WileyPLUS sold separately from text.

Work more effectively and gauge your progress along the way! This Student Study Guide is designed to accompany Kieso's Intermediate Accounting, 12th edition. Keeping its finger on the pulse of the profession, the new twelfth edition of this bestselling book effectively prepares readers for their accounting futures. They'll find the latest information in the field, including Sarbanes-Oxley Act legislation as well as proven tips for passing the computerized CPA exam. Reflecting the demands for entry-level accountants, the focus of this book is on fostering critical thinking skills, reducing emphasis on memorization and encouraging more analysis and interpretation by requiring use of technology tools, spreadsheets and databases. It integrates numerous examples from real corporations throughout the chapters to clearly demonstrate how accounting principles and techniques are applied in practice.

Wahlen/Jones/Pagach's INTERMEDIATE ACCOUNTING, 2E addresses student

confidence in the Intermediate Accounting course like no other product on the market. The second edition includes resources that help students understand the rigor and time requirements of the Intermediate course before that first exam, while additional resources such as in-text Got it? quick checks keep students on track, building confidence with detailed remediation and thorough explanations that build a pathway to success. All of this is accomplished without sacrificing the book's approachable writing style that uses recognizable, familiar companies such as an ongoing Starbucks case, and examples from familiar companies, such as Coca Cola, Louis Vuitton, and Nestle. This edition presents the latest information on the new Revenue Recognition Standards. After carefully considering the most effective methods for covering this topic, the authors have incorporated updates throughout the book with special spotlight coverage in Chapter 17. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Essential knowledge of International Financial Reporting Standards for students of global accounting This important work provides the tools global accounting students need to understand international financial reporting standards (IFRS) and how they are applied in practice. This text emphasizes fair value, proper accounting for financial instruments, and new developments in international accounting. By presenting IFRS in light of current accounting practice, this book helps students gain practical knowledge of the topic that they can apply as they advance into their global accounting careers. With this revised and updated Fourth Edition, students will develop a firm conceptual understanding of IFRS, as well as the ability to integrate their learning through practical exercises. Throughout this text, Global Accounting Insights highlight the important differences that remain between IFRS and U.S. GAAP, discussing the ongoing joint convergence efforts to resolve them. Comprehensive, up-to-date, and accurate, Intermediate Accounting IFRS includes proven pedagogical tools designed to help students learn more effectively. Comprehensively covers the latest International Financial Reporting Standards and how they are applied in practice Takes a comparative approach to help students understand the differences between IFRS, U.S. GAAP, and other important standards Emphasizes practical application of knowledge with end-of-chapter Review and Practice sections Provides authoritative references and citations to ensure content reliability and provide opportunities for further study Includes access to video walkthroughs, interactive content, and digital resources to support student engagement and ensure positive learning outcomes As IFRS gains broad acceptance around the world, students of global accounting will need to be intimately familiar with these standards, and prepared to keep up with the rapid changes in the international environment. Intermediate Accounting IFRS answers to these pressing needs, making it the clear choice for accounting courses at the intermediate level. Lo/Fisher is praised for its readability and conversational writing style that helps students better understand difficult concepts in Accounting. Lo/Fisher presents the how and why of reporting accounting information from within an easily-understood theoretical framework. Lo/Fisher has a clean layout that engages the reader with a clear writing style using plain English. This text is built on the current International Financial Reporting Standards (IFRS) and incorporates Accounting Standards for Private Enterprise (ASPE) where appropriate. Our philosophy is that when students understand the current standards, they will be able to analyze and interpret changes in

the future. Note: You are purchasing a standalone product; MyAccountingLab does not come packaged with this content. "Intermediate Financial Accounting Volume 1 by G. Arnold and S. Kyle, developed in collaboration by Athabasca University and Lyryx, is intended for a first course in Intermediate Financial Accounting, and presumes that students have already completed one or two Introductory Financial Accounting courses. The textbook reflects current International Financial Reporting Standards (IFRS), such as IFRS 15 - Revenue from Contracts With Customers. This textbook provides a review of introductory accounting concepts and covers all topics essential to a first level

Intermediate Accounting course: the conceptual framework and current landscape of financial reporting; statements of financial position; comprehensive income; cash flows and shareholders' equity; cash and receivables; revenue; inventory; property, plant and equipment; intangible assets; and intercorporate investments. For those requiring preparation for CPA designation, competencies as outlined by the CPA are addressed in this textbook. For a detailed competency map, please contact us at info@lyryx.com. It also focuses on more difficult intermediate accounting topics that match prerequisite requirements for students advancing to a second level Intermediate Financial Accounting course. Topics that are covered in Advanced Financial Accounting courses, such as consolidations and foreign exchange, are not included here."--BCcampus website.

