This is everything you ever wanted to know about the pelvis but were afraid to ask. Louis Schultz examines the male pelvis under the dual lens of culture and science. North American culture prizes male strength, upper-body bulk, and muscularity, but ignores male genitalia for anything other than sexual function. The author strives to increase knowledge of this body region with a guide to male pelvic anatomy and a discussion of male sexual pleasure and satisfaction.

The Cialis effective Drug guide used for treating erectile dysfunction, boost libido and increase sex drive for ultimate sexual satisfaction with an unbeatable lasting duration.Cialis is a drug used to treat men with erectile dysfunction (also known as sexual impotence). Cialis is a drug that belongs to a class of medicines called phosphodiesterase 5 (PDE5) inhibitors. This drug prevents an enzyme called phosphodiesterase type-5 from working quickly. Erectile dysfunction can be said to be a condition where the penis does not expand and harden when a man is sexually excited, or when he cannot or finds it difficult to keep an erection. When a man is sexually stimulated and aroused, the man's normal body response is triggered to increase blood flow to his penis to produce that gives result to an erection. By taking control of the enzyme, Cialis helps to maintain the erection after the penis is stroked by increasing the flow of the blood to the penis. Without physical action on the penis, such as the one that occurs during sexual intercourse Cialis will not work to cause an erection.Today Cialis (Tadalafil) is considered the most effective drugs for boosting erection round the globe. Though it has similar effects to its competitors, such as Levitra (vardenafil) and Viagra (sildenafil), Cialis is considered the best not just because of its incredibly long-lasting effect, it also demonstrates its impact within thirty minutes of consumption and these special effects resulted to its unofficial name of a "weekend pill". That is when taken on a Friday evening it will work until Sunday morning. With these unique effects and a vast advertising campaign has resulted to a huge demand for this drug. However, the simple challenge is that not everyone knows how to take the pill correctly to attain the best results. BUY THIS BOOK NOW

Half of the world's population has one, the other half sometimes comes into contact with it, and yet a great deal of ignorance exists regarding the penis. Surprisingly many men think their penis is too short, even if it is above average in length. The fact that the morning erection is the last of eight nightly erections is a well-kept secret. Or that the foreskin, once unfolded, is as big as a postcard. Men always carry their penis with them, but they do not know it as well as they think. In this book, urologist Piet Hoebeke clarifies the mysteries of the male reproductive organ. Accessibly and humouristically written, Hoebeke explains the penis: Why do we have one? What does it do? How do I keep it fit and healthy? And of course: what to do when your foreskin gets stuck between the zipper of your pants?

Surviving the Dick Cliqe is finally here! This book opens with a very strong and colourul definition of the dick clique that will lead you into chapters about Holly Caplan's experiences as she rose through the male dominated corporate ranks in the medical device industry. It reviews her 20 years of stories, lessons and rules for the coming generation of women who dive into the deep waters of this still uncharted territory of the dick clique. Let her experiences and rules apply to whatever male dominated industry you may be venturing into or living in now. It is raw, honest and sexy -- and will definitely make you laugh.

Everyone knows what goes wrong. And everyone knows that it feels most satisfying when the people share an emotional attachment, ideally love. But plenty of people who love each other have sex that ranges from blah to lousy. Why? You can guide your sexual life in the healthy way you want with the techniques from the past to the present. All of these techniques are proven techniques. Without the use of medicines and additional products you can have the ideal size you want. In fact many of the techniques you will be learning were taught in ancient Asia by the Taoist (pronounced Dao-ist) as well as Kung Fu. We will also be stretching tendons and ligaments like they do in the martial arts and like a bodybuilder we will be building muscle as well.

An essential beginners guide for ladies who want an introduction to the FemDom scene or, indeed, for the curious male who is considering asking his partner to indulge his fantasy and wants to know what he may be letting himself in for. BDSM is becoming far more mainstream in these enlightened days and many women regularly come across references to it, finding that they want to know more about it, perhaps give it a try. FemDom is one aspect of the BDSM scene and this book tries to explain the concepts behind making a FemDom/malesub relationship work, providing some practical advice for the novice Domme about what to do and how to do it. Many of the activities described are put to use by Jenny in the "Jenny and John Series" of books described below. Remember: keep it safe, sane and consensual.

