movements. Drawing, and coloring books are a great exercise for

developing manual skills. -

Concentration and creativity -

drawing requires concentration on one activity for a long time, the child learns about shapes, pictures, and characters by presenting them in different situations. These activities deepen knowledge, develop imagination, and memory. -

Encourages Visual Analysis - Young children do not yet understand some concepts that you may take for granted, such as distance, size comparison, and textural differences. Drawing provides the perfect opportunity for your child to learn these concepts in a deliberate
