*The Believer* magazine presents a compendium of advice from producers, writers, and actors of *The Daily Show*, *Saturday Night Live*, *Parks and Recreation*, *Late Show with David Letterman*, *The Hangover*, and *The Colbert Report*, along with other musicians, cartoonists, New Yorker writers, and those similarly unqualified to offer guidance. Here Amy Sedaris describes the perfect murder for unwanted hermit crabs—you will need a piece of meat and a brick. Simon Rich explains how to avoid being found dead in your underwear by firemen—buy some long Johns. Zach Galifianakis provides insight into how he changed his name without a social security card—he just started calling himself Adam Zapple, and it stuck. Bob Saget finally illuminates what “friends with benefits” really means—a nonsexual relationship wherein your ex makes monetary deposits into your bank account. Contributors include: Rob Baedeker, Anne Beats, Elizabeth Beckwith, Jerri Blank, Roz Chast, Louis C.K., Mike Doughty, Dave Egger, Rich Fulcher, Zach Galifianakis, Dan Guterman, Anthony Jeselnik, Julie Klausner, Lisa Lampanelli, Nick Hornby, Sam Lipsyte, Liam Lynch, Merrill Markoe, Rose McGowan, Misc. Most dating books tell you what NOT to do. Here's a book dedicated to telling you what you CAN do. In his book, Get The Guy, Matthew Hussey—relationship expert, matchmaker, and star of the reality show Ready for Love—reveals the secrets of the male mind and the fundamentals of dating and mating for a proven, revolutionary approach to help women to find lasting love. Matthew Hussey has coached thousands of high-powered CEOs, showing them how to develop confidence and build relationships that translate into professional success. Many of Matthew's male clients pressed him for advice on how to apply his winning strategies not to just get the job, but how to get the girl. As his reputation grew, Hussey was approached by more and more women, eager to hear what he had learned about the male perspective on love and romance. From landing a first date to establishing emotional intimacy, playful flirtation to red-hot bedroom tips, Matthew's insightfulness, irreverence, and humor makes *Get the Guy: Learn Secrets of the Male Mind to Find the Man You Want and the Love You Deserve* a one-of-a-kind relationship guide and the handbook for every woman who wants to get the guy she's been waiting for. There are heaps and heaps of books instructing men how to love their women, but very few that go the other way (excuse the pun!). It seems that making love to a woman is difficult and needs to be learned, while making love to a man is easy and every woman instinctively knows how to do it. If you think about it, that is very unlikely to be true. You can only love men well if you understand them, and you have to admit that most women don't. Here is a light-hearted quest to find what a woman can do to give her man the very best of the best in bed (or on the sofa, or in the phone booth on the way home - wherever!) Every woman makes love to her man with her heart, but just where do you learn how to do it with your mind and body too? Here is a chance to peek into the sexy world between your man's ears, and lots of practical advice on what to do to drive him wild. Now you can be the most skilful lover he has ever experienced... Reviews for the First Edition - How to make Wild, Passionate Love to your Man ~ This is a wonderful book for women who want to know how to please their men. Lots of good advice and techniques included in these pages. If you're always wondered what makes our men happy in bed, this is a must read! Keta Diablo – Jacqueline George understands a woman's power to please a man. With tasteful candor she unpacks all the ways men are craving the passionate lovemaking of a skilled woman. I'm giving the book to my wife with the hope that she will enjoy it, learn from it and heighten in her womanly wiles with me. Oliver Twist – This is a good book and it has great information, but some of this won't work if your man is stubborn. His is the stuff in here would never fly with my husband. Edit: The more I read of this book, the more I like it! There are parts of it that just make me giggle. :) T. Gilpin – This book is very witty, written with warmth and intelligence. It is a light hearted look at the dynamics between men and women. Of course the book is aimed at women and what they can do to enhance the experience for their men, hmmm, I suppose this makes a change from expecting them to perform to a certain standard? It's a fun read, with tricks to try and ideas to thrill. Gemma Parkes

How to Make Love to Each Other

A groundbreaking look at improving desire, arousal, and sexual satisfaction through mindfulness. Studies show that approximately half of all women experience some kind of sexual difficulty at one point in their lives, with lack of interest in sex being by far the most common—and the most distressing. And when sex suffers, so do all other areas of life. But it doesn't have to be that way. In *Better Sex* through Mindfulness, acclaimed psychologist and sex researcher Lori A. Brotto, offers a groundbreaking approach to improving desire, arousal, and satisfaction inside—and outside of—the bedroom. A pioneer in the use of mindfulness for treating sexual difficulties, Brotto has helped hundreds of women cultivate more exciting, fulfilling sexual experiences. In this accessible, reliable book, she explores the various reasons for sexual problems, such as stress and incessant multitasking, and tells the stories of many of the women she has treated over the years. She also provides easy, effective exercises that readers can do on their own to increase desire and sexual enjoyment, whether their goal is to overcome a sexual difficulty or simply givetheir love life a boost.

