Teach writing skills using the Four Square method, which has been proven to work in classrooms just like yours. This revised and updated edition of the book also includes PowerPoint files filled with additional Four Square examples, activities, and writing exercises. The Four Square method can be used with all forms of writing and will fit any reading or language arts program. This step-by-step approach is built around a simple graphic organizer that first shows students how to collect ideas and then helps them use those ideas to create clear and polished products. It is also great for content area writing.

***A top-selling teacher resource line, The 100+ Series(TM) features over 100 reproducible activities in each book! Ancient Latin and Greek live on in the words we speak every day. Introduce your students to the fun and challenge of word genealogy with Words on the Vine, a 36-unit vocabulary program based on common Latin and Greek roots that will provide you with a framework for an entire school year. Each unit introduces 10 related words and shows how their definitions can be traced back to a common meaning. Students first examine each word in context to understand its correct usage. Then they have the opportunity to put the words to work for themselves in creative and challenging assignments. Each unit provides easy-to-remember visual clues, fun-to-read usage examples, and hand-on activities.***
