Iphone 4s User Guide

If you believe some news stories, the latest iPhone update (iOS 7) is radically different and you should beware of updating! They're wrong! This book is for both new users of iPhone and those upgrading to the latest update. I'll walk you through the changes and show you why updating is nothing to be afraid of.The iPhone doesn't come with a handbook / user guide; this though doesn't mean that you have to buy someone else's handbook! iPhone does have a handbook! There are three ways to get it:1. Download it from the Apple iBookstore (it's free)2. Get it online by going to manuals.info.apple.com3. Get it on your phone; if you go to your bookmarked pages on Safari, the last bookmark is for the 'iPhone User Guide'.So why do you need this book? This book was written for my parents; people who needed to know as much as possible, as quickly as possible. There are people who want to know every single little detail about the iPhone, and you will find that in Apple's comprehensive manual. If you are like my parents though, new to the iPhone and just want to learn all the basics in about 30 to 60 minutes or an hour that is, then this guide will help you. People who just want to know how to add their contacts, how to take photos, and how to email.It's not for advanced users, though if you are upgrading from the previous Apple iOS (iOS 6) then you will most probably find it useful.If you are ready to learn read on!

With the iOS5 software and the new iPhone 4S device, Apple has another world-class hit on its hands. This sleek, highly refined pocket computer comes with everything—cellphone, iPod, Internet, camcorder—except a printed manual. Fortunately, David Pogue is back with the latest edition of his witty, crystal-clear, colorful guide: the world's most popular iPhone book. Use it as a phone. Learn the basics as well as time-saving tricks and tips for contact searching by voice, texting, and more. Manage your stuff in the cloud. Sync and back up your contacts and media across all of your devices with iCloud. Get things done. Ask Siri to send reminders, place calls, and more. Master notifications. Use the Notification Center to find missed messages, calendar invitations, friend requests, and more. Connect with other iPhone owners. Send unlimited iMessages to friends, family, and colleagues who are also running iOS5. Treat it as an iPod. Master the ins and outs of iTunes, and listen to music, upload and view photos, and fill the iPhone with TV shows and movies. Take the iPhone online. Make the most of your online experience to browse the Web, read and compose email, use social networks, or send photos and audio files. Go beyond the iPhone. Learn how to use the App Store, and how to multitask between your apps, organize them in folders, and read ebooks in iBooks. Whether you have a brand-new iPhone or want to update an earlier model with the iOS5 software, this beautiful full-color book is the best, most objective resource available.

NOW INCLUDES IPHONE 4S! The iPhone 4 and 4S introduced many new features not seen in the iPhone 3G and 3GS, such as FaceTime video calling, multitasking, and even using your iPhone as a modem. This guide will introduce you to these new features and show you how to use them. This book gives task-based instructions without using any technical jargon. Learning which buttons perform which functions is useless unless you know how it will help you in your everyday use of the iPhone. Therefore, this guide will teach you how to perform the most common tasks. Instead of presenting arbitrary instructions in lengthy paragraphs, this book gives unambiguous, simple step-by-step procedures. Additionally, detailed screenshots help you to confirm that you are on the right track. This Survival Guide also goes above and beyond to explain Secret Tips and Tricks to help you accomplish your day-to-day tasks much faster. If you get stuck, just refer to the Troubleshooting section to figure out and solve the problem. Updated on 11/4/2011. Answers found here! In iOS 7, Apple gave the iPhone the most radical makeover in its history. The new software is powerful, sleek, and a perfect companion to the iPhone 5s and 5c—but it's wildly different. Fortunately, David Pogue is back with an expanded edition of his witty, full-color guide: the world's most popular iPhone book. The important stuff you need to know: The iPhone 5s. This book unearths all the secrets of the newest iPhone—faster chip,dual-color flash, fingerprint scanner, and more—and its colorful companion, the 5c. The iOS 7 software. Older iPhones gain Control Center, AirDrop, iTunes Radio, free Internet phone calls, and about 197 more new features. This book covers it all. The apps. That catalog of 1,000,000 add-on programs makes the iPhone's phone features almost secondary. Now you'll know how to find, manage, and exploit those apps. The iPhone may be the world's coolest computer, but it's still a computer, with all of a computer's complexities. iPhone: The Missing Manual is a funny, gorgeously illustrated guide to the tips, shortcuts, and workarounds that will turn you, too, into an iPhone addict.

