The crafts in this book coordinate with each lesson in the Noah's Park Leader's Guide. Each craft activity is designed to help reinforce the Bible story the children have heard and participated in during the lesson. The craft is also designed to help the children and their parents extend the learning even further by linking it to activities they can do at home during the following week. Each craft activity in the book has a list of supplies which should be obtained prior to the session.

The Sacred Texts, a set of books created by the archangels of Heaven, have been kept locked away by the Creator since the early times of human history: the Book of Water crafted by Gabriel/Gabrielle, the Book of Fire forged by Michael, the Book of Earth made by Uriel, and the Book of Language created by Azrael. It is said that the last of those books, the one created by the very hands of Death Himself, is one of two keys to deciphering the language of the angels and with it the ability to control God and all known existence. For the past two hundred years, the Fallen Angel Lucifer has waited for the proper moment to strike, the proper moment to invade Avalon and take control of the Book of Azrael in hopes of defeating the Creator once and for all. Aware of imminent danger, Azrael tasks a single magic wielding mortal with entering Hell itself and destroying his Sacred Text. After becoming weakened in his determination to complete the task given to him by the Archangel of Death, Raven the Archmage finds that he must pass on the responsibilities of destroying The Book of Azrael to his insecure and often difficult apprentice, Jaguar. Follow Jaguar's arduous journey alongside his best friend Lion, and a mysterious earth wielding mage and his werewolf sister, as they travel through the halls of Perdition in hopes of keeping evil from gaining victory and throwing off the balance of all of Creation.The Sacred Text Series is a coming of age story that seamlessly weaves many ancient archetypes into a cohesive whole.

Enter a world where vampires, angels, demons, werewolves, magic, and human myths from a myriad of cultures collide.

Human Gods, Dark Matter, Galactic Love. More than fiction. Everything is possible...when man is God. Chris Mathews puts his life on hold in the eighth millennium and leaves behind his beloved wife Leanne to join Professor Andrew Reichstein and Hailey Missentra on a ride to a slipstream at the edge of a black hole. They plan exiting the stream a few seconds into the future to prove that time "emergence" is possible. However, they emerge into a time beyond their reckoning and find their worlds changed forever. Chris, in particular, must decide whether to travel even farther into the future, into an infinite future, when man becomes God, and seek the missing information that will bring his wife Leanne back to him. And what will this mean to his friends and their survival? But not all is as it seems and he starts questioning if the futuristic world's enigmatic Priest stands to benefit more than he will from his efforts. Who can you trust when the past is all you have?

A beautifully observed and moving account of love and the human spirit in the Soviet era In Soviet Russia the desire for freedom is also a desire for the freedom to love. Lovers live as outlaws, traitors to the collective spirit, and love is more intense when it feels like an act of resistance. Now entering middle age, an orphan recalls the fleeting moments that have never left him-a scorching day in a blossoming orchard with a woman who loves another; a furtive, desperate affair in a Black Sea resort; the bunch of snowdrops a crippled childhood friend gave him to give to his lover. As the dreary Brezhnev era gives way to perestroika and the fall of Communism, the orphan uncovers the truth behind the life of Dmitri Ress, whose tragic fate embodies the unbreakable bond between love and freedom. "Makein has been compared to Stendhal, Tolstoy and Proust; our best historians of the Soviet era queue up to pronounce him one of the finest living writers on the period; and he is regularly tipped to be among the contenders for the next Nobel in literature." -The Daily Telegraph

***Barring devastating accidents and disseminated cancer, man usually dies because of the failure of just one organ. Theoretically, through progressive replacement of failing organs, man could live forever and veritably spout the fountain of youth for the first time in history. However, a critical four-hour survival time between organ donor and recipient is a limiting factor for making organ replacement feasible. To start the fountain flowing, to offer transplantation on demand, and to anticipate over-flowing demands, would require one of the greatest discoveries of the decade-a simple means for organ preservation. Through meticulous research and happenstance, Dr. Frederick Middleton does indeed discover a unique freeze-dry formula to preserve organs without fracturing the cell walls, so invariably typical of any freezing or thawing process. But, as with all things good, a profiteering underworld soon corrupts the organ exchange business, garnering fortunes from trusting recipients who hopefully would give most anything they own for one just more fling at life. Within this milieu, this struggle for life, lies a stream of patients whose heart-rending stories question traditional concepts for dealing with the dying. UPDATED BIOGRAPHICAL INFORMATION Maurice S. ***Why French women of a certain age are the consummate hostesses, homemakers, and style icons--and how you can be, too. Frenchwomen--particularly those 40 and over--are role models for stylish and gracious living, what the French call l'art de vivre. American-born fashion journalist Tish Jett, who has studied these women for years, shared their beauty secrets in her first book, Forever Chic. Now she explores why Frenchwomen of a certain age are master hostesses and homemakers, expert practioners of les bonnes manières as well as everyday elegance, savoir-faire, and as a result, la joie de vivre. Jett explains how to entertain like a Frenchwoman, including a glimpse into the typical French larder from which a delicious meal can be thrown together with ease, to detailed instruction on laying a beautiful table and crafting a perfect cheese plate (did you know that when cutting from a wedge of cheese, slice from the back to the point, which is the "heart" of the cheese, and as such considered the best part and not to be lopped off so others cannot enjoy it). She explores everyday style and elegance, disclosing how to create that special bien dans sa peau (to feel good about oneself) sensation so coveted by Frenchwomen. Jett also shares the importance of discipline, which goes hand in hand with beauty--a well-ordered closet, be it for clothes or linens, translates to easy everyday elegance. With tips on adjusting your beauty and style regimes seasonally, charmingly packaged with color illustrations, Living Forever Chic is a delightful gift for the Francophile in your life.***

The prince of Gomorrah desperately seeks eternal life. With a large entourage, he sets off into the desert to find the wise sage, Wisdom. The prince is certain Wisdom can help. Wisdom stands firmly in his decision and drives the prince and his entourage into the desert. More than twenty years after Bill Bradley retired from the New York Knicks to become a United States senator, his account of twenty days in a pro basketball season remains a classic in sports literature. Unparalleled in its candor and intelligence, the book takes readers from the court to the locker room, to the loneliness of a motel in a strange city.

