"David Laskin deploys historical fact of the finest grain to tell the story of a monstrous blizzard that caught the settlers of the Great Plains utterly by surprise. . . . This is a book best read with a fire roaring in the hearth and a blanket and box of tissues near at hand." — Erik Larson, author of The Devil in the White City "Heartbreaking. . . . This account of the 1888 blizzard reads like a thriller." — Entertainment Weekly The gripping true story of an epic prairie snowstorm that killed hundreds of newly arrived settlers and cast a shadow on the promise of the American frontier. January 12, 1888, began as an unseasonably warm morning across Nebraska, the Dakotas, and Minnesota, the weather so mild that children walked to school without coats and gloves. But that afternoon, without warning, the atmosphere suddenly, violently changed. One moment the air was calm; the next the sky exploded in a raging chaos of horizontal snow and hurricane-force winds. Temperatures plunged as an unprecedented cold front ripped through the center of the continent. By the next morning, some five hundred people lay dead on the drifted prairie, many of them children who had perished on their way home from country schools. In a few terrifying hours, the hopes of the pioneers had been blasted by the bitter realities of their harsh environment. Recent immigrants from Germany, Norway, Denmark, and the Ukraine learned that their free homestead was not a paradise but a hard, unforgiving place governed by natural forces they neither understood nor controlled. With the storm as its dramatic, heartbreaking focal point, The Children's Blizzard captures this pivotal moment in American history by tracing the stories of five families who were forever changed that day. David Laskin has produced a masterful portrait of a tragic crucible in the settlement of the American heartland. The P.S. edition features an extra 16 pages of insights into the book, including author interviews, recommended reading, and more.

Draws on oral histories of the Great Plains blizzard of 1888 to depict the experiences of two teachers, a servant, and a reporter who risk everything to protect the children of immigrant homesteaders.

Anna's Blizzard

A fictionalized account, told in free-verse poems, of a young girl's experience living through the 1888 "Great Blizzard" in New York City.

"Librarians often say that every book is for every child, but The True Blue Scouts of Sugar Man Swamp is" (The New York Times). Meet Bingo and J'miah, raccoon brothers on a mission to save Sugar Man Swamp in this rollicking tale and National Book Award Finalist from Newbery Honoree Kathi Appelt. Raccoon brothers Bingo and J'miah are the newest recruits of the Official Sugar Man Swamp Scouts. The opportunity to serve the Sugar Man—the massive creature who delights in delicious sugar cane and magnanimously rules over the swamp—is an honor, and also a big responsibility, since the rest of the swamp critters rely heavily on the intel of these hardworking Scouts. Twelve-year-old Chap Brayburn is not a member of any such organization. But he loves the swamp something fierce, and he'll do anything to help protect it. And help is surely needed, because world-class alligator wrestler Jaeger Stitch wants to turn Sugar Man swamp into an Alligator World Wrestling Arena and Thome Park, and the troubles don't end there. There is also a gang of wild feral hogs on the march, headed straight toward them all. The Scouts are ready. All they have to do is wake up the Sugar Man. Problem is, no one's been able to wake that fellow up in a decade or four... Newbery Honoree and Kathi Appelt's story of care and conservation has received five starred reviews, was selected as a National Book Award finalist, and is funny as all get out and ripe for reading aloud.

Graphic novel format paired with gripping stories of history's most compelling disasters make these books true page-turners. Dramatic illustrations and fast-paced text provide a you-are-there experience. An additional information section provides key facts and further understanding.

Mount Kilimanjaro is the tallest peak in Africa, rising 19,340 feet above the surrounding plains. For hundreds of years it has been called the "shining mountain" by local people. They gave it this name because the top is covered with glittering glacier ice and snow. It is one of the most beautiful mountains in the world. In recent decades local people and tourists have noticed that there is less and less ice and snow on the mountain each year. Most scientists believe that the glaciers are disappearing because of changes in the weather of eastern Africa, and because of human actions. How is the ice disappearing? Who will be affected by the loss of the glaciers? What can you do to help? These questions are answered in the pages of this book.

Paris, 1890. When Sherlock Holmes finds himself chasing an art dealer through the streets of Paris, he's certain he's smoked out one of the principals of a cunning forgery ring responsible for the theft of some of the Louvre's greatest masterpieces. But for once, Holmes is dead wrong. He doesn't know that the dealer, Theo Van Gogh, is rushing to the side of his brother, who lies dying of a gunshot wound in Auvers. He doesn't know that the dealer's brother is a penniless misfit artist named Vincent, known to few and mourned by even fewer. Officialdom pronounces the death a suicide, but a few minutes at the scene convinces Holmes it was murder. And he's bulldog-determined to discover why a penniless painter who harmed no one had to be killed—and who killed him. Who could profit from Vincent's death? How is the murder entwined with his own forgery investigation? Holmes must retrace the last moments of Vincent's life, testing his mettle against men like the brutal Paul Gauguin and the secretive Toulouse-Lautrec, all the while searching for the girl Olympia, whom Vincent named with his dying breath. She can provide the truth, but can anyone provide the proof? From the madhouse of St. Remy to the rooftops of Paris, Holmes hunts a killer—while the killer hunts him.

The morning of January 12, 1888, wain and warm. School children played outdoors in shirt sleeves. Then literally without warning, the storm roared down from Canada at 50 miles per hour. Temperatures dropped 36 degrees. Snow up to 8 inches covered the Great Plains. Furious winds swirled the snow into a blinding, life-threatening blizzard. More than 1,000 people died.

One morning in March 1888, twelve-year-old Milton Daub awoke to find the world buried in snow. The blizzard was like nothing Milton and his neighbors in the Bronx had ever seen. No one dared go out into the storm. No one, that is, except Milton. He and his father made a pair of snowshoes from barrel hoops and old roller skates. Then Milton stepped bravely into the storm to buy milk for his family. Soon he was buying supplies for everyone in the area. His neighbors declared him a hero. The Blizzard of 1888 set records in the Northeast that are still unbroken. It forced whole cities to shut down for days. But Milton didn't let the snow stop him from helping neighbors in need. His true story is both an exciting adventure and a heartwarming glimpse of old New York.
