Want to learn exactly how to put your money to work just like many pros do? Discover The Secrets For Successful Investment That Teach You How to Make The Most Of Your Money All The Time...Even As A Beginner! Just Follow The Instructions And You'll Be Investing Like A Pro In No Time! Are you ready to get started on your journey to learn how to make the most of your money? Yes? Then let's get started! All too often a budding investor will rush right into complicated investment strategies when they do not really know enough about it and the result is they lose money rather than making it. Sadly, when you get your fingers burned like that you often give up and simply spend your money instead of staying with it and learning to avoid losses. The result is that you will not have the satisfaction of seeing your money grow and you may then end up without the financial resources that could give you a comfortable retirement. Another scenario that occurs frequently is depending for advice on a self-proclaimed "expert." You know the type. He knows it all and proceeds to let you know everything you are doing "wrong." Before you know it you have connected the experience of trying to save or invest your money with the jerk and you end up being unwilling to try it by yourself again. It doesn't have to be like that. You can learn the basics of saving and investing money and take it to whatever destination you desire. You can do it with your own copy of "How to Put Your Money to Work." You Can Get Started Right Away "How to Put Your Money to Work" gives you everything you need to get started. Not only will you learn how to select the right bank account for your needs, you will also learn how to get the highest interest possible and make sure it is compounding interest. Here's more: Are You Mentally Prepared for the Investing Experience? Although it is a very satisfying activity to make your money grow, you have to be mentally prepared to stand the risks involved - or know the best way to invest safely. Know the Risks Involved. All investing includes some kind of risk, but there are ways and means that you can skim off the cream without risking your valuable assets - even with those riskier types of investments. Learn more inside. Bring Home the Bacon. Investing your money is an activity that never ends. It just changes from time to time depending on the market. You have to know a few techniques to safely invest your money in times of volatility. All about Investment Strategies. There are different ways to invest your money and while some give more interest than others, experts tell us that bank accounts are generally not considered good enough to make your money grow enough for your future needs. Find out what is, inside this book. We want "How to Put Your Money to Work" to be an absolute 100% no-brainer for you. That's why you can order your copy with complete peace of mind. Tag: how to make money, how to make money blogging, how to make money online, make money amazon, make money at home, make money blog, make money blogging, make money book, make money day trading, make money ebook, make money fast, make money for beginners, make money in business, make money kindle, make money online, make money online books

Are you tired of getting below average investment returns? Are you sick of paying a bunch of fees to an advisor for pitiful returns? Are you sick of complex language and complicated strategies?The Bucket System is a revolutionary new investing strategy that can help you:- Outperform 90% of investment "experts".- Spend 20 minutes or less on your investments each year.- Save hundreds of thousands on investment fees.

"I couldn't recommend this more highly. Scott explains the basic of investing in simple English. It's solid advice; the kind you rarely get from the talking heads on TV, radio, and the rest of the media. Scott backs it all up with good solid research; this is not his opinion, it's facts, but presented in a way that your Grandmother could understand." - Dr. Barry H. Kaplan, EA, CFP, Chief Investment Officer, Cambridge Wealth Counsel Are you worried and stressed out about not having enough money to retire? Do you have fear of losing your money? Are you unsure of how to build wealth for the long term? Or maybe you've been thinking of investing for quite some time now, and you just don't know how to get started. The whole thing seems too complex and overwhelming. This conversational and action oriented book is for people who want to get started investing (or are thinking about it), but have never understood why or how - no matter your age or how much money you have to invest. Investing has always been made out to be difficult for you, and you think you couldn't do it yourself, much less retire rich. Every time you think about it, you get overwhelmed and afraid of making a costly mistake. You know the drill. You get ready to do something - maybe on your own or in your employer's retirement plan. Then ... You find yourself lost in all the jargon and get-rich-quick schemes. You have no idea what to do. After some time, you give up and just let whatever money you have sit in a savings account earning no interest. Or worse - you ask somebody else to do it for you and trust it will turn out ok (hint - it won't). There are TONS of myths, misconceptions, and flat-out lies out there about how difficult it is to build wealth. 99 Minute Millionaire busts those myths and challenges everything you've been told about investing. This book contains proven solutions that every new and experienced investor needs to know - no matter what financial challenges you face. 99 Minute Millionaire Gives You The Path To Building Wealth Why many investors fail, and how you can ensure you don't How you can make the most money with very little work Important decisions every investor should be aware of 14 common and costly mistakes investors make How to manage your money like a pro The truth about financial advisors and investing professionals And much more! Follow the advice given in this book and by the end, after putting what I have to say into action, you will be a better investor than most professionals. Best of all, the rest of your life doesn't have to be put on hold to do it either! This book shows you how you can continue to spend most of your time doing what you love instead of struggling to manage your money. Before your buy the book, I have one question for you: What's stopping you from taking 99 minutes to improve the quality of your finances and put you on the path to financial freedom? Scroll to the top and click the "buy now" button and you will become a great investor-- and have your money make you more money.