In this “fascinating and dangerous” Scottish noir, a detective scours Glasgow’s gritty streets for two missing teens in the wake of a rock star’s death (The Times, Book of the Month, UK). July 1973. The Glasgow drug trade is booming and Bobby March, the city’s own rock star hero, has just overdosed in a central hotel. But even that tragedy competes for headlines with the story of a thirteen-year-old girl who’s gone missing. As Det. Harry McCoy knows only too well, every hour that goes by makes the Alice Kelly case more of a lost cause. Meanwhile, the niece of McCoy’s boss has fallen in with a bad crowd and when she goes missing, McCoy is asked—off the books—to find her. McCoy has a hunch that there’s a connection between these events. But time to prove it is running out, the papers are out for blood, and the department wants results fast. Justice must be served. The third novel in the acclaimed Harry McCoy series combines a “breathless and tense retro crime caper” with a pitch-perfect depiction of 1970s Glasgow—its music, hard men, political infighting, class divisions, and the moral questions at its heart (The Sun, UK).

The Story of the Kelly Gang

How to Live Forever

Wanna Live Forever?

Man is born of eternal day, not because he wills or wishes it, not because he labors or strives toward it, not because he earns it as a reward, but simply because the Spirit has breathed life into him. And the Spirit which has breathed this life into him has breathed Its own Life and cannot unbreathe It or take It away. If we would only let go of our theological nonsense and let our soul commune with the Universe, it would tell us all these things because we already know them inwardly. All men are embodiments of God and the soul can no more be lost than God could be lost. What more can life demand of us than that we do the best we know, always trying to improve. And when we do this we shall have done well indeed, and all will be right with our souls, both here and hereafter. Wilder Publications is a green publisher. All of our books are printed to order. This reduces waste and helps us keep prices low while greatly reducing our impact on the environment.

The story highlights the battle between a man ’s aspirations and his happiness. It depicts a typical middle-class Indian family mindset. Throughout his life, Vinay has been taught to dream big and work hard. After years of tireless effort, he becomes a doctor but things turn sour as he starts to perceive unusual psychiatric symptoms. He falls victim to major psychiatric disorders, OCD and Depression. With each passing day life increasingly becomes a burden on him. He loses his loved ones. He takes few futile attempts to balance work and life, but nothing works out. It is when he turns absolutely distraught that he decides to end his life. But one dream has changed it all. He discovers a new realm of life. He is a different man now. The story describes how one can find much-longed happiness, how one can break the cycle of desires and sorrows and how one can become Buddha in their own lives. The author gives a lucid description of novel concepts like “ Self witnessing ”, “ Self-conditioning ”, “ Self-love ” and “ Buddhahood ”. He describes ways to attain the supreme form of happiness. This book is unique in the sense that it touches the much-neglected topic of mental health. India is a country with the highest burden of people suffering from major psychiatric disorders. Additionally, it ranks number one in suicide rates all over the world. This book has been written by a medical professional- Dr. Sanjay Singh. It is second in line to books written by him after “ Oh dear happiness! The lost story of contentment ”. He has written a blog named “ The story behind the Dark Disease - Depression" which has been read more than two lacs times. He hopes that this book will pave the way to a new way of life to those who are extremely depressed and suffering from various psychiatric illnesses.

Ray Comfort has done it again. He once again convincingly reminds us that we are sinners. Yes, ALL of us. But only those who take hold of the rope that God Himself has thrown us Jesus Christ will be spared death and Hell. Those of us who take hold of that rope have a responsibility to help save others. But first the lost need to understand that they’re in danger and need saving. That’s tricky business that gets all tangled up in “religion” and awkwardness. Comfort shows you how to overcome your personal reluctance and gives you some smart strategies for reaching out and handing your end of the rope to another soul. This is a quickstudy manual for evangelism for a Christian ... with a surprising twist. Comfort uses his lesson as a lead into the Gospel of John. This powerful book suddenly segues into a book of the Bible ... and transforms into a tract. Is already being promoted on the Way of the Master television and radio programs.

The story of the Kelly Gang is considered the first narrative feature film ever made. Filmed outside Melbourne when the Kelly legend was still fresh, it was believed lost for many years. The Australian National Film and Sound Archive and the BFI have restored parts of the original 1906 film to create an amazing package, which includes two commentaries on the national and worldwide significance of the film, alongside soundtracks and a variety of viewing modes.

Sammy Tampari was Conrad's lover. He was his teacher. And, it turns out, he was not just a chemist, but an alchemist, searching for a mythic elixir of life. Sammy's death was sudden, yet he somehow managed to leave twenty years' worth of his notebooks and a storage locker full of expensive, sometimes baffling equipment in the hands of his star student. The notebooks contain cryptic "recipes," but no instructions; they tell his life story, but only hint at what might have caused his death. And Sammy's research is littered with his favorite teaching question: What's missing?
