

Hunters Of Dune Dune Chronicles 7

America is a police state, and it is about to be threatened by the most hellish enemy in the world: insects. When the Agency discovered that Dr. Hellstrom's Project 40 was a cover for a secret laboratory, a special team of agents was immediately dispatched to discover its true purpose and its weaknesses—it could not be allowed to continue. What they discovered was a nightmare more horrific and hideous than even their paranoid government minds could devise. First published in Galaxy magazine in 1973 as "Project 40," Frank Herbert's vivid imagination and brilliant view of nature and ecology have never been more evident than in this classic of science fiction. Gilbertus Albans has founded the Mentat School, a place where humans can learn the efficient techniques of thinking machines. But Gilbertus walks an uneasy line between his own convictions and compromises in order to survive the Butlerian fanatics, led by the madman Manford Torondo and his Swordmaster Anari Idaho. Mother Superior Raquella attempts to rebuild her Sisterhood School on Wallach IX, with her most talented and ambitious student, Valya Harkonnen . . . who also has another goal-to exact revenge on Vorian Atreides, the legendary hero of the Jihad, whom she blames for her family's downfall. Meanwhile, Josef Venport conducts his own war against the Butlerians.

VenHold Spacing Fleet controls nearly all commerce thanks to the superior mutated Navigators that Venport has created, and he places a ruthless embargo on any planet that accepts Manford Torondo's anti-technology pledge, hoping to starve them into submission. But fanatics rarely surrender easily. . . The Mentats, the Navigators, and the Sisterhood all strive to improve the human race, but know that as Butlerian fanaticism grows stronger, the battle will be to choose the path of humanity's future-whether to embrace civilization, or to plunge into an endless dark age. Follows the adventures of Paul Atreides, the son of a betrayed duke given up for dead on a treacherous desert planet and adopted by its fierce, nomadic people, who help him unravel his most unexpected destiny.

A classic novel from the master of science fiction, Frank Herbert's Whipping Star. "Herbert is one of the most thought-provoking writers of our time; by focusing on 'alien' culture, he makes us examine what the true definition of 'human' is." —The Pacific Sun In the far future, humankind has made contact with numerous other species: Gowachin, Laclac, Wreaves, Pan Spechi, Taprisiots, and Caleban, and has helped to form the ConSentiency to govern among the species. After suffering under a tyrannous pure democracy, the sentients of the galaxy find the need for a Bureau of Sabotage (BuSab) to slow the wheels of government,

thereby preventing it from legislating recklessly. BuSab is allowed to sabotage and harass the governmental, administrative, and economic powers in the ConSentiency. Private citizens must not be harassed, and vital functions of society are also exempt. Jorj X. McKie is a born troublemaker who has become one of BuSab's best agents. Drafted for the impossible task of establishing meaningful communication with an utterly alien entity who defies understanding, McKie finds himself racing against time to prevent a mad billionairess from wiping out all life in the ConSentiency. Around the turn of the twentieth century, thousands of Czechs left their homelands in Bohemia and Moravia and came to the United States. While many settled in major American cities, others headed to rural areas out west where they could claim their own land for farming. In *From Praha to Prague*, Philip D. Smith examines how the Czechs who founded and settled in Prague, Oklahoma, embraced the economic and cultural activities of their American hometown while maintaining their ethnic identity. According to Smith, the Czechs of Prague began as a clannish group of farmers who participated in the

Get Free Hunters Of Dune Dune Chronicles 7

1891 land run and settled in east-central Oklahoma. After the town's incorporation in 1902, settlers from other ethnic backgrounds swiftly joined the fledgling community, and soon the original Czech immigrants found themselves in the minority. By 1930, the Prague Czechs had reached a unique cultural, social, and economic duality in their community. They strove to become reliable, patriotic citizens of their adopted country—joining churches, playing sports, and supporting the Allied effort in World War II—but they also maintained their identity as Czechs through local traditions such as participating in the Bohemian Hall society, burying their dead in the town's Czech National Cemetery, and holding the annual Kolache Festival, a lively celebration that

Get Free Hunters Of Dune Dune Chronicles 7

still draws visitors from around the world. As a result, Smith notes, succeeding generations of Prague Czechs have proudly considered themselves Czech Americans: firmly assimilated to mainstream American culture but holding to an equally strong sense of belonging to a singular ethnic group. As he analyzes the Czech experience in farm-town Oklahoma, Smith explores several intriguing questions: Was it easier or more difficult for Czechs living in a rural town to sustain their ethnic identity and culture than for Czechs living in large urban areas such as Chicago? How did the tactics used by Prague Czechs to preserve their group identity differ from those used in rural areas where immigrant populations were the majority? In addressing these and other questions, *From Praha to Prague*

reveals the unique path that Prague Czechs took toward Americanization.