Unearth a Gold Mine in the \$1 TRILLION Junk Bond Market “Few experts in this area have been willing to share their inside knowledge with the outside world. None have done it as well and as simply and clearly as Bob Levine has done in his new book.” —Joel Greenblatt, bestselling author of The Little Book That Beats the Market “A great book by a great investor. . . . [I] recommend this book to everyone who wants to acquire some invaluable horse sense about investing in high yield bonds.” —Martin S. Fridson, author of How to Be a Billionaire “This is the best book ever written on high yield corporate bond investing. Destined to become an instant classic. . . .” —Jack Malvey, Chief Global Markets Strategist, Bank of New York Mellon Corp. “A first-rate introduction and navigation guide to the high-yield world.” —Reading the Markets “This well-written and occasionally humorous tutorial on investing in speculative-grade corporate debt covers the essential aspects of high-yield debt. . . . As a basic introduction to the high-yield debt market, the book can’t be beat.” —The Financial Analysts Journal Do you think of the junk bond market as an arena of chaos, a financial Wild West, a place to avoid at all costs? In How to Make Money with Junk Bonds, a pioneer of the junk bond business gives you the insight and information you need to lay that fear to rest—so that you can generate unprecedented profits in this \$1 trillion market. Robert Levine has the credentials to lead both individual investors and the professionals just getting started in the junk bond market. At Nomura Corporate Research and Asset Management, his junk bond funds substantially outperformed both high yield and S&P indices for more than 18 years—and in this book he explains the method he used to achieve such remarkable results. Helping you pick high yield bonds that have a low possibility of default. How to Make Money with Junk Bonds covers: The difference between stocks and bonds—and where junk bonds fit between them in the risk spectrum How to conduct a thorough credit analysis—the key to making money in junk bonds How to evaluate market conditions—and decide when to invest and when to sit on the sidelines Why you should hire a portfolio manager—and how to select the best one for your needs How to invest like a pro—using Levine’s personal, proven investing method The junk bond market isn’t the scary place it used to be. Critical information is easier (and cheaper) to obtain, and transparency is greater than it was in the market’s early days. How to Make Money with Junk Bonds gives you the tools to root out strong, forward-looking companies poised for growth and generate a level of profitability impossible to achieve in other markets. Trump University books are practical, straightforward primers on the basics of doing business the Trump way—successfully. Written by leading experts and including an inspiring Foreword by Trump himself, these books present smart business wisdom illustrated with real-life examples from Trump and other world-renowned experts. Perfect for anyone who wants to get ahead in business without the cost of an MBA, these street-smart guides provide real-world business advice based on the one thing you can’t get in any business school—experience. In Trump University Real Estate 101, Second Edition, you’ll learn how to: Develop your entrepreneurial abilities and invest like a pro Make money especially in today’s down market Operate your rentals profitably even in weak markets Create instant equity in any property Calculate the effects of financing on cash flows and property values Use options and assignments to tie up properties Forecast market trends whether up or down Create and enhance the value of any property And much more!

