Fifteen-year-old Yuki is struggling at school with her confidence, and goes to Japan to stay with her grandfather, a well-known manga artist and to whom she is very close. But during her visit, a calamitous event occurs - the East Coast Earthquak and Tsunami - and her beloved Grandpa is lost. Yuki and her friend Taka must make sense of the terrible situation and come to terms with the loss of their life as they knew it - and see that through renewal and with resilience, they can emerge from this tragedy with optimism for the future. Intertwoven with Japanese folk tales, modern-day ghost stories, and the creation of her very own vibrant manga hero, Yuki finds the courage to overcome extraordinary odds, and take her first steps into the world that lies beyond catastrophe. Told through both prose and manga, this story for young adults will touch the heart of any reader.

Unstoppable is a word defined as "difficult or impossible to preclude or stop." As a human quality, it is something that we associate with people such as sports superstars, those who do whatever it takes to inspire others and lead teams to the greatest of victories. Sometimes, an idea or person can become unstoppable. Unstoppable, like Charles Lindbergh crossing the Atlantic in a solo flight when no one had thought it was possible, or track star Roger Bannister breaking the four-minute mile barrier. Not everyone can be an explorer or a great athlete, but anyone can be unstoppable in their chosen endeavors in life. If you are willing to possess an unwavering determination to succeed and a consistent willingness to learn and evolve, you can become unstoppable and triumph too. This book is about a personal struggle, one in which the author awoke from a coma after a terrible accident and faced a life of permanent paralysis. A long battle of driven determination resulted in Yanni Raz regaining his health and becoming a self-made millionaire after migrating from his native Israel to the United States. Through careers as a musician, a Starbucks barista, a salesman, a real estate whiz, a professional poker player and a hard money lender, Yanni learned reliable principles and the skills necessary for success. Unstoppable covers many topics including controlling your life, making the best decisions, creating new opportunities, properly assessing signals, expertly negotiating, and succeeding by storytelling across the media landscape. You'll learn about integrity in business, asset diversification, and many other life tips that thousands of people learn from Yanni on a daily basis. It is time to become fearless and lead a powerful life. With Yanni's new book Unstoppable, you can do just that.

From the food photographers and creators of the popular blog The Way We Ate comes a lavishly illustrated journey through the rich culinary tradition of the last American century, with 100 recipes from the nation's top chefs and food personalities. Take a trip back in time through the rich culinary tradition of the last American century with more than 100 of the nation's top chefs and food personalities. The Way We Ate captures the twentieth century through the food we've shared and prepared. Noah Fecks and Paul Wagtovicz (creators of the hugely popular blog The Way We Ate) are your guides to a dazzling display of culinary impressionism: For each year from 1901 to 2000, they invite a well-known chef or food connoisseur to translate the essence or idea of a historical event into a beautifully realized dish or cocktail. The result is an eclectic array of modern takes and memorable classics, featuring original recipes conjured by culinary notables, including: Daniel Boulud, Jacques Pépin, Marc Forgione, José Andrés, Ruth Reichl, Marcus Samuelsson, Michael White, Andrew Carmellini, Anita Lo, Gael Greene, Michael Lomonaco, Melissa Clark, Justin Warner, Michael Laiskonis, Sara Jenkins, Shanna Pacifico, Jeremiah Tower, and Ashley Christensen An innovative work of history and a cookbook like no other, The Way We Ate is the story of a nation's cravings—and how they continue to influence the way we cook, eat, and talk about food today.

Proud of their Heritage and Sustained by their Faith, They Came to Tame a New Land She had promised herself that once they left the fjords of Norway, she would not look back. After three long years of scrimping and saving to buy tickets for their passage to America, Roald and Ingeborg Bjorklund, along with their son, Thorliff, finally arrive at the docks of New York City. It was the promise of free land that fed their dream and lured them from their beloved home high above the fjords of Norway in 1880. Together with Roald's brother Carl and his family, they will build a good life in a new land that promises untold wealth and vast farmsteads for their children. As they join the throngs of countless immigrants passing through Castle Garden, they soon discover that nothing is as they had envisioned it. Appalled by the horrid stories of fellow immigrants bilked of all their money and forced to live in squalid living conditions, the Bjorklunds continue their long journey by train as far as Grand Forks. From there a covered wagon takes them into Dakota Territory, where they settle on the banks of the Red River. But there was no way for them to foresee the price they will have to pay to wrest a living from the indomitable land. The virgin prairie refuses to yield its treasure without a struggle. Will they be strong enough to overcome the hardships of that first winter?

