scientist readers to allow for easier reading Obsessed with the secret of creation, Swiss scientist Dr. Victor Frankenstein cobles together a body he's determined to bring to life. And one fateful night, he does. When the creature opens his eyes, the doctor is repulsed: his vision of perfection is, in fact, a hideous monster. Dr. Frankenstein abandons his creation, but the monster won't be ignored.

setting in motion a chain of violence and terror that shadows Victor to his death. Mary Shelley's Frankenstein, a gripping story about the ethics of creation and the consequences of trauma, is one of the most influential Gothic novels in British literature. It is as relevant today as it is haunting. The beloved New York Times bestselling author reflects on home, family, friendships and writing in this deeply personal collection of essays. "The elegance of Patchett's prose is seductive and inviting; with Patchett as a guide, readers will really get to grips with the power of struggles, failures, and triumphs alike." —Publisher's Weekly "Any story that starts will also end." As a writer, Ann Patchett knows what the outcome of her fiction will be. Life, however, often takes turns we do not see coming. Patchett ponders this truth in these wise essays that afford a fresh and intimate look into her mind and heart. At the center of These Precious Days is the title essay, a surprising and moving meditation on an unexpected friendship that explores "what it means to be seen, to find someone with whom you can be your best and most complete self." When Patchett chose an early galley of actor and producer Tom Hanks' short story collection to read one night before bed, she had no idea that this single choice would be life changing. It would introduce her to a remarkable woman—Tom's brilliant assistant Sooki—with whom she would form a profound bond that held monumental consequences for them both. A literary alchemist, Patchett plumbs the depths of her experiences to create gold: engaging and moving pieces that are both self-portrait and landscape, each vibrant with emotion and rich in insight. Turning her writer's eye on her own experiences, she transforms the private into the universal, providing us all a way to look at our own worlds anew, and reminds how fleeting and enigmatic life can be. From the enchantments of Kate DiCamillo's children's books (author of The Beatryce Prophecy) to youthful memories of Paris; the cherished life gifts given by her three fathers to the unexpected influence of Charles Schultz's Snoopy; the expansive vision of Eudora Welty to the importance of knitting, Patchett connects life and art as she illuminates what matters most. Infused with the author's grace, wit, and warmth, the pieces in These Precious Days resonate deep in the soul.

leaving an indelible mark—and demonstrate why Ann Patchett is one of the most celebrated writers of our time.

NEW YORK TIMES BESTSELLER • The groundbreaking investigation of how the global elite's efforts to "change the world" preserve the status quo and obscure their role in causing the problems they later seek to solve. An essential read for understanding some of the egregious abuses of power that dominate today's news. "Impassioned.... Entertaining reading." —The Washington Post Anand Giridharadas takes us into the inner sanctums of a new gilded age, where the rich and powerful fight for equality and justice any way they can—except ways that threaten the social order and their position atop it. They rebrand themselves as saviors of the poor; they lavishly reward "thought leaders" who redefine "change" in ways that preserve the status quo; and they constantly seek to do more good, but never less harm. Giridharadas asks hard questions:

Why, for example, should our gravest problems be solved by the unelected upper crust instead of the public institutions it erodes by lobbying and dodging taxes? His groundbreaking investigation has already forced a great, sorely needed reckoning among the world's wealthiest and those they hover above, and it points toward an answer: Rather than rely on scraps from the winners, we must take on the grueling democratic work of building more robust, egalitarian institutions and truly changing the world—a call to action for elites and everyday citizens alike.

A New Translation From The French By Marion Wiesell Born in Sighet, Transylvania, Elie Wiesell was a teenager when he and his family were taken from their home in 1944 and deported to the Auschwitz concentration camp, and then to Buchenwald. Night is the terrifying record of Elie Wiesell's memories of the death of his family, the death of his own innocence, and his despair as a deeply observant Jew confronting the absolute evil of the Holocaust. This new translation by his wife and most frequent translator, Marion Wiesell, corrects important details and presents the most accurate rendering in English of Elie Wiesell's seminal work.