Brilliant and tense, Dany Laferrière's first novel, *How to Make Love to a Negro Without Getting Tired*, is as fresh and relevant today as when it was first published in Canada in 1985. With ribald humor and a working-class intellectualism on par with Charles Bukowski's or Henry Miller's, Laferrière's narrator wanders the streets and slums of Montreal, has sex with white women, and writes a book to save his life. With this novel, Laferrière became one of internationally acclaimed social and political novels about the love of the world, and the world of sex, including *Heading South* and *I Am a Japanese Writer*. It launched Laferrière as one of the literary world's finest provocateurs and continues to draw strong comparisons to the writings of James Baldwin, Henry Miller, Charles Bukowski, and Jack Kerouac. The book was made into a feature film and translated into several languages — this is the first U.S. edition.

Should we enhance the human condition with technology? Does anyone really want to live for a thousand years? Could AI end up destroying mankind? Discover the incredible potential of mankind's near future as a Doctor and a Philosopher debate the big questions surrounding the incredible potential of transhumanism. This movement - that seeks to improve the human condition through science - has fast become one of the most controversial the scientific community have ever faced. As scientists in California make great strides in using advanced technology to enhance human intellect and physiology, the ethical and moral questions surrounding its possibilities have never been more pressing. Should we change the way we reproduce? Could we enhance the human body with technology to the point where we are all technically cyborgs? Is it possible to make love to a robot? Doctor and entrepreneur Laurent Alexandre and tech-philosopher Jean Michel Besnier go head to head on the big questions in an entertaining and thought-provoking debate on the fundamental principles of transhumanism.

Summer Rayne Oakes, an urban houseplant expert and environmental scientist, is the icon of wellness-minded millennials who want to bring nature indoors, according to a New York Times profile. Summer has managed to grow 1,000 houseplants in her Brooklyn apartment (and they're thriving!) Her secret? She approaches her relationships with plants as intentionally as if they were people. Everyone deserves to feel the inner peace that comes from taking care of greenery. Beyond the obvious benefits—beauty and cleaner air—there's a strong psychological benefit to nurturing plants as a path to mindfulness. They can reduce our stress level, lower our blood pressure, and improve our overall outlook. And they offer a rare opportunity to find joy by caring for another living being. When Summer Rayne Oakes moved to Brooklyn from the Pennsylvania countryside, she knew that bringing nature indoors was her only chance to stay sane. She found them by the side of the road, in long-forgotten window boxes, at farmers' markets, and in local garden shops. She found ways to shelve, hang, tuck, anchor, secure, and suspend them. She even installed a 150-foot expandable hose that connects to pipes under her kitchen sink, so she only has to spend about a half-hour a day tending to her plants—an activity that she describes as a “moving meditation.” This is Summer's guidebook for cultivating an entirely new relationship with your plant children. Inside, you'll learn to:
• Pause for the flowers and greenery all around you, even the ones sprouting bravely between cracked pavement
• Trust that your apartment jungle offers you far more than pretty decor
• See the world from a plant's perspective, trading modern consumerism for sustainability
• Serve your chlorophyllic friends by learning to identify the right species for your home and to recreate their natural habitat (Bonus: your indoor garden won't die!)
When we become plant parents, we also become better caretakers of ourselves, the people around us, and our planet. So, let's step inside the world of plants and discover how we can begin cultivating our own personal green space—in our homes, in our minds, and in our hearts.

How to Make Great Love to a Woman

The Choices That Make Love Last

**ASK ANY MAN. If you can get him to admit it, he'll probably tell you that he would like to be made love to almost as much as being a good lover. In the past, it is the man who has been responsible for not only the lovemaking, but the romance: candlelight, flowers, music, and tenderness.**

**HOW TO MAKE LOVE TO A MAN, a classic best-seller, is the first book to focus on men's sexual and emotional needs, and to talk to today's woman who would like to be an active partner but doesn't quite know how. More than a manual for having sex (though it is that too), this is a guide to the art of making love. The author, after interviewing doctors, sex therapists, women, and most important, more than 200 men, has been able to understand men's deepest emotional needs. The author discusses what men find sexy in a woman; how to show a man that you are interested, how to get a man to share his emotional and sexual needs, how to enhance sex through a massage, touching, and improved timing, and much more. Whether married or single, the reader will gain new insight on making "whole" love—developing the attitude and the understanding that make the love act complete and meaningful. From the Hardcover edition.**