Based on the conviction that only translators who write poetry themselves can properly re-create the celebrated and timeless tragedies of Aeschylus, Sophocles, and Euripides, the Greek Tragedy in New Translations series offers new translations that go beyond the literal meaning of the Greek in order to evoke the poetry of the originals. The volume brings together four major works by one of the great classical dramatists: Prometheus Bound, translated by James Scully and C. John Herington, a haunting depiction of the most famous of Olympian punishments; The Suppliants, translated by Peter Burian, an extraordinary drama of flight and rescue arising from women's resistance to marriage; Persians, translated by Janet Lembke and C. John Herington, a masterful telling of the Persian Wars from the view of the defeated; and Seven Against Thebes, translated by Anthony Hecht and Helen Bacon, a richly symbolic play about the feuding sons of Oedipus. These four tragedies were originally available as single volumes. This new volume retains the informative introductions and explanatory notes of the original editions and adds a single combined glossary and Greek line numbers.

B.B.U.S.A. Leo, an ordinary Realtor in Boise, Idaho, is suddenly thrust into the role of decoy for his family and avenger of the murder of his business partner, Tim. Leo receives a mysterious flash drive in the mail from Tim after his death. The B.B.U.S.A. Organization fears that Leo knows too much. Leo seeks assistance from his best friend, Major Doug Corrigan, in an attempt to break the password on the flash drive which may be the only thing that will keep him and his family alive. The novel is action packed, and follows Leo and Doug as they desperately try to stay one step ahead of the B.B.U.S.A. From the west coast of the United States to the west coast of southern Africa, Leo and his family experience extraordinary highs and lows. The characters come alive in this vivid portrayal of courage, endurance, friendship and love. From beautiful descriptions of the harsh Namib Desert, to refreshing scenery in the rugged central Idaho wilderness area, this novel will leave you breathless with a sense of adventure, a feeling for the characters, and a thrill of excitement. The B.B.U.S.A. cannot fail. Too much is at stake. They will stop at nothing. Who can Leo trust, and on which side is the handsome Romanian? Leo once considered Florin as a brother, but can he trust him with his life?

Mark Dawson examines several legal models designed to protect databases, considering in particular the EU Directive, the history of its adoption and its transposition into national laws. He compares the Directive with a range of American legislative proposals, as well as the principles of misappropriation that underpin them. In addition, the book also contains a commentary on the appropriateness of the various models in the context of moves for an international agreement on the topic. This book will be of interest to academics and practitioners, including those involved with databases and other forms of new media.

In today's competitive college admissions environment, even the most successful high school students are looking for an additional edge. Written for high-scoring students who already have ACT fundamentals down pat but want to perfect their scores, ACT Elite 36 focuses on teaching students to avoid common small-but-costly errors that trip up top-scorers, perfect their advanced strategies, and master the toughest ACT material. In late 2015, the ACT plans to debut an online version of this test and a few minor changes (to the optional portions of the exam), which will be addressed in this revision.

An Untamed Land (Red River of the North Book #1)

An illustrated guide to sex, blood and madness in Japanese exploitation cinema, including over 200,explicit and rare photographs.

Early in the year, our North American forests come to life as native wildflowers start to push up through patches of snow. With longer days and sunlight streaming down through bare branches of towering trees, life on the forest floor awakens from its winter sleep. Plants such as green dragon, squirrel corn, and bloodroot interact with their pollinators and seed dispersers and rush to create new life before the trees above leaf out and block the sun's rays. Wake Up, Woods showcases the splendor of our warming forests and offers clues to nature's annual springtime floral show as we walk in our parks and wilderness areas or even in shade gardens around our homes. Readers of Wake Up, Woods will see that Gillian Harris, Michael Homoya and Shane Gibson, through illustrations and text, present a captivating look into our forests' biodiversity, showing how species depend on plants for food and help assure plant reproduction. This book celebrates some of nature's most fascinating moments that happen in forests where we live and play.