Safer Sexy is a raunchy, sizzling guide to gay sexuality, relationships, and the prevention of HIV and other sexually-transmitted diseases. Using explicit language and photographs, it gives straightforward information about how to have exciting and satisfying sex, safely.

This book has lots of actionable techniques on how to naturally increase the size and girth of your penis with no equipment. This might sound unpleasant but it's a fact: We are living in a masculine world. We are living in a world that is idolizing masculine values- even our own language indirectly conveys this fact. Many words and expressions such as "man up" that mean "be strong/brave" assert (though indirectly) how the world views masculinity. Among other issues such as general body physique, you'll find that masculinity is a goal. You want to be a man. You want to be a bodybuilder. You want to be a Kung Fu. We will also be stretching tendons and ligaments like they do in the martial arts and like a bodybuilder we will be building muscle as well. Obviously, your ego will be constantly bruised when the topic of penis sizes, sex and related topics come up. And even when you go to urinals and other men who are "gifted" well don't shy from holding theirs with pride for anyone who cares to look to see it, you will constantly feel bad about yourself and how lacking you are. Your self-confidence and self-esteem takes a nosedive, which subsequently affects other aspects of your life. If you are tired of being shy about your small penis and perhaps hate this book, I'll be focusing on the "member". Do you have doubts about your penis size? If your answer is a sorry "yes," don't worry. I will teach you how you make your penis larger (in girth and length) to change how you feel and think about yourself completely for the better. the natural way i.e. no tools/equipment needed!

In Praying For The Penis, you will find simple-to-read information about male sexual health issues. Covering issues like erectile dysfunction, male menopause and more, Crowder guides wives on how to support and guide their husband to better health. Throughout this in-depth guide, she gives wives' solutions on how to bring intimacy, passion and closeness back into their marriages.

Are you tired of your poor sexual performance? Then take your time to read and digest every word on this page...the next few minutes could change your life completely...note that this website will be closed down as soon as 100 people download this wonderful life changing, award winning information manual! The Secret On How You Can Last 20 Minutes Longer In Bed Starting From Tonight And Permanently End Sexual Embarrassment Because Of Poor Performance! I believe God gave us our sex organs to bond us together in pleasure, to keep us faithful to each. Sex matters more than most individuals will admit. Great sex is transcending, mind-bendingly satisfying experience for both players. However, most men suffer from severe handicap; we are easily aroused, too easily pleased. In a word, we are inclined to come to too quickly to satisfying our lovers. A fit young man can probably jack off in a matter of seconds; the girl looks up at you with a mixture of surprise and amusement...yeah she says it's okay, but deep down, she wishes you were hammering at her for hours. You know it, she knows it, and you can see it in her eyes. One Of The Major Things That Affect Men Is Premature Ejaculation Popularly Known As PE Imagine if you could control your ejaculation effortlessly. If you could easily go for 10 minutes, 20 minutes, even 30 minutes or more. How much would that improve your sex life? Wouldn't you feel more confident in bed and finally enjoy the whole sexual experience without having an uptight feeling? Imagine if you could fully satisfy your partner every time you make love. If you could last for as long as you need to give her screaming orgasm. If you could have that feeling of closeness and intimacy in your relationship. How much would that improve your relationship. Wouldn't thatmake you feel good? Or even proud? Friend, no matter what you've tried before, and no matter what they've told you. Premature Ejaculation CAN Be Cured. If you do NOT succeed in improving your ejaculatory control, with one treatment - DO NOT DESPAIR. This does NOT mean you are unable. If one treatment fails, it doesn't mean you failed. You are by no means sexually inadequate, just because you come quickly. Sexually speaking, you're OK in every way except that you come too fast. So, go for it. Our program can and will let you...Learn How To Impress And Attract Any Woman...Learn How To Enlarge Your Penis Safely 1-3 Inches...Learn The Secrets Of Dating And Meeting People Online...Learn How To Give The Best Orgasm Ever...Learn How To Make Sex Last Longer...Learn What To Eat To Have The Best Sex...And So Much More!