*Xaviera Hollander may not have invented sex, but she is certainly one of its most outspoken proponents. Her book **The Happy Hooker** has sold more than sixteen million copies worldwide and continues to captivate new readers with its humor, its zest for life, and, above all, its downright honesty. She followed the success of her book with her monthly sex advice column for **Penthouse**, “**Call Me Madam**,” which helped readers find fulfillment in bed for almost thirty years. How to **Make Love to a Woman** takes hard-earned knowledge and puts it to excellent use, helping couples to experience the same mind-blowing pleasure that **Xaviera** has received and given for years. With a sense of fun and a knowing yet accessible voice, **Xaviera** gives readers specific suggestions on how to spice things up in the bedroom. She writes from a woman’s perspective, noting that her favorite sexual act has four letters and ends with “k.” (Surprise: It’s “talk.”) Some of the suggestions include, “Pleasure her with her own toys,” “Practice verbal bondage,” and “Make home movies.” With **Xaviera** as a muse and guide, this unique playbook promises to be a go-to Saturday night special!*

***‘How can I possibly make love to the same person for the rest of my life?’ For many people, the prospect of sexual commitment for life is a daunting concept. How can you have a committed relationship and a fulfilling sex life - and both with the same person? The good news is that a monogamous relationship can easily lead to ultimate pleasure and ultimate sex. Commitment doesn't always have to equal boredom, and intimacy doesn't always give way to routine. Masters and Johnson-trained sex therapist Dagmar O'Connor offers expert advice in this practical and entertaining guide to overcoming common relationship problems: - Learn to deal with the common problem of ‘I'm not in the mood for sex ... why aren't you?’ - Bridge the gab between family life and sex life. - Free yourself for sexual activity by booking time for sex. - Resist the temptations of infidelity and put the excitement back into your sex life. Take the monotony out of monogamy.***

*How to Make Love Like a Porn Star, the mega-bestselling memoir, triumphant survival story, and cautionary tale that spent over six weeks on the New York Times bestseller list and rocketed adult film icon Jenna Jameson into the mainstream spotlight, is now in paperback and ebook for the very first time. Her unforgettable memoir, written with master storyteller Neil Strauss, is many things at once: a shocking sexual history; an insider's guide to the secret workings of the billion-dollar adult-film industry; and a gripping thriller that probes deep into Jameson's dark past. With never-before-seen photographs from Jenna's private collection, exclusive photos taken for this book, and original cartoon strips, this memoir is an unparalleled exploration of sexual freedom. In the underbelly of Las Vegas, a cesspool of warring biker gangs and seedy strip clubs, gawky, bra-ce faced Jenna Massoli was transformed into the bombshell Jenna Jameson. Today, Jenna is the biggest star in the history of adult movies, consistently ranked as one of the most beautiful women alive. But behind the glamour and the meteoric rise to fame was a path paved with tragedy and heartbreak. As a teenager—drawn into a dark and chaotic world where rape, abuse, and murder were commonplace—Jenna began her rapid downward spiral of addiction and degradation . . . while at the same time becoming the porn world's biggest crossover success story.*

*What you're reading right now is known as the "cover copy," or "flap copy." This is where the 84,951 words of my latest book are cooked down to 350 words or less to capture your imagination/download. I pondered how to do that. Should I cut to the chase and reveal pivotal plot points like the one at the end of the book where the little girl on crutches points an accusing finger and shouts, "the killer is Mr. Porter?" No. I have too much respect for you as an intelligent consumer to attempt such an obvious ruse. But let's not play games here. You clicked your way to this page, so you either: A. Know who I am. B. Like the cool smoking jacket I'm wearing on the cover. Or: C. Thought this was a secret link to Ashley Madison. Is it a sequel to my autobiography *If Chins Could Kill: Confessions of a B Movie Actor*? Sadly, no, which made it much harder to write. Is it an "autobiographical novel"? Yes. I am the lead character in the story (coincidentally an actor), and I am a real person, and everything in the book actually happened - except for the stuff that didn't. The action revolves around my preparations for a pivotal role in the A-list relationship film, *Let's Make Love!* My Homer ic attempt to break through the glass ceiling of B-grade genre fair is hampered by a vengeful studio executive and a production that becomes infected by something called the "B-movie virus" - symptoms of which include excessive use of cheesy special effects, slapstick, and projectile vomiting. From a violent fistfight with a Buddhist to a life-altering stint in federal prison, this novel has it all. And if the 84,951 words are too time-consuming, there are lots and lots of cool graphics – all of which have been upgraded to vibrant color since the first publication. I hope you enjoy the book – and if you learn anything at all about making love, please share it with me! Regards, Bruce "Go Ahead and Call Me Ash" Campbell*

