It's 1952 in a small prairie town, and bigotry is a way of life. Will and Arthur have been friends forever, but folks figure it won't last. Whites and Indians always outgrow their friendships -- or so they say. And now the boys have made a grisly discovery that threatens to unravel the very fabric of their friendship. A local Indian and World War II hero has been beaten and left for dead near the railway tracks. While the police conclude that a train caused Yellowfly's injuries, Will and Arthur know better. To find answers, they'll have to pursue the case on their own. In their search for justice, the boys discover that true brotherhood sometimes calls for sacrifice. And that courage, like cowardice, can take many forms.

An orphan and a fugitive find a connection in their secret pasts in this “love story that moves with the pace of a thriller” from an award-winning author (Yorkshire Post). At sixteen, Lamb walks out on her life. Her parents are dead and she has no brothers or sisters. For money, she cleans people’s homes. For shelter, she lives in the cellar of an elderly client. For survival, she imagines herself as a tightrope walker—one foot in front of the other, eyes straight ahead, and never allowing anyone to touch her. lest she lose her balance. Then she meets Doggo. And Lamb can feel herself falling. Doggo walked out on his life, too—or more precisely, he ran. A fugitive fleeing from a violent criminal past, he needs Lamb’s help staying under the radar. Quick-tempered, foul-mouthed, yet surprisingly tender, Doggo needs Lamb in other ways, too. But the closer they get, the more Lamb risks her precarious balance between life and death. And fear has never felt so comforting. Now You See Me, from Somerset Maugham Award winner Lesley Glaister, is an empowering novel about loneliness, trust, and the primal need to connect. It also “boasts a protagonist so heartbreakingly well-realized that you are forced to live through her eyes, in her head, her heart . . . if only all fiction made us worry and care so hard, posed us such dreadfully difficult questions” (The Guardian). “Glaister is at her best . . . written in the crisply poetic prose for which she’s known, [she] transforms the bleakest situations into compelling fiction.” —The Independent “Before Gillian Flynn, there was Lesley Glaister.” —Harper’s Bazaar

From the bestselling author of P.S. I Love You and Love, Rosie, Cecelia Ahern, comes an enchanting novel that leads you to wonder if Not Seeing is believing! Readers and critics alike adore Cecelia Ahern for her lighthearted yet insightful stories about modern women and their often unusual situations. In If You Could See Me Now, she takes that theme a step further, offering us a heroine who is entirely believable, and the new man in her life who is, well, slightly less so. Elizabeth Egan's life runs on order: Both her home and her emotions are arranged just so, with little room for spontaneity. It's how she counteracts the chaos of her family—an alcoholic mother who left when she was young, an emotionally distant father, and a free-spirited sister, who seems to be following in their mother's footsteps, leaving her own six-yearold son, Luke, in Elizabeth's care. When Ivan, Luke's mysterious new grown-up friend, enters the picture, Elizabeth doesn't know quite what to make of him. With his penchant for adventure and colorful take on things large and small, Ivan opens Elizabeth's eyes to a whole new way of living. But is it for real? Is Ivan for real? If You Could See Me Now is a love story with heart--and just a touch of magic.

On Lusitania, Ender found a world where humans and pequininos and the Hive Queen could all live together; where three very different intelligent species could find common ground at last. Or so he thought. Lusitania also harbors the descolada, a virus that kills all humans it infects, but which the pequininos require in order to become adults. The Starways Congress so fears the effects of the descolada, should it escape from Lusitania, that they have ordered the destruction of the entire planet, and all who live there. When I was experiencing my first semesters of college, the professors would hand out a syllabus outlining what would be expected of me to accomplish in class throughout that semester. As I read through each one, my heart would pound, and my hands would sweat as I felt my inadequacy in meeting the requirements for the class. I saw that I clearly lacked the knowledge, experience, and skills to be successful, and it made me want to turn and run from the classroom. However, with time, I learned that by the time each assignment was due, I had been given what I needed in order to successfully meet those requirements, no matter the difficulty. I believe Heavenly Father has a plan for each of us, a syllabus of sorts. Part of his plan includes facing unimaginable trials, things we would exclaim we could never do, never endure. It is with and through these challenges that if we allow, God grows and strengthens us, giving us power to endure and making us more than we thought we could be. Each challenge acts as a springboard, which moves us to another level of ability in forgiveness, patience, faith, empathy, gratitude, humility, prayer, and so many more attributes and skills. This book contains my stories of trial, faith, and miracles in my son Jonah's fight to live and heal after a life-threatening traumatic brain injury, which left him in a coma. It also contains those earlier experiences of my life that the Lord used to build my abilities to endure, strengthen my relationship with Him, and teach me how He moves and communicates with me in my life. Whoever said God doesn't give us anything we can't handle was so very wrong! We are given many things we couldn't possibly endure without our Heavenly Father walking beside us, guiding us, and strengthening us to bear those things we couldn't possibly imagine we could. These stories are of my very profound and tender walk with the Lord with my hand in His.

