*Guide to College Reading focuses on the key areas of reading comprehension, vocabulary improvement, and textbook reading. Critical thinking and metacognition are hallmarks of the McWhorter series. Critical thinking is incorporated throughout the book*

*in instruction, exercises, and readings. Metacognitive activities include teaching readers how to evaluate their own learning styles to increase their ability to read college-level material successfully. Exercises that ask readers to respond by writing sentences and paragraphs after reading help make the critical connection between these two activities. umerous diagrams and drawings help readers visualize how reading material can be organized. High-interest photographs and artwork appeal to the visual learner. Chapter-ending readings give immediate practice for chapter skills and aid in transferring these skills to actual reading situations. Learning Style Tips reinforce material introduced earlier throughout the book and teach readers how to apply knowledge of their individual learning styles to learn new skills. For those interested in developing their reading skills at the 6th-9th grade level.*