*Let's face it, relationships are hard. If you're like many people, your relationship résumé reads something like a spatter pattern. Confusing experiences lie in your wake, and you can't decipher the learning. Maybe your relationship is littered with messy conflicts or scorched by the ills of the world. Maybe you are lonely--and looking for a partner, or you feel you just aren't any good at relationships--and you want to get better. Using stories from her own colorful relationship life and from her work with clients from diverse backgrounds around the world, Jan Dworkin, PhD, lays bare her missteps and triumphs both in and out of the bedroom with honesty, humor, and depth. She offers concrete tools to help couples navigate power dynamics and conflicts that arise from differences in gender, class, race, sexual desire, communication styles, dreams and opposing points of view. Through sassy stories, step-by-step exercises, and hard-earned wisdom, Dworkin guides readers to build their very own "relationship practice." Whether you are embarking on a new relationship, striving to improve an existing one, or recouping after a breakup, prepare yourself to laugh, and enjoy the education of a lifetime. *After generations of foreign policy failures, the United States can finally try to make the world safer—not by relying on utopian goals but by working pragmatically with nondemocracies. Since the end of the Second World War, the United States has sunk hundreds of billions of dollars into foreign economies in the hope that its investments would help remake the world in its own image—or, at the very least, make the world “safe for democracy.” So far, the returns have been disappointing, to say the least. Pushing for fair and free elections in undemocratic countries has added to the casualty count, rather than taken away from it, and trying to eliminate corruption entirely has precluded the elimination of some of the worst forms of corruption. In the Middle East, for example, post-9/11 interventionist campaigns in Afghanistan and Iraq have proved to be long, costly, and, worst of all, ineffective. Witnessing the failure of the utopian vision of a world full of market-oriented democracies, many observers, both on the right and the left, have begun to embrace a dystopian vision in which the United States can do nothing and save no one. Accordingly, calls to halt all assistance in undemocratic countries have grown louder. . . . as Stephen D. Krasner explains, this cannot be an option: weak and poorly governed states pose a threat to our stability. In the era of nuclear weapons and biological warfare, ignoring troubled countries puts millions of American lives at risk. “The greatest challenge for the United States now,” Krasner writes, “is to identify a set of policies that lie between the utopian vision that all countries can be like the United States. . . . and the dystopian view that nothing can be done.” He prescribes a pragmatic new course of policy. Drawing on decades of research, he makes the case for “good enough governance”—governance that aims for better security, better health, limited economic growth, and some protection of human rights. To this end, Krasner proposes working with despots to promote growth. In a world where a single terrorist can kill thousands or even hundreds of thousands of people, the United States does not have the luxury of idealistically ignoring the rest of the world. But it cannot remake the world in its own image either. Instead, it must learn how to make love to despots.*

*"One of the foremost relationship experts at work today applies the insights of science toward understanding the real meaning of trust between a couple. He decodes the "why" behind betrayal and shows how partners can avoid or recover from unfaithfulness and maintain a loving relationship.Dr. John Gottman, the country's pre-eminent researcher on marriage, is famous for his Love Lab at the University of Washington in Seattle when he deciphers the mysteries of human relationships through scientific research. His thirty-five years of exploration have earned him numerous major awards, including from the National Institute of Mental Health, the American Psychological Association, and the American Association for Marriage and Family Therapy. Now, Dr. Gottman offers surprising findings and advice on the characteristic that is at the heart of all relationships: Trust. Dr. Gottman has developed a formula that precisely calculates any couple's loyalty level. The results determine a relationship's likely future, including the potential for one or both partners to stray. A Love You Can Trust shows couples how to bolster their trust level and avoid what Dr. Gottman calls the "Reach Motel for Lovers." He describes how the outcome of "sliding door moments," "small pivotal points between a couple, can lead either to more emotional connection or to discontent. He suggests a new approach to handling adultery and reveals the varied and unexpected non-sexual ways that couples often betray each other. A Love You Can Trust guides couples through an empirically tested, trust-building program that will let them repair and maintain a long-term, intimate, and romantic relationship". . .*

