Investment Opportunities and Tax Benefits for NRIs in India India is one of world's fastest growing economies. NRIs can uniquely benefit from this growth both because of their familiarity with the country and the special investment benefits and tax concessions offered to them, with repatriation facilities. This bestselling guide provides NRIs clear, incisive and profitable insights into: ● Important investment avenues in India ● Investment opportunities in Indian shares and mutual funds ● Opportunities and benefits of investing in immovable property ● The tax haven that is India ● Highlights of relevant taxation provisions, including double taxation agreements ● How residential status impacts taxability status ● Different types of NRI incomes: what is Indian income, forex income ● Forex remittances by NRIs and FEMA provisions ● Banking options and preferentials ● Best options for NRIs planning to return to India ● Baggage rules — what comprise baggage; what attracts duty, what doesn't ● Also, NRI-related provisions of Budget '21, and much else. In effect, NRIs enjoy a "favoured son" status in India, which provides them the greenest of financial pastures. Come, find out how you can benefit from it.

This is a Reference Annual, a yearbook carrying all the information of central government schemes, programmes and policies. Information of States and UTs is also included in the Reference Book.

This study examines the cultural experience of Anglo-Indians, those of mixed British and Indian ancestry who settled in Britain following India's independence. Using archival research, ethnography, and literary and cultural analyses, Almeida investigates the initial migration of Anglo-Indians and their decades-long experience of assimilation.

You. READY!?

This report examines the links between inequality and other major global trends (or megatrends), with a focus on technological change, climate change, urbanization and international migration. The analysis pays particular attention to poverty and labour market trends, as they mediate the distributional impacts of the major trends selected. It also provides policy recommendations to manage these megatrends in an equitable manner and considers the policy implications, so as to reduce inequalities and support their implementation.

India Year Book 2020 is one of the most important source materials for UPSC IAS Preparation. The book is one source that covers all the information needed regarding various programs and policies launched by the government, which is very helpful for civil services exams for both prelims and mains of IAS examinations. The India year book information ranging from urban to rural India, industry to infrastructure, art and culture, technology and science to economy, health, defence, education and mass communication is put together. Information about sports, national events and international events having relevance to India are also depicted in this book. India Yearbook 2020 New Edition Volume-2 Every year GRASP IAS publishes GIST of the India Year Book for UPSC Exam in two parts which covers the important chapters of the Book in point format. We have covered the data, programmes, policies, institutions, recent initiatives which are important from both prelims and mains point of view of UPSC IAS Examinations 2020.

This book is based on the concept of travel agency management. A reader will be acquainted with various concepts, such as promotion of new tourism and travel destinations, procedures and formalities of travel agency, financing and marketing and regulatory laws for tourism business in India.

Surrogacy presents particularly complex questions for human rights law and theory. This book provides a unique and insightful examination into the underexplored issues of how domestic and international law is responding to the sharp increase in the use of surrogacy. The work presents critical analysis of the current regulation of surrogacy via domestic law in Australia, India and the USA, and international law in the form of the UN Convention on the Rights of the Child. Including a wide range of views from academics and practitioners around the world, the contributors consider what could be done to further protect the rights of all persons involved in surrogacy arrangements. This in-depth study of the international and domestic law governing surrogacy provides much needed scholarly knowledge of this contemporary phenomenon, along with recommendations for improvement, regulation and reform. The book will be of great importance to human rights and legal scholars, and well as practitioners in this field.

The Long Partition and the Making of Modern South Asia

Mastering JIRA 7

The History of Man's Most Travelled Document

Emigration in 21st-Century India is the first definitive exposition of contemporary Indian labour migration. The book

provides a comprehensive appraisal of the policies, legislation and institutional architecture governing emigration at both federal and state levels. It posits that, geographically, emigration is now a more inclusive, pan-India phenomenon with many distinct features. It draws critical attention to the multiple dualities in Indian emigration, showing how the artificial distinction between a universal pravasi ('expatriate' or 'migrant') and a restricted aam pravasi ('common emigrant') distorts emigration governance. On the basis of extensive data from the Kerala Migration Survey (KMS) and National Sample Survey Organisation (NSSO) Rounds, it projects the emerging profile of the emigrant from new source states as also the likely number of migrants by 2021, drawing cross-country comparisons where appropriate. The work will be invaluable to scholars of migration and diaspora studies, economics, development studies and sociology, as well as policy makers, administrators, academics, and non-governmental organisations in the field.

