"Daring and admirable...it's rare to find a suspense novel with the scope of well-crafted fiction...The Traveler is compulsive reading." --Chicago Tribune This suspenseful classic from John Katzenbach, now back in print, reaffirmed his status as one of the best new thriller writers on the scene. Miami detective Mercedes Barren, recovering from a traumatic shooting, has transferred to the relative quiet of the forensics department to get her life back on track. Yet this peace is put on hold when she gets a wrenching phone call: her niece has been brutally murdered. Soon she uncovers the shocking truth: the killer--a professional photographer--is engaging in "copycat" murders across the country, while forcing a young student to document every horrific crime. The woman--he calls her "Boswell"--is his stenographer of cruelty. And if she drops her pen, she'll end up being his next "subject." As her already fragile life begins to fall to pieces, Mercedes makes it her mission to track down this cold-blooded killer--even if it means enlisting the help of his brother, a psychiatrist specializing in sex offenders. Written for both the experienced Sales Executive as well as the novice Sales Professional, if you follow this simple step-by-step formula then you'll have a sales resume that will put you light years ahead of your competition! The author Chris Beaumont contends that it is predominantly the quality of the sales resumes that separates the candidates: excellent from good and good from poor. Put another way: it is the quality of the sales resume and NOT the quality of the candidate that leads to an interview. You may be struggling to get sales interviews, but that is a reflection of your resume NOT you! Market Yourself Just like 95% of success in business... it's about marketing! Your resume is your marketing tool that will pre-sell you to your future employer... and get you an interview. Sure you may have a lot of great attributes for a vacancy: experience, qualifications, market knowledge etc, etc. but if you cannot properly convey that in a way that resonates with an employer, then you can be easily beaten to the punch by a less capable candidate with a slightly better resume. In fact you may be the best possible candidate for a vacancy, OR you may be a mediocre candidate for a vacancy. This book will show you how to optimize your sales resume so that you fully maximize your chances of getting an interview for your dream job! In fact using the techniques and tactics described, a mediocre candidate can appear a MUCH BETTER fit for a vacancy than a better qualified candidate that's not using these techniques! Target The Job Hard to believe, but 90% sales resumes that get sent out do not target the actual vacancy! Most resumes are dull generic resumes that contain a dump of information, but they target nothing -- and guess what: "if you aim at nothing, then that's what you hit!". Without question, one crucial part of the book is how to target a vacancy. How to tweak your sales resume so that it "fits to the vacancy" and it "speaks to the reviewer". Guess What -- WE'RE ALL in Sales... Yes this is written from a Sales perspective. But ALL resumes (Marketing, IT, Engineering, etc, etc) are all about Sales -- whatever your discipline, background or aspirations, your resume is there to SELL YOU into a job! Death in the Air

How to Write Unforgettable Fiction by Breaking the Rules

A real-life thriller in the vein of The Devil in the White City, Kate Winkler Dawson's debut Death in the Air is a gripping, historical narrative of a serial killer, an environmental disaster, and an iconic city struggling to regain its footing. London was still recovering from the devastation of World War II when another disaster hit: for five long days in December 1952, a killer smog held the city firmly in its grip and refused to let go. Day became night, mass transit ground to a halt, criminals roamed the streets, and some 12,000 people died from the poisonous air. But in the chaotic aftermath, another killer was stalking the streets, using the fog as a cloak for his crimes. All across London, women were going missing--poor women, forgotten women. Their disappearances caused little alarm, but each of them had one thing in common: they had the misfortune of meeting a quiet, unassuming man, John Reginald Christie, who invited them back to his decrepit Notting Hill flat during that dark winter. They never left. The eventual arrest of the "Beast of Rillington Place" caused a media frenzy: were there more bodies buried in the walls, under the floorboards, in the back garden of this house of horrors? Was it the fog that had caused Christie to suddenly snap? And what role had he played in the notorious double murder that had happened in that same apartment building not three years before--a murder for which another, possibly innocent, man was sent to the gallows? The Great Smog of 1952 remains the deadliest air pollution disaster in world history, and John Reginald Christie is still one of the most unfathomable serial killers of modern times. Journalist Kate Winkler Dawson braids these strands together into a taut, compulsively readable true crime thriller about a man who changed the fate of the death penalty in the UK, and an environmental catastrophe with implications that still echo today.

The haunting true story of the elusive serial rapist turned murderer who terrorized California during the 70s and 80s, and of the gifted journalist who died tragically while investigating the case—which was solved in April 2018. Introduction by Gillian Flynn • Afterword by Patton Oswalt "A brilliant genre-buster.... Propulsive, can't-stop-now reading." —Stephen King For more than ten years, a mysterious and violent predator committed fifty sexual assaults in Northern California before moving south, where he perpetrated ten sadistic murders. Then he disappeared, eluding capture by multiple police forces and some of the best detectives in the area. Three decades later, Michelle McNamara, a true crime journalist who created the popular website TrueCrimeDiary.com, was determined to find the violent psychopath she called "the Golden State Killer." Michelle pored over police reports, interviewed victims, and embedded herself in the online communities that were as obsessed with the case as she was. *I'll Be Gone in the Dark*—the masterpiece McNamara was writing at the time of her sudden death—offers an atmospheric snapshot of a moment in American history and a chilling account of a criminal mastermind and the wreckage he left behind. It is also a portrait of a woman's obsession and her unflinching pursuit of the truth. Utterly original and compelling, it has been hailed as a modern true crime classic—one which fulfilled Michelle's dream: helping unmask the Golden State Killer.

