

## In The Clearing The Tracy Crosswhite Series Book 3

*New York Times* bestselling author of *Girl With a Pearl Earring* and *At the Edge of the Orchard* Tracy Chevalier makes her first fictional foray into the American past in *The Last Runaway*, bringing to life the Underground Railroad and illuminating the principles, passions and realities that fueled this extraordinary freedom movement. Honor Bright, a modest English Quaker, moves to Ohio in 1850--only to find herself alienated and alone in a strange land. Sick from the moment she leaves England, and fleeing personal disappointment, she is forced by family tragedy to rely on strangers in a harsh, unfamiliar landscape. Nineteenth-century America is practical, precarious, and unsentimental, and scarred by the continuing injustice of slavery. In her new home Honor discovers that principles count for little, even within a religious community meant to be committed to human equality. However, Honor is drawn into the clandestine activities of the Underground Railroad, a network helping runaway slaves escape to freedom, where she befriends two surprising women who embody the remarkable power of defiance. Eventually she must decide if she too can act on what she believes in, whatever the personal costs. "Berkley Sensation contemporary romance"--Spine.

*In this bittersweet romance, two teens living decades apart form a bond that will change their lives forever. Amy is drawn to the misty, mysterious clearing behind her Aunt Mae's place because it looks like the perfect place to hide from life. A place to block out the pain of her last relationship, to avoid the kids in her new town, to stop dwelling on what her future holds after high school. Then, she meets a boy lurking in the mist—Henry. Henry is different from any other guy Amy has ever known. And after several meetings in the clearing, she's starting to fall for him. But Amy is stunned when she finds out just how different Henry really is. Because on his side of the clearing, it's still 1944. By some miracle, Henry and his family are stuck in the past, staying off the tragedy that will strike them in the future. Amy's crossing over to Henry's side brings him more happiness than he's ever known—but her presence also threatens to destroy his safe existence. In *The Clearing*, author Heather Davis crafts a tender and poignant tale about falling in love, finding strength, and having the courage to make your own destiny—a perfect book to slip into and hide away for awhile.*

*The last time homicide detective Tracy Crosswhite was in Cedar Grove, it was to see her sister's killer put behind bars. Now she's returned for a respite and the chance to put her life back in order for herself, her attorney husband, Dan, and their new daughter. But tragic memories soon prove impossible to escape.*

**Kellen Coulter has a way with women. A boxer from the wrong side of town, he worked his way through the wealthy daughters at Weston High with a brilliant smile, sweet words and vacant eyes. No one gets close. No one gets through. No one knows the secrets hiding inside. No one but me. I'm the only girl he's ever let in. The only one who has ever truly seen him. When we met I was just a kid, an old soul with an open ear and a full understanding of what it was to be misunderstood by everyone around you. But even I didn't know the demons sleeping inside him. Not until now. Not until it might be too late. This is not a cookie cutter romance. It is a knockdown, heartbreaking journey through friendship, love, and loss - all to find the one person who can see you clear as day, even when you've lost all sight of yourself. \*Due to language and sexual content, this book is not recommended for readers under 18.**

*Never have financial markets been subjected to a period of change as rapid and extensive as took place from the 1970s onwards. In the 1970s global financial markets were controlled by governments, compartmentalized along national boundaries, and segregated according to the particular activities they engaged in. This all disintegrated in the decades that followed under the pressure of market forces, global integration, and a revolution in the technology of trading. One product of this transformation was the Global Financial Crisis of 2008, which exposed the fragility of the new structures created and cast a long shadow that we still live in today. The response to that crisis has shaped the global financial system, which has been tested once again by the coronavirus pandemic. However, none of the outcomes of this transformation were inevitable, despite the forces at work. They were the product of decisions taken at the time for a multitude of reasons. Banks, exchanges, and regulators were faced with unprecedented challenges and opportunities as a revolution swept away traditional ways of conducting banking, the methods used to trade in financial markets, and the rules and regulations employed to enforce discipline. In this book Ranald C. Michie provides an authoritative and unrivalled account of this upheaval based on a careful and exhaustive reading of the Financial Times over the last four decades, using it to provide a source of material unmatched by any other in terms of depth and coverage. By studying what happened and why in real time, it is possible to explain the decisions taken that shaped the course of the transformation and its repercussions.*

Merrick’s dark power has turned the seaside town of Gamin, Maine, into a place of nightmares. The town is transformed into a decaying succession of infinite rooms, bottomless stairwells, and boundless corridors filled with never-ending masquerades, balls, and banquets. Each pageant is about the life Ellis lived before her return—each revelation more terrifying than the last. Ellis is desperate to find her missing cousin and leave, but there is no exit from the House of Dreams except, perhaps, through a séance to contact the living.