American Book Award Winner: A "moving, intimate" account of serving as a translator for undocumented children facing deportation (The New York Times Book Review). Nonfiction Finalist for the Kirkus Prize Finalist for National Book Critics Circle Award for Criticism Structured around the forty questions volunteer worker Valeria Luiselli translates from a court system form and asks undocumented Latin American children facing deportation, Tell Me How It Ends humanizes these young migrants and highlights the contradiction between the idea of America as a fiction for immigrants and the reality of racism and fear—here and back home. "Luiselli's prose is always lush and astute, but this long essay, which borrows its framework from questions on the cold, bureaucratic work sheets with which she became so familiar (for example, 'Did anything happen on your trip to the U.S. that scared or hurt you?'), is teeming with urgency...In this slim volume about the spectacular failure of the American Dream, she tells the stories of the unnamed children she's encountered and their fears and desires, as well as her own family's immigration story." —Vulture "Worthy of inclusion in a great American (and international) canon of writing about migration." —Texas Observer "A powerful indictment of American immigration policy, [Tell Me How It Ends] examines a system that has failed child refugees in particular." —Financial Times "Masterfully blends journalism, auto/biography, and political history into a compelling and cohesive narrative. . . . Luiselli uses the personal to get political but smartly sidesteps identity politics to focus on policy instead."—The Rumpus

Why do you Read Like a Writer (RLW) you work to identify some of the choices the author made so that you can better understand how such choices might arise in your own writing. The idea is to carefully examine the things you read, looking at the writerly techniques in the text in order to decide if you might want to adopt similar (or the same) techniques in your writing. You are reading to learn about writing. Instead of reading for content or to better understand the ideas in the writing (which you will automatically do to some degree anyway), you are trying to understand how the piece of writing was put together by the author and what you can learn about writing by reading a particular text. As you read in this way, you think about how the choices the author made and the techniques that he/she used are influencing your own responses as a reader. What is it about the way this text is written that makes you feel and respond the way you do?

A book to raise the spirits and warm the heart. Includes the famous Kindergarten essay that was read on the floor of the U.S. Senate.

This book combines film studies with urban theory in a spatial exploration of twentieth century Los Angeles. Configured through the dark lens of noir, the author examines an alternate urban history of Los Angeles forged by the fictional modes of detective fiction, film noir and neo noir. Dark portrayals of the city are analyzed in Raymond Chandler's crime fiction through to key films like Double Indemnity (1944) and The End of Violence (1997). By employing these fictional elements as the basis for historicising the city's unrivalled urban form, the analysis demonstrates an innovative approach to urban historiography. Revealing some of the earliest tendencies of postmodern expression in Hollywood cinema, this book will be of great relevance to students and researchers working in the fields of film, literature, cultural and urban studies. It will also be of interest to scholars researching histories of Los Angeles and the American noir imagination.

Golding's iconic 1954 novel, now with a new foreword by Lois Lowry, remains one of the greatest books ever written for young adults and an unforgettable classic for readers of any age. This edition includes a new Suggestions for Further Reading by Jennifer Buehler. At the dawn of the next world war, a plane crashes on an uncharted island, stranding a group of schoolboys. At first, with no adult supervision, their freedom is something to celebrate. This far from civilization they can do anything they want. Anything. But as order collapses, as strange howls echo in the night, as terror begins its reign, the hope of escape seems as far removed from reality as the hope of being rescued.

Okonkwo is the greatest warrior alive, famous throughout West Africa. But when he accidentally kills a clansman, things begin to fall apart. Then Okonkwo returns from exile to find missionaries and colonial governors have arrived in the village. With his world thrown radically off-balance he can only hurtle towards tragedy. Chinua Achebe's stark novel reshaped both African and world literature. This arresting parable of a proud but powerless man witnessing the ruin of his people begins Achebe's landmark trilogy of works chronicling the fate of one African community, continued in Arrow of God and No Longer at Ease.

