This book is not intended to be a History of Napoleon the First, but simply to reproduce the bulk of the Caricatures and Satires published in England on our great enemy, with as much of history as may help to elucidate them. The majority of the caricatures are humorous; others are

silly, or spiteful—as will occasionally happen nowadays; and some are too coarse for reproduction—so that a careful selection has had to be made. Gillray and Rowlandson generally signed their names to the work of their hands; but, wherever a caricature occurs unsigned by the artist, I have attributed it, on the authority of the late Edward Hawkins, Esq., some time Keeper of the Prints at the British Museum, to whatever artist he has assigned it. I have personally inspected every engraving herein described, and the description is entirely my own. Should there, by chance, be an occasional discrepancy as to a date, it has been occasioned by the inconceivable contradictions which occur in different histories and newspapers. To cite an instance: in three different books are given three different dates of Napoleon leaving Elba, and it was only by the knowledge that it occurred on a Sunday, and by consulting an almanac for the year 1815, that I was able absolutely to determine it. The frontispiece is taken from a very rare print, and gives a novel view of Napoleon to us, who are always accustomed to see him represented in military uniform. That my readers may find some instruction, mingled with the amusement I have provided for them, is the earnest wish of

Unmatching but a cute duo, Hideo Tanizaki and Sohei Nakai once again find themselves in a big trouble. What did they do? And how would Tanizaki use his knowledge of art forgery, counterfeit, and black market dealing to rectify situation?

In Walnut Creek, Ohio, a couple's marriage is on the brink of collapse. Could a trip to an Amish antique store set them on a path of healing?

Medicinal Plants in Australia Volume 2

A moving, multigenerational story about love, family roots, and the cycle of life When Emilia finds a walnut one morning, Grandpa tells her the story behind it: of his journey across the ocean to a new home, with only one small bag and a nut in his pocket. “I planted my little tree in good brown soil, so it would grow strong here forever.” “In this house? In this yard?” “Shall we go see?” Step by step, Grandpa teaches Emilia how to cultivate her own seed. But as her little nut grows, Grandpa begins to slow down—until one sad day, Emilia has to say goodbye. Emilia’s sapling looks as droopy as she feels . . . but she knows just what to do. From acclaimed author and illustrator Ammi-Joan Paquette and Felicita Sala, this tender story is a poignant reminder that the best things grow with time—and that even when they are no longer here, the ones we love are always a part of us.
