

Ingles 2 De Primaria Macmillan Fichas Apollo

The Pupil's Books are story-based. With the help of an amazing magic computer game, the characters travel all over the world learning about different people and cultures. Level 1 has been written for pupils who are not expected to read and write in English and in Level 2, reading and writing is gently introduced from Unit 3 onwards.

El libro proporciona interesantes recursos, propuestas y experiencias que nos facilitarán nuestra práctica diaria y ayudarán al alumnado a adquirir y perfeccionar habilidades que les permitan comunicarse en diferentes situaciones.

Las lenguas extranjeras en el aula

Next Move British English, Level 2

With a Foreword by Hugh Starkey and Audrey Osler, and Afterwords by Graham Crookes, Hilary Janks and Allan Luke, this book promotes critical language education and illustrates how a critical agenda can be enacted in English language education in real classrooms. It presents four cases located in primary and secondary schools in the province of Buenos Aires in Argentina in contexts that can be characterised as vulnerable or difficult. It describes the possibilities, challenges and limitations of this critical agenda using students' drawings, posters, leaflets, artwork, classroom activities and conversational data as foundation, and including the voices of local teachers in their classrooms. Importantly, these teachers used teacher-made, locally produced, critical post-method materials, described by the author of those materials in one of the chapters. In this way, the book offers a unique balance of researcher, teacher and materials writer voices. These materials are included in the book and can help language teachers around the world to introduce critical perspectives in their specific contexts. The book is appealing to researchers, classroom teachers, teacher educators, and materials writers and developers interested in critical language education.

Para muchas personas aprender una lengua extranjera es una tarea complicada, pendiente y desmotivadora. Esto puede ser debido a muchos factores, pero fundamentalmente a la metodología que se utiliza en las aulas de inglés. Este libro pretende estudiar los diferentes enfoques para enseñar una lengua extranjera, así como el proceso de adquisición del segundo idioma, centrándose en qué papel juega la primera lengua y las variables psicológicas, sociales y ambientales que influyen este proceso. El conocimiento de estas perspectivas pretende dar a los profesores de inglés una visión más realista de los desafíos de la educación bilingüe, lo que les permitirá diseñar experiencias de aprendizaje más significativas para sus alumnos.

«En Breviario del olvido, ese aventurero intelectual tan atrevido como sutil que es Lewis Hyde clarifica los insondables misterios del recuerdo y el olvido, el trauma y la recuperación, la conmemoración y la amnesia, la reconciliación y el perdón». MICHAEL CHABON Vivimos en una cultura que otorga un gran valor al recuerdo: cuántos de ellos somos capaces de atesorar, cuál es la mejor manera de documentar y retener los diferentes momentos de nuestra vida... Breviario del olvido es un soberbio experimento de erudición, autobiografía y crítica social en el que Lewis Hyde fragua una nueva manera de ver la desmemoria: ¿iqué pasaría si considerásemos que la mala memoria no es algo que debamos temer ;ya sea en forma de demencia o de simple despiste;, sino que es más bien una bendición, un bálsamo, un camino hacia la paz y una forma de renacimiento? El autor reúne en esta obra fragmentos de textos y de obras de arte de distintas épocas, desde la antigüedad hasta la modernidad, y sopesa las potenciales ventajas que la amnesia puede suponer en nuestros días, dada su condición de fuerza creativa y política. Hyde vuelve también la mirada hacia el interior y utiliza su vida y sus recuerdos a modo de lienzo sobre el cual resalta las virtudes de un concepto que hemos percibido como algo malo durante demasiado tiempo. En definitiva Breviario del olvido es una síntesis única, desenfadada e inspiradora que solo es capaz de crear un autor de la talla de Hyde, en palabras de David Foster Wallace, «una verdadera estrella de la literatura de no ficción».

En este libro se incluye una síntesis de algunas vivencias innovadoras en las aulas de primaria en el contexto educativo español.
