A professional perspective to implementing IFRS 10, 11, and 12 The new International Financial Reporting Standards (IFRS) 10, 11, and 12 are changing group accounting for many businesses. As business becomes increasingly global, more and more firms will need to transition using the codes and techniques described in Principles of Group Accounting under IFRS. This book is a practical guide and reference to the standards related to consolidated financial statements, joint arrangements, and disclosure of interests. Fully illustrated with a step-by-step case study, Principles of Group Accounting under IFRS is equally valuable as an introductory text and as a reference for addressing specific issues that may arise in the process of consolidating group accounts. The new international standards will bring about significant changes in group reporting and it is essential for accountants, auditors, and business leaders to understand their implications. Author Andreas Krimppann is an internationally recognized authority on the transition from GAAP to IFRS, and this new text comes packaged with GAAP/IFRS comparison resources that will help make the changes clear. Other bonus resources include an Excel-based consolidation tool, checklists, and a companion website with the latest information. Learn about: Definitions, requirements, processes, and transition techniques for IFRS 10, 11, and 12 covering group level accounting Practical implementation strategies demonstrated through a clear case study of a midsize group Key concepts related to consolidated financial statements, joint ventures, management consolidation, and disclosure of interests Comparisons between GAAP and IFRS to clarify the required changes for international firms Whatever stage of the consolidation process you are in, you will appreciate the professional perspective in Principles of Group Accounting under IFRS. Closing the books is one of the key functions of the accounting department. Closing the Books reveals how to do so promptly and accurately, so that financial statements can be issued shortly after the end of the reporting period. The book discusses the entire process of how information is summarized into the financial statements, as well as the many reporting formats that are available. It covers the full range of closing steps, and shows how to fine-tune the closing process to achieve a shorter close. In addition, the book addresses the controls and record keeping needed for the closing process.

Modern Advanced Accounting in Canada continues the approach that made it the best selling advanced financial accounting text in Canada. This includes the complete & comprehensive coverage of business combinations, the preparation of consolidated financial statements, the consolidation of joint ventures and foreign subsidiaries, and push-down accounting. Consolidation coverage continues to emphasize the direct approach accompanied by a "building block" development of the consolidation basics. Coverage of unrelated topics - bankruptcy and receivership, partnerships, and accounting for not-for-profit organizations - has also been maintained.
