

I Wanna Iguana

I Wanna Iguana Penguin

A second-grade class presents arguments for and against pet ownership. Riot Brother Rule Number One: Make something exciting happen every day. It's no easy task, but Wilbur and Orville Riot are up to the challenge. Whether it's catching a bank robber, finding hidden treasure while cleaning the house, or overthrowing a wicked king, the Riot brothers are clever, resourceful, and just plain funny. They sing songs, make up games, and always come out on top in the end... in spite of a few bumps along the way. The inventive, energetic brothers have a warm sibling relationship (even when they're trying to make each other snarf milk out of their noses), and though they get called into the Principal's office now and then, the trouble they make is always in good fun. Plus, she's their mom, so she always gives them a ride home. Not a bad end to an exciting day. The short chapters make great bedtime reads—though beware! You might be tempted to stay up all night playing Underfoodle or the Frying-Pan Game. With lots of puns and just the right amount of gross-out humor, this updated edition contains three stories about the Riot Brothers, plus lists, lists, and more lists—including the Riot Brother Rules, all their games, and the extra-special Riot Brother Top Ten List of Important Things To Be Able

To Do With Your Face... plus, a preview of Riot Brothers #2: Drooling and Dangerous.

Lisa wants to write to the bakery. But she is afraid the baker will not listen! Can Corduroy help Lisa speak up?

“What does Dudley do all day while we’re away?” Sam wonders. Mom explains that Dudley does ordinary dog things: he eats, naps, guards the house, and plays. But in Sam’s mind, Dudley’s day at home is anything but ordinary. Delightful digital paintings depict the human activities Sam imagines Dudley is doing – which don’t quite match Mom’s explanations. *Dudley’s Day at Home* is a funny, fetching picture book that uses minimal text and maximal visual storytelling to share a day in a dog’s life.

Imagine what might happen if your mother had more than two arms and could shake hands with an octopus or flip numerous pancakes at the same time.

A boy imagines how much more fun he and his dog could have if only the dog would learn to talk.

A hilarious, timely conversation about the differences between facts and opinions, by the creator of the #1 New York Times bestseller *Goodnight Goon* Do you know the difference between a fact and an opinion? It can be a hard thing to understand. Some things are facts--like the number of robots in this book. Other things are opinions--like which robot would make the best friend, or which robot dances best. And sometimes to tell the difference between a fact and an opinion, you need to wait to get more information--that's because facts can be proven true or false, and opinions are things you feel and believe--but that you can't prove. Mike Rex introduces young readers to the very important distinction between facts and opinions, and he reminds us that it is nice to listen to one another's opinions, and to stand up for the facts!

X-Books are for kids who love facts—especially in bite-sized portions and about fascinating, true subjects. As plentiful images and graphical representations stimulate visual perception, readers will be drawn into learning how to use informational texts. Each title is framed by a signature Top 5 countdown feature that not only serves as an example of sequential order but also narrates a brief story within the main topic: in X-Books: Reptiles, these sidebars summarize the extraordinary abilities and features of some of the most intriguing reptiles in the animal kingdom. Count down the world's most extreme reptiles, and launch a lifetime of reading without limits! A countdown of five of the most fascinating iguanas provides thrills as readers learn about the biological, social, and hunting characteristics of these plant-eating, whip-tailed reptiles.

When someone smiles, who knows where it goes? Baby smiles at Mommy, Mom keeps it for a while . . . and then passes it on. As the smile begins its joyful journey--moving from a first-grade class to a soccer team, from Gran to a garbage man, even to a puppy--it spreads happiness throughout the community, bringing everyone together. A sunny picture book guaranteed to make kids SMILE!

The Riot Brothers Tell All

Here comes trouble! A super-doooper picture book featuring the one and only Daisy! Daisy does NOT like peas. And there is NOTHING that will get her to eat them. Mum says she can have an extra pudding, a chocolate factory or a space rocket with double retro laser blammers - but it just won't work! Can quick-thinking Daisy save her tea time and come up with a cunning plan to turn the tables on Mum? This is a wickedly funny book about dinner time which will appeal to fussy eating children and their despairing parents!

A young girl uses various arguments to convince her parents to let her have her ears pierced. Alex just has to convince his mom to let him have an iguana, so he puts his arguments in writing. He promises that she won't have to feed it or clean its cage or even see it if she doesn't want to. Of course Mom imagines life with a six-foot-long iguana eating them out of house and home. Alex's reassurances: It takes fifteen years for an iguana to get that big. I'll be married by then and probably living in my own house. and his mom's replies: How are you going to get a girl to marry you when you own a giant reptile? will have kids in hysterics as the negotiations go back and forth through notes. And the lively, imaginative illustrations show their polar opposite dreams of life with an iguana.