*If you love your partner but feel the physical side of your relationship is not like is used to be...then this is the book for you. It is not a sex manual...it is a book about why you should keep the sex side of your relationship alive. Often we get so busy with jobs and responsibilities, that sex is last on the list of to do for the day. We get too tired to think about making love. Then days, weeks, months and years go by and your sex life is not a happening thing. No matter how busy you are and how fat your wallet is growing, if you don't spend the time connecting in an intimate way, you not only lose the fresh glow on your skin and spark in your eyes--your physical and emotional health can suffer and you can start feeling less attractive, less sexy and feel less loved and even wonder if you are still in love. But you can turn those feelings around, just by making love. So if you are looking for a book about relationships and how important your sex life is to you, your partner and your love of life then this book has it all. . It's all about the benefits of sex and why you should take time to kiss, cuddle, touch and make love. It is all about increasing intimacy in relationships and how to feel closer. It is all about how to make the relationship you are in last a lifetime. When you make love you argue less. You have more time to love and you wake up to the feeling again of being in love with your partner. Updated latest Edition . *[T]here were live measurements of reactor temperatures. Three other buildings that hadn't exploded. It was like a movie. Will they catch fire? Blow up? Melt down? Or won't they? Readers who enjoyed Youth in Revolt and Bridget Jones's Diary won't want to miss this tale of a pale-skinned foreigner navigating life in Japan. How To Make Love to Foreigners is the diary of Randy Campbell, whose life, after moving to Japan, has taken him places he never expected. Fresh off the plane, he faces the challenges of learning Japanese, navigating the Tokyo train system, and compiling a list of women he's quick to bed, but terrified of committing to. With all this going on around him, Randy has to deal with threats from yakuza while filming a documentary, the racist comments of a girl who is in love with him, and feelings of helplessness when, on March 11, 2011, an earthquake strikes eastern Japan, unleashing a deadly tsunami that envelops a nearby coastline. With a radioactive wind drifting towards Tokyo from the crippled Fukushima nuclear plant, Randy discovers the terror and absurdities that arise during a devastating catastrophe. Inviting us in on the feelings you go through when everything/your career, the place you live, perhaps... even your life/seems about to be wiped away forever. From inside the book: [T]hese buildings were important to national security. There were FBI, secret service, and CIA offices in some of these buildings. They needed guarantees that if another bombing took place, no one could just walk in and peruse their files.[] Uh-huh, but if I was the owner, why would I destroy my own buildings?[] [These buildings were a terrorist target. They were the tallest buildings in New York. After the first bombing there were meetings about structural integrity, potential casualties, financial losses. But never in all these discussions did anyone imagine that somebody would try to fly a plane into these buildings. Or if they did, it would be something small, not a commercial airliner.[] You have to think about this not from our point of view, but from the perspective of 1994. They really believed that someone was, at some point, going to do another true story in the basement. Finish what they'd tried to do in 93. This became a real panic after that timothy McVeigh thing in Oklahoma City.[] Oh, yeah, that's right. That was 95.[] Yeah. The guy parked a fertilizer truck next to the building, and the whole thing came down. So the consensus at the time was that someone might try to blow up the buildings again. From the street level. Or the basement. Hell, even the subway was identified as a possible route. What no one wanted to talk about was that if you blew up the building from the basement, the entire structure might topple over. Like a domino. Anything in a thousand foot radius could be destroyed, including the other tower.[] I took a sip of my drink.[] [That seems highly unlikely.[]] I'm sure the engineers who designed Chernobyl said the same thing. Anyway, they came up with a plan that would prevent the building from toppling over.[] [A controlled demolition.[]] Exactly. A completely vertical collapse. So the building wouldn't kill as many people. I mean, nowadays there are residential apartments in that area.[] I looked at Dewey. I was interested, but unconvinced. How many others bought into the same crazy theories?*

*A humorous guide to seducing, satisfying, and loving the only man you'll ever need in an act of generosity. Adrian Colesberry has written an exquisitely detailed guidebook to ensure that every reader knows precisely how to please him-in bed and beyond. Brimming with self-indulgent and incredibly bawdy humor, How to Make Love to Adrian is as manual on Colesberry's pet peeves, favorite positions, and surefire ways to turn on your man (aka Adrian Colesberry). Recounting dozens of annoying peccadilloes and helpful tips gleaned from his experiences with former lovers, Colesberry covers all stages of the court-andconquer-Adrian-Colesberry process. Beginning with how to act finally the full monty, revealing his own erratic, often unerotic sexual history along the way. A pitch-perfect parody that spares no detail, How to Make Love to Adrian Colesberry is a hilarious and filthy new entrant into the fratire genre.*

*"A great piece of psychological wisdom."—Playgirl YES, YOU CAN DO IT! You've heard about it on Donahue and Today. You've read about it in Time and New Woman. Now you can discover how to:
• Find the love of your life