If you believe some news stories, the latest iPhone update (iOS 9) is radically different and you should beware of updating! They're wrong! This book is for both new users of iPhone and those upgrading to the latest update. I'll walk you through the changes and show you why updating is nothing to be afraid of. The iPhone doesn't come with a handbook / user guide; this doesn't mean that you have to buy someone else's handbook! iPhone does have a handbook! There are three ways to get it: 1. Explains how to use the iPhone and learn all the options of its additional capabilities which include iCloud, Siri, FaceTime, the App Store, iTunes, and settings.

The latest iPhone models were released on September 19th in the United States and the United Kingdom, and according to Apple, are the "biggest advancements in iPhone history." It's a clever play on words, as the new models both sport much larger screens than the iPhones of yesteryear. Whereas the iPhone 4S and below had a meager 3.5 inch screen (considered generous at the time), the iPhone 5, 5S and 5C were stretched out to 4 inches. Faced with stiff competition from Android flagships that have long featured big screens, the iPhone 6 and 6 Plus are Apple's authoritative answer to the growing number of iOS fans restlessly awaiting their own big phones. The new phones are powered behind the scenes by Apple's latest software release, iOS 8, which also brings many features and changes with it. This guide is designed to walk you through the most important parts of the phone, from the basics and learning how to navigate through the phone, to more advanced features like setting up email accounts and understanding what the cloud really is. Towards the end, a list of the 20 top paid and free applications will be available to add many different functionalities to your phone once you are comfortable enough with it.

From basics such as voice mail, text messaging, and GPS to the newest and coolest apps, this straightforward user's guide helps readers customize their Verizon iPhone 4 for optimum productivity and fun. The book discusses how to customize home and lock screens and ring tones, take pictures and video, and use the App Store, while explaining the nuances of functions that help maximize readers' business and personal time. The impressive capabilities of the Verizon iPhone 4 are laid bare in this engaging manual.

business and personal time. The impressive capabilities of the iPhone 6 are laid bare in this engaging manual."

"A picture is worth a thousand words." This book is carefully designed for those people, who don't like to read pages and pages of text manual to learn how to use an iPhone. Instead, it will guide you by more than 280 screenshots with clear instructions, as well as useful tips and tricks. This book covers all build-in apps of iPhone, as well as some useful features from iCloud and iTunes. Whether you have a brand-new iPhone 4S, or an earlier model with iOS 5, this beautiful book is one of the best and easiest to read resource available.

This guide is designed for novices and advanced iPhone/iOS users alike. The tips and instructions here are tailored to the iPhone 6S / iPhone 6S Plus and iOS 9, but you'll find plenty of relevant information for older iPhone models and older versions of the software. Just be aware that iPhone 6S and iOS 9 have introduced quite a few new features that may not be available on older iPhones! We've broken things down into six major parts. Part 1: Meet Your iPhone will help you unpack the box, learn how to interact with your iPhone, and glide through the set up process. Part 2: Getting to Know Your iPhone will introduce you to the basic features and navigational system of the device. Part 3: Mastering Your Preinstalled Apps will walk you through the twenty-eight preinstalled apps in detail to help you master what's available right out of the box. Part 4: Making It Your Own guides you through customization and personalization. Part 5: Maintenance and Security will help you keep your iPhone healthy and safe. Finally, Part 6: Must-Have Apps for Your iPhone includes a list of 52 of our favorite apps - we hope you enjoy them as much as we do! There's a lot of information here, but don't feel like you need to absorb it all at once. Think of this guide as a friendly support system for you as you learn to use and enjoy this incredible piece of consumer technology. If you're new to iPhone or to iOS, start by reading through Parts 1 and 2. This should get you on your feet. Be sure to look at Part 5 to learn how to care for your new iPhone. You may want to use Parts 3, 4, and 6 as reference material. You can read them straight through from start to finish or just browse the table of contents for the information most helpful to you. These chapters will also be helpful for experienced users who want to get the most out of iPhone 6S and iOS 9. Few devices are as painless to use as the iPhone - we hope you have fun and enjoy the journey. Now let's get started!

