

In The Shadow Of My Father Batsew

"John A. Gotti who survived four trials and a parole violation hearing without a guilty verdict, in four years, now takes up his pen to tell the story of his father's unwavering dedication to the street, and how as his son he entered that life and then with his father's permission left the life of crime and put the "Family" behind him to live a legitimate life with his real family. It is a saga of betrayal and redemption, and an insider's view of how at times those who are tasked with upholding the law readily broke it to further their careers."--cover.

When a little boy goes outside to play, he discovers something mysterious, which he can't seem to get away from, no matter how hard he tries.

Milan, 1497. The height of the Renaissance. And for Giacomo, servant of the famous painter Leonardo da Vinci, it's the most difficult time of all. His Master has been working on the Last Supper, his greatest painting ever, for nearly two years. But has he finished it? He's barely started! The all-powerful Duke of Milan is demanding that it be completed by the time the Pope visits at Easter. And Giacomo knows that if Leonardo doesn't pick up his pace, the Duke may invite a young genius -- Michelangelo -- to finish the painting instead. Which means that Leonardo won't be paid, which means that Milan's shopkeepers (to whom he owes massive amounts) will take drastic measures against him. It's all down to Giacomo, and whether he can come up with a brilliant solution. And if he does, will his Master go for it? After all, Leonardo still doesn't seem to trust him. He refuses to teach Giacomo how to paint; he won't help him find his parents; nor will he discuss the significance of the medallion, ring, and cross that Giacomo was carrying when Leonardo found him. But with the secret arrival of a powerful stranger, Giacomo is about to discover much more than the answers

he has been looking for. And he will also receive an invitation to help arrange a meeting that could change his life. . . and the future course of history. With more twists and turns than a spiral staircase, this thriller is as unique as its two heroes -- the most celebrated artist who ever lived, and a young man without a past, who will stop at nothing to find the truth about his life.

To win a bet with Woodchuck, Rabbit tries to get rid of his shadow. He tries everything and even enlists the help of his forest friends. Not until nightfall is he able to shed his shadow.

Sara Sanchez has created soft and inviting illustrations to creatively interpret Robert Louis Stevenson's original lines from the poem "My Shadow," which was originally published in his classic for children, A Child's Garden of Verses. Sanchez's pictures are filled with humor and help propel this timeless poem into the twenty-first century. My Shadow is sure to become a bedtime favorite for

the whole family. Sky Pony Press, with our Good Books, Racehorse and Arcade imprints, is proud to publish a broad range of books for young readers—picture books for small children, chapter books, books for middle grade readers, and novels for young adults. Our list includes bestsellers for children who love to play Minecraft; stories told with LEGO bricks; books that teach lessons about tolerance, patience, and the environment, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

This charming book shows you how to have fun with a pastime that has delighted children and adults for generations: making shadow pictures on the wall with your hands and fingers. Selected from the pages of two clever 19th-century picture books, 28 hand-shadow illustrations demonstrate how to create marvelous images of a goose, deer (with antlers), birds, a bunny, a dog, an elephant, a tortoise, and a host of other familiar creatures. For extra enjoyment, the illustrations are accompanied by lively, often hilarious verses by Frank Jacobs, whose zany humor and wacky parodies have appeared in numerous publications. With this book and a bit of practice, you'll soon be delighting friends and relatives with an entertaining performance of shadow art.

Former law enforcement professional Lillie Leonardi has always lived with her feet planted in two separate worlds--the metaphysical and the physical. In the Shadow of a Badge, her previously self-published spiritual memoir, takes you on a dramatic journey of what happens when Leonardi's two very

distinct realities become dangerously intertwined. During her work at the crash site of Flight 93 in Shanksville, Pennsylvania, surrounding the fateful events of September 11th, Leonardi is forced to confront her connection to the divine--something she has struggled with since her youth. Her gripping personal account of the 12 days she spent acting as an FBI liaison between the law enforcement and social service agencies carries you into a world that combines the factual and logistical with the angelic and mystical. After witnessing what she describes as a "field of angels" during her first minutes at the crash site, Leonardi must finally reconcile the opposing sides of her life. We walk with her through the diagnosis of Post-Traumatic Stress Disorder, experience the guilt and fear that grip her, and witness the remarkable transformation of her soul as she discovers that forgiveness, of self and others, can be the best remedy. As an inspiring example of what it really means to be called to service, Leonardi shows that it's never too late to find your spiritual path and life's purpose.