LEARN:: Stock Market Investing for Beginners and Stock Market Basics This enhanced and updated edition is aimed at the individual investor who wants to understand today's stock market and make wise investment choices based on knowledge and understanding of the big picture. It is written in easily understandable terms and gives a clear explanation of how the pieces fit together in the marketplace. Readers will come away with a detailed but practical working knowledge of the stock market, at a minimum cost of time and frustration. The authors encourage readers to develop their own personal investment strategy and style through observation and learning. The emphasis is on maintaining control over your investment money, whether you opt for individual stock purchases or a mutual fund, or some combination of both. Special spotlight sections look at innovative new investment vehicles such as SPDRs, and provide an extensive analysis of changes in the market following the financial crisis of 2008. INSIDE:: Stock Market for Beginners Book Inside this book you’ll discover: Various Investment Options Setting and Reaching Your Investment Goals Why a Company Issues Stock? All About IPO's How Stocks are Traded? All about Stock Exchanges and Major Indexes How to Read a Stock Chart? Fundamental Analysis vs. Technical Analysis Dividend Investing and DRIPS How To choose a Broker? Long Term vs. Short Term Strategies Timely, detailed, and easy to read, Stock Market for Beginners Book belongs on the bookshelf of anyone who is new to investing or wants a broader understanding of the market. The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

WHAT FINANCIAL "GURUS" DON'T TELL YOU... REVEALS THE REAL SECRETS TO STOCK MARKET INVESTING WEALTH... Do you feel tired of all those "new" money-making methods and "get rich quick" schemes? Would you like to forget about your money problems and finally live a life of wealth and prosperity? I may have something really important to share with you, so please keep reading... I'm guessing that this is not the first time that you have looked for a way to make money. Considering the fact that you are here, you probably didn't find anything decent yet. And that's good because I'm about to teach you something that you have never done before... Don't get me wrong, it's not something revolutionary. It's just that I don't mind sharing the truth – what it really takes to build wealth and obtain financial freedom in one of the most profitable money-making markets. I want to get you on the right path so that you are not misled by the thousands of choices and opportunities that don't work and can avoid the costly mistakes I made throughout the years while achieving my financial success. Inside this book, you will find everything you need to succeed in the sometimes confusing and complex stock market investing field. I will teach you the quickest and most effective way I know to make the most amount of money possible... Here's just a fraction of what's inside: · What is the first and most important property of a successful investor (you don't expect this answer) · How to Discipline Yourself For Future Success · Stock Market Basics – a step-by-step guide for beginners · A Complete Technical Guide – everything from finding the best stocks to managing your super-profitable stock portfolio · 12 Essential Principles Of Stock Market Pro · Do you need to invest your own money? Master The Cheapest Way to start investing in stocks · The secrets of top stock market investing deals · Why you should choose stock market investing over other money-making tools and platforms · My Personal Worry-Free Stock Portfolio – Learn From Me Personally · Most Common Mistakes you should avoid as a first-time investor · And much, much more... Please keep in mind that you don't have to be a professional to make as much money as they do. But I don't guarantee that... You may just make a lot more! So don't wait, scroll up and "Buy Now" to get one step closer to Financial Freedom and the Success You Want!

How is it possible that an £80 investment made one man a millionaire? How did two people bring their investors a 2,700% return while taking a country out of debt? This book will answer those questions and more, as it teaches you to master the money game. You see, money is just an idea-a game, if you like, with rules. Its main purpose is to mark social agreements between people; it's a promise to return the face value of the money when presented at a future date. But what most people don't know is that the system rewards creativity and risk takers; these people tend to be entrepreneurs who are willing to add value to money, and to take chances in business. This book reveals to you how to play the money game to win by continually adding more value to the world. Also demonstrates the amazing power of The Rubik's Cube Philosophy (TRCP) to completely change your life. And there's so much more ... This timely masterpiece sheds light on the investing world in such a unique way that the book has become a must read.