Whether a side-street skirmish or an all-out war, fight scenes bring action to the pages of every kind of fiction. But a poorly done or unbelievable fight scene can ruin a great book in an instant. In Fight Write you'll learn practical tips, terminology, and the science behind crafting realistic fight scenes for your fiction. Broken up into "Rounds," trained fighter and writer Carla Hoch guides you through the many factors you'll need to consider when developing battles and brawls. • In Round 1, you will consider how the Who, When, Where, and Why questions affect what type of fight scene you want to craft. • Round 2 delves into the human factors of biology (think fight or flight and adrenaline) and psychology (aggression and response to injuring or killing another person). • Round 3 explores different fighting styles that are appropriate for different situations: How would a character fight from a prone position versus being attacked in the street? What is the vocabulary used to describe these styles? • Round 4 considers weaponry and will guide you to select the best weapon for your characters, including nontraditional weapons of opportunity, while also thinking about the nitty-gritty details of using them. • In Round 5, you'll learn how to accurately describe realistic injuries sustained from the fights and certain weapons, and what kind of injuries will kill a character or render them unable to fight further. By taking into account where your character is in the world, when in history the fight is happening, what the character's motivation for fighting is, and much more, you'll be able write fight scenes unique to your plot and characters, all while satisfying your reader's discerning eye.

A "haunting and unsettling" psychological portrait for readers of true crime classics such as My Dark Places, The Stranger Beside Me, and I'll Be Gone In the Dark, one of Argentina's most innovative writers brings to life the story of a serial killer who, in 1982, murdered four taxi drivers without any apparent motive (NPR, One of the Best Books of the Year). Over the course of one ghastly week in September 1982, the bodies of four taxi drivers were found in Buenos Aires, each murder carried out with the same cold precision. The assailant: a nineteen-year-old boy, odd and taciturn, who gave the impression of being completely sane. But the crimes themselves were not: four murders, as exact as they were senseless. More than thirty years later, Argentine author Carlos Busqued began visiting Ricardo Melogno, the serial killer, in prison. Their conversations return to the nebulous era of the crimes and a story full of missing pieces. The result is a book at once hypnotic and unnerving, constructed from forensic documents, newspaper clippings, and interviews with Melogno himself. Without imposing judgment, Busqued allows for the killer to describe his way of retreating from the world and to explain his crimes as best he can. In his own words, Melogno recalls a visit from Pope Francis, grim depictions of daily life in prison, and childhood remembrances of an unloving mother who drove her son to Brazil to study witchcraft. As these conversations progress, the focus slowly shifts from the crimes themselves, to Melogno's mistreatment and mis-diagnosis while in prison, to his current fate: incarcerated in perpetuity despite having served his full sentence. Using these personal interviews, alongside forensic documents and newspaper clippings, Busqued crafted Magnetized, a captivating story about one man's crimes, and a meditation on how one chooses to inhabit the world, or to become absent from it.

From New York Times bestselling author Pete Earley—the strange but true story of how a young man's devastating brain injury gave him the unique ability to connect with the world's most terrifying criminals. Fifteen-year-old Tony Ciaglia had everything a teenager could want until he suffered a horrific head injury at summer camp. When he emerged from a coma, his right side was paralyzed, he had to relearn how to walk and talk, and he needed countless pills to control his emotions. Abandoned and shunned by his friends, he began writing to serial killers on a whim and discovered that the same traumatic brain injury that made him an outcast to his peers now enabled him to connect emotionally with notorious murderers. Soon many of America's most dangerous psychopaths were revealing to him heinous details about their crimes—even those they'd never been convicted of. Tony despaired as he found himself inescapably drawn into their violent worlds of murder, rape, and torture—until he found a way to use his gift. Asked by investigators from the National Center for Missing and Exploited Children to aid in solving a murder, Tony launched his own searches for forgotten victims with clues provided by the killers themselves. The Serial Killer Whisperer takes readers into the minds of murderers like never before, but it also tells the inspiring tale of a struggling American family and a tormented young man who found healing and closure in the most unlikely way—by connecting with monsters. From 70 of the most successful mystery writers in the business, an invaluable guide to crafting mysteries—from character development and plot to procedurals and thrillers—“this is a writing guide that readers and writers will turn to again and again” (Booklist, starred review). Selected by the Modern Library as one of the 100 best nonfiction books of all time From the Modern Library's new set of beautifully repackaged hardcover classics by Truman Capote—also available are Breakfast at Tiffany's and Other Voices, Other Rooms (in one volume), Portraits and Observations, and The Complete Stories Truman Capote's masterpiece, In Cold Blood, created a sensation when it was first published, serially, in The New Yorker in 1965. The intensively researched, atmospheric narrative of the lives of the Clutter family of Holcomb, Kansas, and of the two men, Richard Eugene Hickock and Perry Edward Smith, who brutally killed them on the night of November 15, 1959, is the seminal work of the “new journalism.” Perry Smith is one of the great dark characters of American literature, full of contradictory emotions. “I thought he was a very nice gentleman,” he says of Herb Clutter. “Soft-spoken. I thought so right up to the moment I cut his throat.” Told in chapters that alternate between the Clutter household and the approach of Smith and Hickock in their black Chevrolet, then between the investigation of the case and the killers’ flight, Capote’s account is so detailed that the reader comes to feel almost like a participant in the events.