A stunning, powerful debut novel set against the backdrop of the Cambodian War, perfect for fans of Chris Cleave and Chimamanda Ngozi Adichie For seven-year-old Raami, the shattering end of childhood begins with the footsteps of her father returning home in the early dawn hours bringing details of the civil war that has overwhelmed the streets of Phnom Penh, Cambodia's capital. Soon the family's world of carefully guarded royal privilege is swept up in the chaos of revolution and forced exodus. Over the next four years, as she endures the deaths of family members, starvation, and brutal forced labour, Raami clings to the only remaining vestige of childhood - the mythical legends and poems told to her by her

father. In a climate of systematic violence where memory is sickness and justification for execution, Raami fights for her improbable survival. Displaying the author's extraordinary gift for language, In the Shadow of the Banyan is testament to the transcendent power of narrative and a brilliantly wrought tale of human resilience. 'In the Shadow of the Banyan is one of the most extraordinary and beautiful acts of storytelling I have ever encountered' Chris Cleave, author of The Other Hand 'Ratner is a fearless writer, and the novel explores important themes such as power, the relationship between love and guilt, and class. Most remarkably, it depicts the lives of characters forced to live in extreme circumstances, and investigates how that changes them. To read In the Shadow of the Banyan is to be left with a profound sense of being witness to a tragedy of history' Guardian 'This is an extraordinary debut ... as beautiful as it is heartbreaking' Mail on Sunday

Curtis Roosevelt was three when he and his sister, Eleanor, arrived at the White House soon after their grandfather's inauguration. The country's "First Grandchildren," a pint-sized double act, they were known to the media as "Sistie and Buzzie." In this rich memoir, Roosevelt brings us into "the goldfish bowl," as his family called it--that glare of public scrutiny to which all presidential households must submit. He recounts his misadventures as a hapless kid in an unforgivably formal setting and describes his role as a tiny planet circling the dual suns of Franklin and Eleanor Roosevelt. Blending self-abasement, humor, awe and affection, *Too Close to the Sun* is an intimate portrait

of two of the most influential and inspirational figures in modern American history—and a thoughtful exploration of the emotional impact of growing up in their irresistible aura.

“In climbing the Seven Summits, Silvia Vasquez-Lavado did nothing less than take back her own life—one brave step at a time. She will inspire untold numbers of souls with this story, for her victory is a win on behalf of all of us.” —Elizabeth Gilbert

Endless ice. Thin air. The threat of dropping into nothingness thousands of feet below. This is the climb Silvia Vasquez-Lavado braves in her page-turning, pulse-raising memoir following her journey to Mount Everest. A Latina hero in the elite macho tech world of Silicon Valley, privately, she was hanging by a thread. Deep in the throes of alcoholism, hiding her sexuality from her family, and repressing the abuse she'd suffered as a child, she started climbing. Something about the brute force required for the ascent—the risk and spirit and sheer size of the mountains and death's close

proximity—woke her up. She then took her biggest pain as a survivor to the biggest mountain: Everest. “The Mother of the World,” as it’s known in Nepal, allows few to reach her summit, but Silvia didn’t go alone. She gathered a group of young female survivors and led them to base camp alongside her. It was never easy. At times hair-raising, nerve-racking, and always challenging, Silvia remembers the acute anxiety of leading a group of novice climbers to Everest’s base, all the while coping with her own nerves of summiting. But, there were also moments of peace, joy, and healing with the strength of her fellow survivors and community propelling her forward. In *The Shadow of the Mountain* is a remarkable story of heroism, one which awakens in all of us a lust for adventure, an appetite for risk, and faith in our own resilience.

It was like a nightmare, but there was no waking up. When the night began, Nora had two best friends and an embarrassingly storybook one true love. When it ended, she had nothing but blood on her hands and an echoing scream that stopped only

when the tranquilizers pierced her veins and left her in the merciful dark. But the next morning, it was all still true: Chris was dead. His girlfriend Adriane, Nora's best friend, was catatonic. And Max, Nora's sweet, smart, soft-spoken Prince Charming, was gone. He was also—according to the police, according to her parents, according to everyone—a murderer. Desperate to prove his innocence, Nora follows the trail of blood, no matter where it leads. It ultimately brings her to the ancient streets of Prague, where she is drawn into a dark web of secret societies and shadowy conspirators, all driven by a mad desire to possess something that might not even exist. For buried in a centuries-old manuscript is the secret to ultimate knowledge and communion with the divine; it is said that he who controls the Lumen Dei controls the world. Unbeknownst to her, Nora now holds the crucial key to unlocking its secrets. Her night of blood is just one piece in a puzzle that spans continents and centuries. Solving it may be the only way she can save her own life. Growing up almost simultaneously with the independent Cameroon nation, it takes Tipoung'he a long time together with challenging experiences to realise that he has all along been living in the shadow of his country. His epic story is representative of the many whose untold stories are caught in the schematic confusion of independence, in which self-knowledge must rally back finally from

the lethargic ideals of the Nation and the Patriot in a redeeming instance of identity. The story mirrors the growth of the hero as he gets used to his ever shifting environment. The complexity of experience, the burden of knowledge, and how to express these, confront Tipoung'he with prescriptive arrogance, and the more he gets entangled in the authoritative and patriotic mesh, the more he becomes aware of the need to withdraw from their osmotic consciousness. The moment of withdrawal, which coincides with self-knowledge, is a personal and symbolic rebirth.