Inventive, hilarious and joyously colorful, this fill-in journal was designed to help kids capture nearly everything that's uniquely rad about them. With design-savvy, yet completely kid-friendly illustrations, they're asked to draw or write about a bunch of interesting things — like what their hair looks like, what their band name would be, what they'd bring to outer space, and how they feel about lightning, lizards and pickles. There may or may not be a place for super-secret stuff inside the book jacket. Whether kids complete their entire compendium on a rainy day, or finish it over a year, it'll become a treasure to look back on and smile. Ideal for the holidays, rainy days and happy occasions of all kinds, this is an imagination-building gift will engage kids for hours on end

For lovers of Alexander McCall Smith, Nicholas Drayson introduces the charming Mr Malik and the East African Ornithological Society in A Guide to the Birds of East Africa. Reserved, honourable Mr Malik. You wouldn't notice him in a Nairobi street - except, perhaps, to comment on his carefully sculpted comb-over - but beneath his unprepossessing exterior lie a warm heart and a secret passion. Not even his closest friends know it, but Mr Malik is head-over-heels in love with the leader of the local Tuesday-morning bird walk, Rose Mbiikwa. Little can he imagine the hurdles that lie before him. Even as he plucks up the courage to ask for Rose's hand, thieves, potential kidnappers and corrupt officials, not to mention one particularly determined love rival, seem destined to thwart Mr Malik's chances. Will an Indian gentleman in the heart of Africa be defeated by the many obstacles that stand between him and his heart's desire? Or will honour and decency prevail? 'A funny, ingenious and touching love story' Joanne Harris, The Times 'A delightful comedy... It invites comparison to The No.1 Ladies' Detective A gency books, but it's original and, if anything, has more depth' Daily Mail 'Sweet, charming and utterly wonderful on the subject of birds' Metro Nicholas Drayson was born in England and has lived in Australia since 1982, where he studied zoology and a PhD in 19th century Australian natural history writing. He has worked as a journalist in the UK, Kenya and Australia, writing for publications such as the Daily Telegraph and Australian Geographic. He is the author of three other novels, Confessing a Murder, Love and the Platypus and A Guide to the Beasts of East Africa.

Now for the first time in e-book, a collection of Tanith Lee's short stories and novella about the fantastical adventures of Cyron, a hero larger than life. Roilant needs a hero—fast. He's trapped, betrothed to his cousin Eliset in an agreement made to help the destitute branches of their family line. But rumor has it that Eliset is a witch, a villainess behind the deaths of many in his family, and if Roilant weds her, he'll meet the same fate. Roilant didn't put much stock in the rumors—until, that is, he tried to call off the betrothal. Since then, he's been plagued by a series of nightmares demanding he return to Eliset's side by the end of the month. If he goes to her, he'll surely be murdered for his fortune, but if he stays, he fears his cousin will kill him and his beloved, the woman he loves. Convinced only one man alive can help him, Roilant stumbles into the Honey Garden inn looking for a legend—a man named Cyron. All anyone seems to have are stories, but everyone's heard tell of the mighty Cyron. They say that he looks like an angel, with hair like the sky of earnest sunrise. That he's an adventurer, a vanquisher of evil and a defender of man. That he's a fearless swordsman, a master of disguise, and a genius detective. Some say he's defeated demons and outwitted wizards. That he's solved impossible mysteries and survived inescapable death. But is he for real? And—more importantly—is he for hire?

Antennas and Wave Propagation is written for the first course on the same. The book begins with an introduction that discusses the fundamental concepts, notations, representation and principles that govern the field of antennas. A separate chapter on mathematical preliminaries is discussed followed by chapters on every aspect of antennas from Maxwell's equations to antenna array analysis, antenna array synthesis, antenna measurements and wave propagation.