Have you ever told yourself you would never do something or be a certain kind of person? Have you always had in the back of your mind exactly how your life was going to turn out? To Be or Not to Be entails a journey in which it takes one person over ten years before they finally figure out their true path is not of their own but Gods will. This author will take you through various events (both good and bad) that in the end will fall together for Gods own purpose. We are still struggling in places, but now we know God has a reason for everything.

Were you looking for a roch, nyer? An oily voice spoke up just by the elbow of George Hanlon. "I have some excellent ones here, sir." "Yes, nyer, I want several, if I can find ones to suit me," the young man replied. Nor could anyone, glancing at him, know he was not a native of this planet, Szstruyyah, which the Inter-Stellar Corpsmen, in self-defense, called "Estrella." For the cosmetic-specialist who handled the secret servicemen's disguises had done a marvelous job in transforming the blond young Corpisman into an Estrellan native.

Great Expectations depicts the personal growth and development of an orphan nicknamed Pip in Kent and London in the early to mid-19th century. Bleak House – legal thriller based on true events. Little Dorrit – criticize the institution of debtors’ prisons, the shortcomings of both government and society. COLLECTED LETTERS THE LIFE OF CHARLES DICKENS by John Forster For fifteen years, Jerome Gold worked as a rehabilitation counselor in a prison for juveniles in Washington state. Throughout his time there, he kept a journal of his experiences with youths who had been incarcerated for murder, kidnap, assault, rape and other sex offenses, auto theft, burglary, and selling drugs. What started as a journal designed to relieve stress turned into the evocation of one man’s nuanced perspective on a unique group of young people. Paranoia & Heartbreak tells Gold’s personal story of coming to terms with people who have crossed over to the other side of their own humanity. Writing from ample experience and with unflinching compassion, Gold brings the reader to see these "deviants"—and through them, in some slanted way, our whole society, with an unexpected intensity.**

"Populist - mediatic - democracy is...totalitarianism compatible with democracy...The irreducibility of intellectuals to masses is the disjunctive element or function of the totalitarian mental field." This is, in brief, the path that awaits the reader: an instructive - at times even painful - "journey" through our cultural koine, which gradually proves to be an economic koine, monopolized and debased by publicity and consensus logic. The form of democracy that we are experiencing today is mediatic, a form unknown in the past but now in need of fresh criticism and, as a result, foreign to theoretical developments of former centuries. The Greek etymon "power of the people" has no longer value. It is replaced by "power of the media," which is at the same time an area of discussion and social interaction. The principle of majority, peculiar to democracy, becomes the instrumentum regni of mediatic power: a fictitious majority earned from TV shares is presented according to the canons of democratic rhetoric, and commercial logic takes over democratic rhetoric. "Consumption is democratic expression; discourse is aristocratic privilege... imaginary gratification and the resumption of illiteracy spurred on by spectacular society." The only option available to augment democracy consists in reducing the asymmetry of knowledge among citizens, until we allow democratic participation only to those who will have the necessary cultural qualifications. "Democratic form, debased and turned clownish by business and populist folklore, will be able to recover vital lymph through the work of its artists, through the drafting of new forms of relationship between the proper and the common." With a literary style that resembles both that of Heraclitus and Debord, this book captivates, draws enthusiasm, "demoralizes" and destructures cliches in which we are immersed, thus revealing at the same time new paths of enquiry so we can give meaning to our lives of individuals belonging to a community."

“Complex and gripping. . . . Newcomers to Arcadia will be captivated by the rich history, while those familiar with it will find that Sophia’s legend grants them a new perspective on the earlier tales.” —Publishers Weekly (starred review) “[The Lizard Princess] encourages big-picture thinking. . . . Alistair, Alex, and Alice have always been an inseparable (though not necessarily harmonious) triplet of mice...that is until Alistair is kidnapped one summer's night. While Alistair tries to make heads or tails of falling from the sky onto another young ginger-colored mouse named Tibby Rose (a most unusual incident on all accounts), Alex and Alice set off to find their missing brother. But in a world where spies abound and an elusive underground organization called FIG is only heard about in shushed bits and pieces, figuring out whom to trust is no small task for this intrepid trio. The key to the mystery seems to be within their grasp, but it only hints at another hair-raising adventure and creates more questions that seemed destined to remain unanswered. Full of warm, clean humor and whippet-quick wit, Frances Watts' new trilogy will effortlessly charm readers and adventurers alike. Chosen as a Children's Book Council of Australia Notable Book 2011

From Adelaide in "Guys and Dolls" to Nina in "In the Heights" and Elphaba in "Wicked," female characters in Broadway musicals have belted and crooned their way into the American psyche. In this lively book, Stacy Wolf illuminates the women of American musical theatre--performers, creators, and characters--from the start of the Cold War to the present. The musicals discussed here are among the most beloved in the canon--"West Side Story," "Cabaret," "A Chorus Line," "Phantom of the Opera," and many others--with special emphasis on the blockbuster "Wicked." Along the way, Wolf demonstrates how the musical since the mid-1940s has actually been dominated by women--wome