Learn how to protect and grow your wealth with this commonsense guide to investing You manage your own money. You understand the basics of investing and diversifying your portfolio. Now it's time to invest like a pro for greater profits—with investment expert David Stein, host of the popular weekly podcast, “Money for the Rest of Us.” He’s created a unique ten-question template that makes it easy for individual investors like you to: • Invest more confidently • Feel less overwhelmed • Build a stronger portfolio • Avoid costly mistakes • Plan and save for retirement Despite what many people believe, you don’t need to be an expert to be a successful investor. With Stein as your personal money mentor, you’ll learn how to make smarter, more informed decisions that can help reduce your risk and increase your gains by following a few simple rules for analyzing any investment. This is how the professionals grow their wealth and how you can, too. This is Money for the Rest of Us.

As you have probably noticed, there are quite a few investing books out there. Many of them were written by some of the world's greatest investors. So, why should you read our book? Stock investing is more prevalent than ever, whether directly or indirectly through brokerage accounts, exchange-traded funds, mutual funds, or retirement plans. Despite this, the vast majority of individual investors have no training on how to pick stocks. And, until now, there hasn't been a truly accessible, easy-to-understand resource available to help them. The Little Book of Investing Like the Pros was written to fill this void. We believe the simplicity and accessibility of our stock picking framework is truly unique. Using real-world examples and actual Wall Street models used by the pros, we teach you how to pick stocks in a highly accessible, step-by-step manner. Our goal is straightforward—to impart the skills necessary for finding high-quality stocks while protecting your portfolio with risk management best practices. Our practical approach is designed to help demystify the investing process, which can be intimidating. This training will help set you apart from others who are largely flying blind. Pilots require extensive training before receiving a license. Doctors must graduate medical school, followed by a multi-year residency. Even those providing professional investment advice require certification. But, anyone can buy a stock without any training whatsoever. While buying stocks on a hunch and a prayer may not endanger your life, it can certainly put your finances at risk.

Every stock market investor needs to be able to calculate value, profits, and cash flow in order to make basic decisions like whether to buy, hold, or sell. But it's easy to get intimidated by all the ratios and formulas, especially when incorrect calculations can lead to costly investment mistakes. he Stock Investor's Pocket Calculator simplifies the math behind successful equity investing. Containing over 100 ratios and formulas, the book translates them into plain English, breaks them down into simple steps, and places them side-by-side with practical examples. Readers will learn how to: * judge portfolio value * assess corporate strength or weakness (both cash flow and profitability) * follow revenue and earnings trends * and more. Filled with worksheets, checklists, visual aids, and examples, this is a must-have guide for anyone investing in the stock market.

A master class on investing featuring conversations with the biggest names in finance, from the legendary cofounder of The Carlyle Group, David M. Rubenstein. What do the most successful investors have in common? David M. Rubenstein, cofounder of one of the world's largest investment firms, has spent years interviewing the greatest investors in the world to discover the time-tested principles, hard-earned wisdom, and indispensable tools that guide their practice. Rubenstein, who has spent more than three decades in the hypercompetitive world of private equity, now distills everything he's learned about the art and craft of investing, from venture capital, real estate, private equity, hedge funds, to crypto, endowments, SPACs, ESG, and more. -How did Stan Druckenmiller short the British pound in one trade for a profit of \$1 billion dollars? -What made Sam Zell the smartest, toughest investor the world of real estate has ever seen? -How did Mike Novogratz make \$250 million off crypto in one year? -How did Larry Fink build BlackRock from scratch into a firm that manages more than \$10 trillion? -How did Mary Callahan Erdoes rise to the top of J.P. Morgan's wealth management division to manage more than \$4 trillion for individuals and families all over the world? -How did Seth Klarman perfect value investing to consistently deliver net returns of nearly 20 percent? With unprecedented access to global leaders in finance, Rubenstein has assembled the most authoritative book of its kind. How to Invest reveals the thinking of the most successful investors in the world, many of whom rarely speak publicly. Whether you're brand-new to investing or a seasoned professional, this book will transform the way you approach investing forever.