Finally, Part 6: Must-Have Apps for Your iPhone includes a list of 46 of our favorite apps – we hope you enjoy them as much as we do!There's a lot of information here, but don't feel like you need to absorb it all at once. Think of this guide as a friendly support system for you as you learn to use and enjoy this incredible piece of consumer technology. If you're new to iPhone or to iOS, start by reading through Parts 1 and 2. This should get you on your feet. Be sure to look at Part 5 to learn how to care for your new iPhone. You may want to use Parts 3, 4, and 6 as reference material. You can read them straight through from start to finish or just browse the table of contents for the information most helpful to you. These chapters will also be helpful for experienced users who want to get the most out of iPhone 6 and iOS 8.Few devices are as painless to use as the iPhone – we hope you have fun and enjoy the journey. Now let's get started!

Apple iPhone is appreciated worldwide for Its Style, Ease of Use, and High Technology Brand. Do You Used to "Think Different"? Explore New Flagships of Apple - iPhone12 and iPhone PRO - in a Detailed Review of All Peculiarities and Features of These Models! Did you know that with iphone12 you get everything at once - software consistency and forethought, superior performance and long-term support? It's possible that Apple isn't perfect at absolutely everything. But none of the manufacturers offer the same customer service as this company and the same approach to customers. The Apple brand creates products that customers love. Its marketing has already become the standard for companies seeking global reach - marketing built on simplicity. That is why, even for the followers of other brands, it will be interesting to know what determines Apple's success. Smartphone users argue about what is better - iOS or Android. To make this choice for yourself, you need complete information: a book iPhone 12, iPhone PRO, and iPhone PRO Max User Guide by Simply your Guide will take you through the benefits of Apple's operating system in the brand's latest flagship. In this simple and detailed guide, you will: Explore what is the Big Difference – a groundwork of the Apple brand Know new features of innovative IoS14 - expanded functionality of the iPhone, new widgets, and other features Understand expediency of missing Home button – simplification and acceleration of control Master Apple Animoji – create own memoji and send cute emojis to everyone Get to know important tips and tricks - to enhance your enjoyment of using the new iPhone model And so much more valuable information and tips! Not everyone comprehend that Android is not a smartphone, but the platform that many modern smartphones use, and the iPhone is the very smartphone that uses the iOS platform. Both platforms are recognized by the audience, so let's try to gain insight into this issue. Why not explore these innovative products of famous brand with "iPhone 12, iPhone PRO, and iPhone PRO Max User Guide: The Complete Step by Step Manual to Master"? Scroll up, Click on "Buy Now with 1-Click", and Grab a Copy Today!

If you believe some news stories, the latest iPhone update (iOS 8) is radically different and you should beware of updating! They're wrong! This book is for both new users of iPhone and those upgrading to the latest update. I'll walk you through the changes and show you why updating is nothing to be afraid of. The iPhone doesn't come with a handbook / user guide; this though doesn't mean that you have to buy someone else's handbook! iPhone does have a handbook! There are three ways to get it: 1. Download it from the Apple iBookstore (it's free) 2. Get it online by going to manuals.info.apple.com 3. Get it on your phone; if you go to your bookmarked pages on Safari, the last bookmark is for the 'iPhone User Guide'. So why do you need this book? This book was written for my parents; people who needed to know as much as possible, as quickly as possible. There are people who want to know every single little detail about the iPhone, and you will find that in Apple's comprehensive manual. If you are like my parents though, new to the iPhone and just want to learn all the basics in about 30 to 60 minutes or an hour that is, then this guide will help you. People who just want to know how to add their contacts, how to take photos, and how to email. It's not for advanced users, though if you are upgrading from the previous Apple iOS (iOS 7) then you will most probably find it useful. If you are ready to learn read on!
