of him... Repeatedly. If Ian Kendrick hadn't grown up to be so good-looking, kind to his grandma, skilled at carpentry, and completely dateable, then it wouldn't be so difficult to stay away from him. Addison is just getting over a breakup, though, and Ian is, too. She doesn't need the kind of awkwardness that would come from living next to someone who would surely be just a rebound if they ever dated. Nope. What she needs is to make a list to constantly remind herself how to not fall for the guy next door. If you like your romances with plenty of humor and heart, you'll love *How to Not Fall for the Guy Next Door*. Scroll up and one-click your copy today!

wants, how she wants it, and definitely isn't afraid to go get it. Her bold personality is how she expanded her YouTube audience to over two million subscribers. If she were to fall in love, it'd have to be with the right guy—someone who is easy-going, chill, and up for anything. So, basically, everything that Roman Powell is not. Roman is every bit as strong-willed and driven as Bex is. With him at the helm of his company, he grew it enough to earn him a spot on the cover of Business Success magazine's Top 10 Young (and Single) CEOs edition. But he isn't stoked about the unwanted attention on his personal life. Between Bex's viewers begging her to interview the drool-worthy CEO and Roman's staff being convinced that Bex has an audience that's perfect for their new app, Bex and Roman agree to work closely for a four-part interview. Unfortunately, they've met before, and they know enough about each other that neither is thrilled about working together. Despite her viewers' very vocal support of the two of them dating, Bex is still convinced she'll have no problem at all not falling for the wrong guy.

Cinderella and Prince Charming shared a bed after their happily ever after wedding, right? After all, isn't that what happy, loving partners do? 'Not always, in fact, not often,' says Jennifer Adams, the author of *Sleeping Apart (Not Falling Apart): How to Get a Good Night's Sleep and Keep Your Relationship Alive*. She believes that sleeping together can often cause more sleep deprivation amongst couples than anything except a newborn baby. Many couples have difficulty sleeping in the same bed as a result of one partner's disruptive behaviours such as snoring, restlessness, or a preference for watching TV and/or reading late into the night. *Sleeping Apart, Not Falling Apart* offers couples practical solutions to having

separate beds or bedrooms while maintaining a loving and caring relationship.

An “extremely intelligent, witty, nerdy, and oh-my-god over-the-top sexy” debut novel—first in a New Adult romance series (Fresh Fiction). Data, research, scientific formulae—Annabelle Coffey is completely at ease with all of them. Men, not so much. But that’s all going to change after she asks Dr. Charles Douglas, the postdoctoral fellow in her lab, to have sex with her. Charles is not only beautiful, he is also adorably awkward, British, brilliant, and nice. What are the odds he’d turn her down? Very high, as it happens. Something to do with that whole student/teacher/ethics thing. But in a few weeks, Annie will graduate. As soon as she does, the unlikely friendship that’s developing between them can turn physical—just until Annie leaves for graduate school. Yet nothing could have prepared either Annie or Charles for chemistry like this, or for what happens when a simple exercise in mutual pleasure turns into something as exhilarating and infernally complicated as love. “The smart characters and Annie’s earnestness as a heroine are so refreshing.” —Smart Bitches, Trashy Books

NEW YORK TIMES EDITORS’ CHOICE • A deeply reported, searingly honest portrait of the death penalty in Texas—and what it tells us about crime and punishment in America “If you’re one of those people who despair that nothing changes, and dream that something can, this is a story of how it does.”—Anand Giridharadas, The New York Times Book Review **WINNER OF THE J. ANTHONY LUKAS AWARD** In 1972, the United States Supreme Court made a surprising ruling: the country’s death penalty system violated the Constitution. The backlash was swift, especially in Texas, where executions were considered part of the cultural fabric, and a dark history of lynching was masked by gauzy visions of a tough-on-crime frontier. When

executions resumed, Texas quickly became the nationwide leader in carrying out the punishment. Then, amid a larger wave of criminal justice reform, came the death penalty's decline, a trend so durable that even in Texas the punishment appears again close to extinction. In *Let the Lord Sort Them*, Maurice Chammah charts the rise and fall of capital punishment through the eyes of those it touched. We meet Elsa Alcala, the orphaned daughter of a Mexican American family who found her calling as a prosecutor in the nation's death penalty capital, before becoming a judge on the state's highest court. We meet Danalynn Recer, a lawyer who became obsessively devoted to unearthing the life stories of men who committed terrible crimes, and fought for mercy in courtrooms across the state. We meet death row prisoners—many of them once-famous figures like Henry Lee Lucas, Gary Graham, and Karla Faye Tucker—along with their families and the families of their victims. And we meet the executioners, who struggle openly with what society has asked them to do. In tracing these interconnected lives against the rise of mass incarceration in Texas and the country as a whole, Chammah explores what the persistence of the death penalty tells us about forgiveness and retribution, fairness and justice, history and myth. Written with intimacy and grace, *Let the Lord Sort Them* is the definitive portrait of a particularly

American institution.