Start Investing in Penny Stocks Today! Penny stocks have been around since companies first started trading shares. Most people have heard of penny stocks and most people have a little understanding on how they work. However, prospective investors need a better understanding of penny stocks before putting any of their money at risk. In this book David Bergman, the author of several books on investment strategies and an investor himself, will go with you through the basics of penny stocks trading. Here, you will find no superfluous information and no unrealistic promises. Just clear, simple and easy information to understand. Here is a Preview of What You Will Learn in This Book: What are Penny Stocks An Introduction to OTCBB The SEC rules for Penny Stocks The Penny Stock Levels Where to Trade in Penny Stocks How to Trade in Penny Stocks Trading Tips The Risks and Possible Manipulations An example of Penny Stock Fraud Plus, a bonus section at the end to discover more investment options. Is This Book Right For You? This book has been designed for new investors and for experienced ones who are nevertheless new to penny stocks. This is not a book from a stock broker, but from an individual investor to other individual investors. It makes no unrealistic promises. However, it will guide you through the basics that any penny stock investor must understand and will discuss proven methods. A must-read if you are interested in learning about Penny Stocks!

This book will help you become a better stock market investor. We've all heard the saying, "Those who cannot remember the past are condemned to repeat it." Crash Proof Your Investment is for both the stock market history enthusiast and the beginner and intermediate level stock market investor. The mistakes made during the worst periods in stock market history will be explored in this book, including the story of the most disastrous and the most recent crashes in America. No crash history would be complete without covering the 2010 Flash Crash, the 2008 Financial Crisis, the Dot-com bubble, and the Wall Street Crash of 1929. This historical context will shed light on the causes and lasting effects of these crashes. The results of savvy stock market analysis are shared in "The 9 Stock Market Crash Warning Signs Every Stock Investor Should Know," which is a perfect guide for putting the investor in a better position to predict the next stock market crash. To help protect your investment, we examine 7 strategies designed to protect your investment in a bear market or even in a full-blown meltdown. Topics such as dividend stocks, stop-loss orders, options trading, and much more are discussed in detail. The information covered will be useful for long investors who want to protect their portfolio investment and investors who have been burned one too many times in stock market declines. But, it is also for the short investor who would like to profit off the upcoming meltdown. Understanding a stock market crash is knowledge that every stock investor should gain if they want to play the stock market game effectively. Stock market investment strategies that protect your portfolio by not reacting inappropriately to stock manipulations are a must-have. Remember the countless investors who got burned in the 2010 Flash Crash because their stop-loss orders were triggered? The market recovered in minutes, leaving these traders with huge, unnecessary losses-in some cases up to 60%. To avoid this issue, in this book you will learn how to protect your investment without stop-loss orders. Content is tailored to your specific situation by offering 4 optional exercises to apply to your own portfolio investment as tools to help you invest more strategically in the future. Continually improving yourself as an investor will move you closer to meeting your investment goals. Books like this increase your odds of becoming that millionaire stock investor who vacations in exotic locations around the world as your investments cover your expenses. (Or just retiring without worry, if that's your goal.) Whatever your investment goals are, this book can help you get there. If this sounds interesting to you, click the buy button and buy the book today!

Offers tips on how to minimize the risk of investment gambles Covers the FCA's more stringent risk analysis for investors using advisers Contains new sections on pensions, ISAs, the DIY/self-directed investor, and ultra-low interest rates Includes new online templates to help simplify the investing process If you want to go it alone in the investment arena, but need the support of a straightforward, reassuring guide to help you make the best decisions—and get the highest returns from your investments—this is the book for you.