The return to religion has perhaps become the dominant cliché of contemporary theory, which rarely offers anything more than an exaggerated echo of a political reality dominated by religious war. Somehow, the secular age seems to have been replaced by a new era, where political action flows directly from metaphysical conflict. The Faith of the Faithless asks how we might respond. Following Critchley's Infinitely Demanding, this new book builds on its philosophical and political framework, also venturing into the questions of faith, love, religion and violence. Should we defend a version of secularism and quietly accept the slide into a form of theism—or is there another way? From Rousseau's politics and religion to the return to St. Paul in Taubes, Agamben and Badiou, via explorations of politics and original sin in the work of Schmitt and John Gray, Critchley examines whether there can be a faith of the faithless, a belief for unbelievers. Expanding on his debate with Slavoj Žižek, Critchley concludes with a meditation on the question of violence, and the limits of non-violence.

Escape Essay Hell! is a fast-and-easy guide to writing narrative-style essays for college application essays. Janine Robinson, an English teacher and professional writer who has tutored college-bound students on these essays for years, acts as a personal writing coach to guide and cheer students through this dreaded process. College admissions "experts" tell students to "Tell a story," or "Make the essay about you," or "Be an individual." And this is all correct. But no one ever explains exactly HOW they can do this. Until now. In her motivating guide, Janine takes students through 10 simple steps to find engaging topics and then craft compelling essays using storytelling writing techniques. Students will learn how to identify their unique defining qualities, write engaging mini-stories called anecdotes, and use a powerful Show and Tell writing formula. Escape Essay Hell! can help students write personal statements and respond to prompts for The Common Application, public university, private college, supplemental, graduate school and scholarship essays. By following these informative and inspiring steps, students will escape Essay Hell in no time at all—and have their best shot at landing in their dream school!

Fully updated since publication in 2007, and with extended and revised sections in key areas such as plagiarism & Copyright, and Citing & Referencing, How to write Essays & Assignments will allow a student to assess and address their particular weaknesses in planning and writing great academic essays and delivers detailed tips, techniques and strategies to enable them to significantly improve their abilities and performance in time to make a difference.

Writing an amazing college admission essay is easier than you think! So you're a high school senior given the task of writing a 650-word personal statement for your college application. Do you tell the story of your life, or a story from your life? Do you choose a single moment? If so, which one? The options seem endless. Lucky for you, they're not. College counselor Ethan Sawyer (aka The College Essay Guy) will show you that there are only four (really, four!) types of college admission essays. And all you have to do to figure out which type is best for you is answer two simple questions: 1. Have you experienced significant challenges in your life? 2. Do you know what you want to be or do in the future? With these questions providing the building blocks for your essay, Sawyer guides you through the rest of the process, from choosing a structure to revising your essay, and answers the big questions that have probably been keeping you up at night: How do I brag in a way that doesn't sound like bragging? and How do I make my essay, like, deep? Packed with tips, tricks, exercises, and sample essays from real students who got into their dream schools, College Essay Essentials is the only college essay guide to make this complicated process logical, simple, and (dare we say it?) a little bit fun.

The New York Times–bestselling author of Find Me and Call Me by Your Name returns to the essay form with his collection of thoughts on time, the creative mind, and great lives and works Irealis moods are a category of verbal moods that indicate that certain events have not happened, may never happen, or should or must or are indeed desired to happen, but for which there is no indication that they will ever happen. Irealis moods are also known as counterfactual moods and include the conditional, the subjunctive, the optative, and the imperative—all best expressed in this book as the might-be and the might-have-been. One of the great prose stylists of his generation, André Aciman returns to the essay form in Homo Irealis to explore what time means to artists who cannot grasp life in the present. Irealis moods are not about the present or the past or the future; they are about what might have been but never was but could in theory still happen. From meditations on subway poetry and the temporal resonances of an empty Italian street to considerations of the lives and work of Sigmund Freud, C. P. Cavafy, W. G. Sebald, John Sloan, Éric Rohmer, Marcel Proust, and Fernando Pessoa and portraits of cities such as Alexandria and St. Petersburg, Homo Irealis is a deep reflection on the imagination's power to forge a zone outside of time's intractable hold.