The question follows Lorna Luft to this day: "What's it like to be Dorothy's daughter?" Although by appearances glamorous and truly thrilling, growing up as the daughter of Judy Garland was anything but a journey over the rainbow. With unsparing candor, Lorna Luft offers the first-ever insider portrait of one of Hollywood's most celebrated families: a rare story of a little girl, her half-sister Liza, and her baby brother trying desperately to hang on to the mother whose life seemed destined to burn brightly but briefly. Lorna makes an extraordinary journey back into the spiral of love, addiction, pain, and loss that lurked behind a charmed facade. Filled with behind-the-scenes dramas, hilarious untold stories, and little-known details of Garland family life, *Me and My Shadows* is a tribute to Lorna's victory over her own past, a story of hope, of love and its limitations, and a deeply moving testament to the healing powers of

embracing one's past and charting a course of self-love and discovery.

Shadows on My Wall

Memoir about Flight 93, a Field of Angels, and My Spiritual Homecoming

Me and My Shadows

In the Shadow of the Sign by Renée Patin Farrington Lavishly illustrated with almost 1000 photos, many seen for the first time, including vintage images dating from the twenties and exclusive photographs from the Walt Disney archives. The Hollywood Sign is a beacon to all who seek the glitz and glamour of the tinsel town it shines down upon. To little Renée Patin--nicknamed Patsy--growing up in Burbank on the "wrong" side of the mountain that bears the fabled Sign meant that she lived in the shadow, far from all the sparkling treasures her future could offer. Those dancing klieg lights seen from her front yard did not shine for her...or so she thought. Now in her eighties, Renée Patin Farrington has created a highly entertaining, illustrated memoir of her journey out from under that shadow. She writes with the childlike wonder and humor inherited from her fairy tale-loving artist mother Maxine and cartoonist father, Ray Patin. Every page is filled with illustrations, many from the movie camera Ray focused on his only child and on his career animating Donald Duck at the Disney studio just blocks from home. One scenario features little Renée riding the full-sized train in the backyard of Ward, a family friend. She had no idea he was

the creator of her first conscience, Jiminy Cricket, until she spotted the beloved bug and Ward Kimball's name on a train at Disneyland where she worked in its earliest days. Ray's art from high school in the twenties and cartoon-covered love letters to Maxine during their life together add a touch of fun throughout. The pioneering mid-century commercials from Ray Patin Productions on Sunset Boulevard illustrate a career worthy of *Mad Men*. The book is sprinkled with nostalgia such as war on the home front and teen-tempting magazine ads. From grade school classmate Natalie Wood to dreamy teen idol John Wilder to Miss Burbank Debbie Reynolds, you'll encounter a who's who of stars from the "right" side of the Sign. Readers are invited on a guided tour of the hidden highlights of La La Land and of Santa Barbara, home of the twenties movie studio that rivaled Hollywood. There, as a college student, Farrington dated a fellow student who became America's most famous sculptor. After studies at the Louvre in Paris, teaching movie stars' kids near Beverly Hills and the children of jet setters in Switzerland, several careers including toy design, cruising from coast to coast in a hand-crafted yacht, and travels around the world, Renée Patin Farrington is back in California. She is far from the shadow of the Sign, sharing the journey that proves that T.S. Eliot was right: "We shall not cease from exploration, and the end of all our exploring will be to arrive where we started and know the place for the first time."

A moving portrait of Africa from Poland's most celebrated foreign correspondent - a masterpiece from a modern master. Famous for being in the wrong places at just the right times, Ryszard Kapuscinski arrived in Africa in 1957, at the beginning of the end of colonial rule - the "sometimes dramatic and painful, sometimes enjoyable and jubilant" rebirth of a continent. *The Shadow of the Sun* sums up the author's experiences ("the record of a 40-year marriage") in

this place that became the central obsession of his remarkable career. From the hopeful years of independence through the bloody disintegration of places like Nigeria, Rwanda and Angola, Kapuscinski recounts great social and political changes through the prism of the ordinary African. He examines the rough-and-ready physical world and identifies the true geography of Africa: a little-understood spiritual universe, an African way of being. He looks also at Africa in the wake of two epoch-making changes: the arrival of AIDS and the definitive departure of the white man. Kapuscinski's rare humanity invests his subjects with a grandeur and a dignity unmatched by any other writer on the Third World, and his unique ability to discern the universal in the particular has never been more powerfully displayed than in this work.