The classic guide to constructing a solid portfolio—without a financial advisor! "With relatively little effort, you can design and assemble an investment portfolio that, because of its wide diversification and minimal expenses, will prove superior to the most professionally managed accounts. Great intelligence and good luck are not required." William Bernstein's commonsense approach to portfolio construction has served investors well during the past turbulent decade—and it's what made The Four Pillars of Investing an instant classic when it was first published nearly a decade ago. This down-to-earth book lays out in easy-to-understand prose the four essential topics that every investor must master: the relationship of risk and reward, the history of the market, the psychology of the investor and the market, and the folly of taking financial advice from investment salespeople. Bernstein pulls back the curtain to reveal what really goes on in today's financial industry as he outlines a simple program for building wealth while controlling risk. Straightforward in its presentation and generous in its real-life examples, The Four Pillars of Investing presents a no-nonsense discussion of: The art and science of mixing different asset classes into an effective blend The dangers of actively picking stocks, as opposed to investing in the whole market Behavioral finance and how state of mind can adversely affect decision making Reasons the mutual fund and brokerage industries, rather than your partners, are often your most direct competitors Strategies for managing all of your assets—savings, 401(k)s, home equity—as one portfolio Investing is not a destination. It is a journey, and along the way are stockbrokers, journalists, and mutual fund companies whose interests are diametrically opposed to yours. More relevant today than ever, The Four Pillars of Investing shows you how to determine your own financial direction and assemble an investment program with the sole goal of building long-term wealth for you and your family.

Private investors need to know how to risk manage their investment portfolios in exactly the same way as the professional investors manage theirs. The experienced private investor will find this book invaluable.

Use the Internet's investment information windfall -- just like the pros Today's web technologies give individual investors access to the same information as professional traders. Think Like a Trader; Invest Like a Pro narrows the knowledge gap even further, explaining how you can use this free or low-cost information to analyze and act on trading opportunities with the same skill, knowledge, and success as the best professional traders. You'll find detailed descriptions of the top websites that link you to accurate, high-level information needed to invest and trade stocks, bonds and commodity futures – real-time market price and flow, custom analyses and analytics, and more. Author Christina Ray, a professional trader, gives you an insider's Internet roadmap that puts at your fingertips proven methods that let you: * Make short-term forecasts * Manage risk* Use new information for wiser, more profitable investment decisions

In this second guide in the Invest Like A Pro series, author James Pattersenn again draws on thousands of hours of stock investing research and decades of stock trading experience to teach you investment and trading strategies to help you make money in stocks. Pattersenn built and manages two personal stock portfolios that have earned well over 100% returns and beaten the S&P 500 by large margins.Pattersenn reveals additional trading strategies not covered in his first investment guide titled You Can Invest Like A Stock Market Pro. In a refreshing change from most stock investment books, investors learn exactly how to apply approaches used by the best stock investors in the world, like Warren Buffett and Peter Lynch to consistently build wealth over decades of investing. In Now That You Can Invest Like A Pro, you will learn time-tested trading and investing strategies that actually work and will work for you.

Turn to the Investing Bible for expert advice on how to make the wisest investment options based on your overall financial picture and financial goals. This comprehensive book teaches you how to make good decisions regarding real estate, bonds and securities, taxes, mortgages, and do's and don'ts for the current stock market. Coverage includes up-to-date information on the hottest online investing resources that you can use to maximize investment convenience and success tips on how to become a more disciplined and intelligent investor. You'll get the ABC's of stock picking -- the New York Stock Exchange, American Stock Exchange, and NASDAQ -- all fully explained. This book brings you everything you need to know about starting your own investment club, deciding on a financial planner or broker, guidelines for protecting your assets, the pros and cons of debt consolidation, and more.

This is the 4th book in the "INVEST Like A pro, Kid" series, where we talk about managing the whole pie, trying to achieve good balance, so we can survive in this exciting game of investing.

If you want to invest in ETFs and retire rich, then keep reading! Your customers will love this incredible ETFs investing guide! ETFs investing is the best way to build generational wealth. In fact, for the past 100 years, the Dow Jones Industrial Average, the most famous index, has provided investors with a 12% appreciation per year. This means that if you had invested \$100 in 1920, today, you would have over 8 million dollars. After the rise of stock prices in 2020, many people are trying to improvise themselves as professional investors and lose money. However, they do not realize that they are helping those who actually know how to navigate financial markets accumulate wealth that will lead to generational fortunes. To join the club of the few profitable investors that beat the market year after year, you need the right tools and strategies. Do not worry. Significant initial capital is not a requirement. In fact, while more money means more firepower, it is not necessary to have thousands of dollars to trade, invest and build wealth. In this book, you will discover: How to choose the best performing ETFs How to invest in ETFs and retire rich How to select the best broker for your needs and much, much more! Do not worry. You will not have to spend hours and hours in front of your computer. In fact, the investing strategy presented in this book has one goal in mind: making you as much money as possible while saving you time! It is time to invest your way to a wealthy retirement! Let your customers get addicted to this incredible ETFs investing guide!