*Ever since its first publication in 1992, The End of History and the Last Man has provoked controversy and debate. Francis Fukuyama's prescient analysis of religious fundamentalism, politics, scientific progress, ethical codes, and war is as essential for a world fighting fundamentalist terrorists as it was for the end of the Cold War. Now updated with a new afterword, The End of History and the Last Man is a modern classic.*

*“What the Communist Manifesto is to the capitalist world, Annihilation of Caste is to India.”—Anand Teltumbde, author of The Persistence of Caste B.R. Ambedkar's Annihilation of Caste is one of the most important, yet neglected, works of political writing from India. Written in 1936, it is an audacious denunciation of Hinduism and its caste system. Ambedkar – a figure like W.E.B. Du Bois – offers a scholarly critique of Hindu scriptures, scriptures that sanction a rigidly hierarchical and iniquitous social system. The world's best-known Hindu, Mahatma Gandhi, responded publicly to the provocation. The hatchet was never buried. Arundhati Roy introduces this extensively annotated edition of Annihilation of Caste in “The Doctor and the Saint,” examining the persistence of caste in modern India, and how the conflict between Ambedkar and Gandhi continues to resonate. Roy takes us to the beginning of Gandhi's political career in South Africa, where his views on race, caste and imperialism were shaped. She tracks Ambedkar's emergence as a major political figure in the national movement, and shows how his scholarship and intelligence illuminated a political struggle beset by sectarianism and obscurantism. Roy breathes new life into Ambedkar's anti-caste utopia, and says that without a Dalit revolution, India will continue to be hobbled by systemic inequality.*

Their Eyes Were Watching God is a 1937 novel by African-American writer Zora Neale Hurston. It is considered a classic of the Harlem Renaissance of the 1920s, and it is likely Hurston's best known work.

"[An American Childhood] combines the child's sense of wonder with the adult's intelligence and is written in some of the finest prose that exists in contemporary America. It is a special sort of memoir that is entirely successful...This new book is [Annie Dillard's] best, a joyous ode to her own happy childhood." — Chicago Tribune A book that instantly captured the hearts of readers across the country, An American Childhood is Pulitzer Prize-winning author Annie Dillard's poignant, vivid memoir of growing up in Pittsburgh in the 1950s and 60s. Dedicated to her parents - from whom she learned a love of language and the importance of following your deepest passions - this narrative tale will resonate for everyone who has ever recalled with longing playing baseball on an endless summer afternoon, caring for a pristine rock collection, or knowing in your heart that a book was written just for you.

*A sharp and provocative new essay collection from the award-winning author of Freedom and The Corrections The essayist, Jonathan Franzen writes, is like "a fire-fighter, whose job, while everyone else is fleeing the flames of shame, is to run straight into them." For the past twenty-five years, even as his novels have earned him worldwide acclaim, Franzen has led a second life as a risk-taking essayist. Now, at a moment when technology has inflamed tribal hatreds and the planet is beset by unnatural calamities, he is back with a new collection of essays that recall us to more humane ways of being in the world. Franzen's great loves are literature and birds, and The End of the End of the Earth is a passionate argument for both. Where the new media tend to confirm one's prejudices, he writes, literature "invites you to ask whether you might be somewhat wrong, maybe even entirely wrong, and to imagine why someone else might hate you." Whatever his subject, Franzen's essays are always skeptical of received opinion, steeped in irony, and frank about his own failings. He's frank about birds, too (they kill "everything imaginable"), but his reporting and reflections on them—on seabirds in New Zealand, warblers in East Africa, penguins in Antarctica—are both a moving celebration of their beauty and resilience and a call to action to save what we love. Calm, poignant, carefully argued, full of wit, The End of the End of the Earth provides a welcome breath of hope and reason.*