I dedicate this book to the children of addicts, the tender souls who do not know that they are being cheated out of a life and that they are being sacrificed and misled before they know why. It doesn't take long for the children of addicts to realize that they are different from others, that their souls have been burned, and that they will never find the parental love they so relentlessly pursue. But the human spirit will prevail, and the children of addicts will survive. All they have to do is dream, dream past the addicted parent, dream out of a hopeless situation created. The tender souls can dream themselves into productive and happy lives. I am the product of my own dream, and this is my story.

Each chapter in this delightful book tells its own story. As you read this book you cannot help but think about your own life. There really isn't too much of a difference among us. You will see how much alike we are. Believe in yourself.

Finally, once their friendship is revealed, he realizes his

shadow is a great friend, protector and everything he could possibly imagine him to be.

In the 6th century AD, the Near East was divided between two great empires: the Persian and the Roman. A hundred years on, and one had vanished for ever, while the other was

a dismembered, bleeding trunk. In their place, a new

superpower had arisen: the empire of the Arabs. So

profound was this upheaval that it spelled, in effect, the end

of the ancient world. But the changes that marked the period were more than merely political or even cultural: there was

also a transformation of human society with incalculable consequences for the future. Today, over half the world's population subscribes to one of the various religions that took on something like their final form during the last centuries of antiquity. Wherever men or women are inspired by belief in a single god to think or behave in a certain way, they bear witness to the abiding impact of this extraordinary, convulsive age - though as Tom Holland demonstrates, much of what Jews, Christians and Muslims believe about the origins of their religion is open to debate. In *The Shadow of the Sword* explores how a succession of great empires came to identify themselves with a new and revolutionary understanding of the divine. It is a story vivid with drama, horror and startling achievement, and stars many of the most remarkable rulers ever seen.

Barcelona, 1945: A city slowly heals in the aftermath of the Spanish Civil War. Daniel*, an antiquarian book dealer's son who mourns the loss of his mother, finds solace in what he finds in the "cemetery of lost books," a mysterious book entitled *The Shadow of the Wind*, by one Julián Carax. But when he sets out to find the author's other works,

he makes a shocking discovery: someone has been systematically destroying every copy of every book Carax has written. In fact, Daniel may have the last of Carax's books in existence. Soon Daniel's seemingly innocent quest opens a door into one of Barcelona's darkest secrets--an epic story of murder, madness, and doomed love. From the streetlight outside his window, a young boy imagines the shadows on the wall are scary dinosuars, dragons, and pirates. For any woman wondering how to find her way clear of a thicket of lies, *The Shadows in My Heart* offers encouragement. And for any woman who celebrates having found her way free, this book is a captivating reminder of how far she has come. Honest and engaging, readers are the beneficiaries of Mary Havens having found her voice in the storm. This powerful personal memoir follows Stefan Rybak, a workaholic with a history of success in entertainment, media, and marketing, as he confronts an unscheduled, inescapable interruption to his business plans.

After Stefan collapses and is rushed to the emergency room, a doctor insists that he schedule major heart surgery to correct a previously undiagnosed congenital heart defect. The surgery is potentially life-threatening. Ignoring the defect, however, means certain death. Confronted with his own mortality, and uncertain about how to handle this devastating new development in his life, Stefan appeals to the memories of his late, strong-willed, and highly protective mother Maria—who, as a young Polish girl, was forced into slave labor by the Nazis during World War II. She was a survivor, in every sense of the word, and prayer seems to have been the key to her survival. Stefan has always considered her a strong presence in his life and an ongoing role model for handling adversity. Although his mother has passed on, Stefan finds he has somehow become even closer to her as he confronts his terrifying medical situation. During post-surgical recovery, Stefan decides to write a book about his experience. He learns that his mother shielded him, both as a

child and as a man, from the most difficult and traumatic realities that she had to cope with during and after the war. Stefan's mother was a remarkable, but deeply flawed, woman and, to complete the book, Stefan must come to terms with her good and bad choices, her alcoholism, her turbulent marriage and divorce, and her enduring spirituality. Prayer, he discovers, was the sustaining force in her chaotic and trauma-filled life. THE SHADOW ON MY HEART is a poignant examination of one man's struggle to cope with sudden, seemingly random adversity ... to understand and accept his mother as the human being she was ... to reconnect on a deeper level with his own family ... and to grasp the true meaning of the words, "Thy will be done."
