Management History is not
simply a book about the
history of business or even
the history of management.

Download Free Inventor Schemes Of Work Business Studies

The goal of this book is to demonstrate that despite the relative newness of management science as an academic subject, management has been around since ancient times. Through understanding the history of

Download Free Inventor Schemes Of Work Business Studies

management - both in practice and theory - one is able to approach the complex and challenging problems of modern management from a new perspective. The book not only traces the development of management from history

Download Free Inventor Schemes Of Work Business Studies

to the present day, but also examines the way this evolution impacts how management is practiced today and how it may develop in the future. It incorporates case studies from around the world

Although employers are required to pay compensation for employee inventions under the laws in many countries, existing

Download Free Inventor Schemes Of Work Business Studies

legal literature has never critically examined whether such compensation actually gives employee inventors an incentive to invent as the legislature intends. This book addresses the issue through reference to recent, large-scale surveys on the motivation of employee inventors (in Europe, the United States

Download Free Inventor Schemes Of Work Business Studies

and Japan) and studies in social psychology and econometrics, arguing that the compensation is unlikely to boost the motivation, productivity and creativity of employee inventors, and thereby encourage the creation of inventions. It also discusses the ownership of inventions made by university researchers, giving due

Download Free Inventor Schemes Of Work Business Studies

consideration to the need to ensure open science and their academic freedom.

Challenging popular assumptions, this book provides a solution to a critical issue by arguing that compensation for employee inventions should not be made mandatory regardless of jurisdiction because there is no legitimate reason to

Download Free Inventor Schemes Of Work Business Studies

require employers to pay it. This means that patent law does not need to give employee inventors an 'incentive to invent' separately from the 'incentive to innovate' which is already given to employers.