In this groundbreaking work, Kamal Sadiq reveals that most of the world's illegal immigrants are not migrating directly to the US, but to countries in the vast developing world, where they are able to obtain citizenship papers fairly easily. Sadiq introduces "documentary citizenship" to explain how paperwork--often falsely obtained--confers citizenship on illegal immigrants. Across the globe, there are literally tens of millions of such illegal immigrants who have assumed the guise of "citizens." Who, then, is really a citizen? And what does citizenship mean for most of the world's peoples? Rendered in vivid detail, *Paper Citizens* not only shows how illegal immigrants acquire false papers, but also sheds light on the consequences this will have for global security in the post 9/11 world.

Published by OpenStax College, *U.S. History* covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. *U.S. History* is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

The Passport

Surrogacy is an arrangement, often supported by a legal agreement, whereby a woman agrees to delivery/labour for another person or people, who will become the child's parent(s) after birth. People may seek a surrogacy arrangement when pregnancy is medically impossible, when pregnancy risks are dangerous for the intended mother, or when a single man or a male couple wish to have a child. Surrogacy is considered one of many assisted reproductive technologies. In surrogacy arrangements, monetary compensation may or may not be involved. Receiving money for the arrangement is known as commercial surrogacy. The legality and cost of surrogacy varies widely between jurisdictions, sometimes resulting in problematic international or interstate surrogacy arrangements. Couples seeking a surrogacy arrangement in a country where it is banned sometimes travel to a jurisdiction that permits it. In some countries, surrogacy is legal only if money does not exchange hands.

After eight years of research in the records of the War Department, the State Department, the archives of the individual states, as well as records of the Spanish and the British in West Florida, the author first published this collection of the passports and travel records in 1982. These documents were issued to individuals and families traveling or migrating into the Mississippi Valley area and include all known travel documents for the period of 1770-1823. Each entry gives the names of the passport recipients, the official granting the passport, the date the passport was executed and other identifying particulars. In addition the history of the passport process as it affected the various jurisdictions under consideration is explained in detail. Bridging the gap between history and genealogy, this book includes extensive citations and notes. Coupled with a bibliography of sources and a complete name index, this volume possibly represents the most complete source of information for this time period.

Illuminating their breadth and diversity, this book presents a comprehensive and multidisciplinary view of legal documents and their manifold forms, uses, materialities and meanings. In 1951, Suzanne Briet, a librarian at the Bibliotheque Nationale in Paris, famously said that an antelope in a zoo could be a document, thereby radically changing the way documents were analysed and understood. In the fifty years since this pronouncement, the digital age has introduced a potentially limitless range of digital and technological forms for the capture and storage of information. In their multiplicity and their ubiquity, documents pervade our everyday life. However, the material, intellectual, aesthetic and political dimensions and effects of documents remain difficult to pin down. Taking a multidisciplinary and international approach, this collection tackles the question, what is a legal document?, in order to explore the material, aesthetic and intellectual attributes of legal documentation; the political and colonial orders reflected and embedded in documents; and the legal, archival and social systems which order and utilise information. As well as scholars in law, documentary theory, history, Indigenous studies, art history and design theory and practice, this book will also appeal to those working in libraries, archives, galleries and museums, for whom the ongoing challenges of documentation in the digital age are urgent and timely questions.