The daughter of finance wizard Jerry Goodman, host of Adam Smith's Money World, shares her hip, practical tips on investing for women in their 20s and 30s If you know how to deal with a bad hair day, then you have what it takes to be a smart investor. That's the message behind this funny yet truly useful investment guide filled with basic facts, helpful hints, and "chick wisdom." Author Susannah Goodman's smart and sassy investment guide reviews the basics, from stocks and bonds to mutual funds and money markets, in chapters entitled "One Size Doesn't Fit All," "Bonding with Bonds," and "Fabulous Money Makeovers." Interviews with such financial giants as Warren Buffett, Amy Domini, and Sharon Rich offer invaluable, expert advice. Best of all, Goodman's common sense approach assures women that they already know more than they think about smart investing. It's as easy--and important--as shopping for the perfect little black dress.

The principles provided are also straightforward and easy to understand. The world of investing is not an easy or hard place, really the difference between a successful investor and one less successful is their knowledge and experience. This book was written to give everyone the information they need to help them level the playing field and get started on the fast tract to fruitful investing. by reading this book you will find that it can be easy to conquer this arena as you will learn the information necessary to do so and more.

Ever wonder how banks make so much money? (Hint: It's NOT risky, it's fast, and YOU can copy them... No matter how broke or new you are.) You might be thinking that the only way to invest in real estate is by buying a property, then selling it or renting it out. But what if you don't have the time or inclination to do labor-intensive renovations and regular maintenance? You've most likely read the

books or listened to the gurus discussing how millions were made by flipping houses or wholesaling. However, these methods normally entail extensive work, in-depth research, or a whole lot of money (be it yours or someone else's). Owning property in itself involves plenty of challenges and out-of-pocket expenses. But what if there was a way to reap the income-generating benefits of real estate without experiencing the pitfalls? Enter mortgage note investing - an investment strategy so risk-free that even banks do it. This type of investment is secured by real estate - assets that are likely to appreciate - thus giving you a good exit strategy if the borrower defaults. It's a less popular but highly lucrative real estate investment... if you know how to do it right. Fortunately, even if it's the first time you've heard of note investing, you can get right up to speed with this complete beginner's guide that will lay out all you need to know. In *Invest Like a Bank*, here is just a fraction of what you will discover: How you can make money while helping distressed homeowners avoid losing their home An ideal starting point to note investing that doesn't involve a lot of money and can give you immediate feedback on your due diligence The one type of collateral you should never accept, no matter how profitable the investment seems How to figure out the right type of mortgage notes to invest in that will fit your budget, lifestyle, and preference Step-by-step calculations you can easily follow to check whether you're getting your money's worth The 3 main criteria you should consider when choosing a city to invest in to avoid future headaches How to capitalize on your LinkedIn connections to gain access to great deals and widen your investor network How to protect your money from scammers by ensuring you have this professional on your team Rewarding alternatives to foreclosure that will save the borrower's credit and save you precious time and money How to considerably grow your notes portfolio quickly without using any of your own money Bonus Downloadable note investing checklist to help you quickly assess a note's investment potential And much more. Regardless of your investing experience, investing in mortgage notes is a great way to get your feet wet in the real estate market. It's easier to start with note investing to gain knowledge and experience, then expand to other types of real estate investing in the future. With the knowledge you'll gain from this guide, you'll have more than enough to get you started. Pretty soon, you'll be growing from one note to ten to fifty and even more, with thousands of dollars in income effortlessly rolling in. If you want a truly passive investment in real estate that will provide you with regular income without ever needing to leave your house, then scroll up and click the "Add to Cart" button right now.