"Tilly is not an ordinary goose. She takes her baths in apple juice. She wears a pancake as a hat. She tries to ride the farmer's cat." But the barnyard animals complain that she's too silly.

Presents an illustrated version of the preamble to the Constitution of the United States.

"Some days are chocolate pudding pie days. Kites up in the sky days. Jumping super high days." This rhyming picture book--from the author of the bestselling I Wanna Iguana series and Miles of Smiles--is a moving, powerful, delightful exploration of a child's shifting feelings. Come along and follow a year in the life of a young boy and girl as they discover their many different and ever-changing emotions, including joy, fear, anger, jealousy, excitement, pride, disappointment, loneliness, and contentment. As children read about "angels in the snow days" as well as "need my mommy now days," they'll begin to understand how to cope with both positive and negative feelings.

Suki's very favorite thing is her blue cotton kimono and she is determined to wear it on her first day back to school--no matter what anyone says. This beautiful edition of Tomie dePaola's progressive 1979 classic stars a special little boy who won't give up on the dreams that make him unique. Oliver Button is a sissy. At least that's what the other boys call him. But here's what Oliver Button really is: a reader, and an artist, and a singer, and a dancer, and more. What will his classmates say when he steps into the spotlight?

A Persuasive Text

I Is for Iguana

This is truly "The Essential List for Choosing the Perfect Name for Your Baby." It contains more than 4,000 names, variations, and nicknames, with origins and meanings. Grouped by gender, including a section of unisex names, this book is the parents' A-list of names for newborns!

Gertrude LaRue receives typewritten and paw-written letters from her dog Ike, entreating her to let him leave the Igor Brotweiler Canine Academy and come back home, but instead, Ike escapes and runs home--just in time to save Mrs. LaRue's life.

Even little robots need their rest--and their parents tuck them in just as human mommies and daddies do. It doesn't matter if young bots slip on their pjs over power packs and snack on batteries; just like children, they love bedtime stories, hugs, a cuddly toy, and lullabies. This sweet goodnight story is perfect for winding kids (and robots) down for the night.

Focusing on just five strategies: asking questions, making inferences, synthesizing, understanding the author's purpose, and monitoring and clarifying, this book uses a simple process for creating dynamic lessons. The first step is the reader noting all the spots that strike them, the second step is to narrow these points down to just the important ones, and finally - writing down what is going to be said in class.

Laboratory and activity disc includes the manual in both student and teacher editions and a lab materials list. A hilarious companion to I Wanna Iguana. Ever since their baby sister came along, Alex has been forced to share a room with his little brother, Ethan, and it's a nightmare. Ethan always breaks stuff, snores like a walrus, and sticks crayons up his nose. No hardworking, well-behaved, practically grown-up boy like Alex should have to put up with that! Writing letters to his mom convinced her to let him get his pet iguana, so Alex puts pencil to paper again, this time determined to get his own room. Though all of his powers of persuasion can't get his dad to expand the house, he does come through with a fun alternative to give Alex some space of his own.

A creative companion to Stand Tall, Molly Lou Melon Molly Lou Melon's grandma taught her to be happy with herself no matter what, but that's not all she learned. Molly Lou heard all about how her grandma didn't have fancy store-bought toys when she was little. She made dolls out of twigs and

Retirement Community. Full color.

A six-year-old (The Pain) and his eight-year-old sister (The Great One) see each other as troublemakers and the best-loved in the family.

The beloved modern classic character, Molly Lou Melon, is tackling the timely topic of speaking up for yourself and others. Molly Lou Melon's mother taught her to use her big voice for good--to speak up for what's right, for those who can't, and even when it's hard. So she does. When school starts and a bully begins teasing everyone, including a new student, Molly Lou knows just what to do. From standing up for a friend to admitting when you've made a mistake, Molly Lou shows us how speaking up is always the right choice.

The beloved classic character has another important message to share, and David Catrow's vibrant and spunky illustrations continue to expand Molly Lou's larger-than-life personality.

Hugo is in no doubt as to what he and Bella should go as to the Hippo-Bird Fancy Dress Party. They will go as the

princess and the pea and he will be the princess (of course!) leaving poor Bella to be the pea. Indignant, Bella refuses. She has a better suggestion - they will go as a mermaid on a rock and she will be the mermaid (of course!) leaving a huffy Hugo to be the rock. Hugo is not happy. But neither is Bella. They just can't decide on a costume and things reach a crisis when they both flounce off saying they don't want to go to the party at all. After time to consider, both Hugo and Bella calm down and (privately) both choose to dress as a pea as a gesture of making it all up to each other. So when they both arrive at the party as peas, Hugo and Bella announce proudly that they are "two peas in a pod, just as it should be" underlining the message of the book that friendship is all about give and take. With wonderfully absurd illustrations from new talent Simon Rickerty and a great read-aloud text, this is a made-for-sharing picture book.