The ideal review for your intermediate accounting course More than 40 million students have trusted Schaum's Outlines for their expert knowledge and helpful solved problems. Written by renowned experts in their respective fields, Schaum's Outlines cover everything from math to science, nursing to language. The main feature for all these books is the solved problems. Step-by-step, authors walk readers through coming up with solutions to exercises in their topic of choice. A complete guide to the second-level course in Intermediate Accounting Covers all recent (FASB) changes More than 500 fully-solved problems, including "real-world" examples End-of-chapter review problems to test knowledge Appropriate for the following courses: Intermediate Accounting I, Accounting I, Principles of Accounting, Financial Accounting Supports all the major textbooks for intermediate accounting courses

Study Guide Volume II Chapters 15-25 E-Book to Accompany Intermediate Accounting

This guide is designed to assist students in comprehending the concepts and principles in the text, and includes chapter overviews and practice assignments, as well as additional student resources. Solutions are available in the guide so students can assess their work and be sure they are on the right track.

Intermediate Accounting: IFRS Edition provides the tools global accounting students need to understand IFRS and how it is applied in practice. The emphasis on fair value, the proper accounting for financial instruments, and the new developments related to leasing, revenue recognition, and financial statement presentation are examined in light of current practice. Global Accounting Insights highlight the important differences that remain between IFRS and U.S. GAAP, and discuss the ongoing joint convergence efforts to resolve them. Comprehensive, up-to-date, and accurate, Intermediate Accounting: IFRS Edition includes proven pedagogical tools, designed to help students learn more effectively and to answer the changing needs of this course.

Due to the emergence of IFRS as the required convention for reporting to stock exchanges in the European Union and other important markets, accountants must gain a strong understanding of these standards. Intermediate Accounting integrates this new information throughout the chapters so they'll learn how to apply the new global accounting standards. Global examples are presented to clearly show how the information is utilised in the field. The use of various

currencies is also explored, which is critical for accountants to know in today's global businesses environment.

Intermediate Accounting, 2014 FASB Update

Intermediate Accounting by Donald Kieso, Jerry Weygandt, and Terry Warfield has always been, and continues to be, the gold standard. Through significant updates, the 18th Edition presents a refreshed, accessible, and modern approach with new perspectives that help connect students to the what, the why, and the how of accounting information. In the intermediate accounting course, it can be difficult for students to understand the technical details and retain and recall core course topics. To move beyond basic understanding, students work through new integrated practice right at the point of learning and high-quality assessment at varying levels, helping them to learn concepts more efficiently and create connections between topics and real-world application. Throughout the course, students also work through various hands-on activities including Critical Thinking Cases, Excel Templates, and Analytics in Action problems, all within the chapter context. These applications help students develop an accounting decision-making mindset and improve the professional judgement and communication skills needed to be successful in the profession. With Intermediate Accounting, 18th Edition, you will be able to spark efficient and effective learning, help create the bridge to student success, and inspire and prepare students to be the accounting professionals of tomorrow.

Intermediate Accounting is quickly becoming the most popular resource in its field due to its rigorous yet readable approach to coursework and the coherent, consistent voice of the author team. The Spiceland team is committed to providing current, comprehensive, and clear coverage of intermediate accounting, and the ninth edition continues to leverage Connect as the premier digital teaching and learning tool on the market. Spiceland excels in fully preparing students for the CPA exam and their future careers through the material's highly acclaimed conversational writing style, carefully tuned pedagogy, and wealth of online tools. Spiceland helps students develop a better understanding of both theoretical and practical concepts, guiding them to a more complete mastery of accounting principles. The new ninth edition fully integrates the latest FASB updates, including: Leases (ch. 15) Financial instruments (ch. 12) Revenue recognition (ch. 5) An extensive collection of

NEW technology assets highlight further enhancements in this edition, such as: Concept Overview Videos Excel Simulations General Ledger Problems Accounting Cycle Review Improved Connect user interface

The Gateway to Professional Practice Opens Here! Tomorrow's accountants won't be just number crunchers; they'll be communicators, consultants, and decision makers. This Tenth Edition is specifically designed to help you fill those roles. With the Digital Tool CD-ROM (packaged free with this text), you'll have access to skill-building aids that will help you prepare for professional practice.