Become an expert at using JIRA 7 through this one-stop guide! About This Book This comprehensive guide will help you implement, customize and administer JIRA 7 application to meet the needs of your organization You will get to know the strategies needed to develop and deploy JIRA 7, along with best practices when working with Jira It covers the latest integrations of JIRA 7 with third-party platforms to help you professionally manage your software development projects Who This Book Is For If you are a JIRA administrator who is managing small-to-medium JIRA instances and you want to learn how to manage enterprise-scale instances, then this book will help you expand your knowledge and equip you with advanced skills. Prior understanding of the JIRA core concepts is required. What You Will Learn Plan the installation and upgrade of your JIRA instance to the newest version Configure issue type schemes, create customized workflows, modify permission schemes, and change notification schemes Implement JIRA Service Desk to manage your support tickets Customize JIRA for test management, helpdesk, and requirement management Deploy JIRA for Agile tracking using the Scrum and Kanban techniques Develop JIRA add-ons to extend JIRA's functionality Migrate data from external systems using CSV import Generate reports directly from the JIRA database and use custom JavaScript and CSS Integrate your JIRA application with third-party tools such as Confluence, SVN, and Git In Detail Atlassian JIRA 7 is an enterprise issue tracker system. One of its key strengths is its ability to adapt to the needs of an organization, ranging from building software products to managing your support issues. This book provides a comprehensive explanation covering all three components of JIRA 7, such as JIRA Software, JIRA Core, and Jira Service Desk. It shows you how to master the key functionalities of JIRA and its customizations and useful add-ons, and is packed with real-world examples and use cases. You will first learn how to plan for a JIRA 7 installation and fetch data. We cover JIRA reports in detail, which will help you analyze your data effectively. You can add additional features to your JIRA application by choosing one of the already built-in add-ons or building a new one to suit your needs. Then you'll find out about implementing Agile methodologies in JIRA by creating Scrum and Kanban boards. We'll teach you how to integrate your JIRA Application with other tools such as Confluence, SVN, Git, and more, which will help you extend your application. Finally, we'll explore best practices and troubleshooting techniques to help you find out what went wrong and understand how to fix it. Style and approach This comprehensive book covers the advanced and new features of JIRA 7 with the help of rich code-based, real-world examples and use cases.

Everybody who is interested in working in India now has a resource to their make life easier. Knowledge Must's new guide book 'Work in India' is an in-depth resource featuring authoritative information on all important aspects of working as a foreigner in India. In this time of increasingly competitive labour markets, people all around the world look for challenging job opportunities beyond their home countries. India has emerged as one of the cultural and economic hotspots of the 21st century, and has developed into a major competence centre in fields as varied as IT, engineering, and the entertainment industry. "I have a good French diploma," says political science student Barbara Vassou, "but still, it is not easy to find a suitable job for me in France and I don't want to live in a 15 square metre box in Paris anymore after six years of hard studies. In India, as a young professional, my life is much more comfortable and more exciting, too. All the information I need about how to organise my life in India is covered in this guide!" Knowledge Must invites everybody to take a chance to experience one of the most captivating societies in our globalising world and witness one of the oldest, and at the same time most forward-looking, cultures. "In India you can find lots of employment opportunities in fields as varied as IT, media, and development work. However, you need to be prepared to immerse yourself in the complex Indian culture to ensure your personal and professional satisfaction", states author Daniel Ratheiser. Life for foreigners joining the Indian labour market will be so much easier once they figured out the Indian cultural environment. In addition to answering the most pressing questions, the guide features valuable insights ranging from logistics such as visa procedures and accommodation arrangements to cultural background information and inspiration for how to spend one's leisure time. This publication guides readers to a deeply satisfying experience when coming to India for work.

This is an edited book based on the selected submissions made to the conference titled "International Conference in Smart Cities". The project provides an innovative and new approach to holistic management of cities physical, socio-economic, environmental, transportation and political assets across all domains, typically supported by ICT and open data.

Inequality in a Rapidly Changing World

A notary is a public official responsible for independently verifying signatures and oaths. Depending on how a document is written, a notarization serves to affirm the identity of a signer and the fact that they personally executed their signature. A notarization, or notarial act, officially documents the identity of a party to a document or transaction and the occasion of the signing that others can rely upon, usually at face value. A notary's authentication is intended to be reliable, to avoid the inconvenience of having to locate a signer to have them personally verify their signature, as well as to document the execution of a document perhaps long after the lifetime of the signer and the notary. An oath is a sworn statement. In most cases a person will swear that a written statement, oral statement, or testimony they are about to give is true. A notary can document that the notary administered an oath to an individual. This book considers how the civic ideals embodied in India's constitution are undermined by exclusions based on social and economic inequalities, sometimes even by its own strategies of inclusion. Once seen by Westerners as a political anomaly, India today is the case study that no global discussion of democracy and citizenship can ignore.
