

iPhone 5 Quick User Guide

My parents are official iPhone users. I began writing this book when I realized that they could make phone calls and take pictures, but didn't have the faintest idea how to make the text size bigger on their text messages or a number of other things that I thought were common sense after using the phone for a day. I decided to make a list for them and this book is a result of that. If you have been using Apple products for several years, then this book will probably have a few tricks that you didn't know—especially if you are upgrading to the new OS (iOS 6). The book, however, is geared towards those getting started. This book is meant to be a quick start reference. It's not a tutorial on how to use your phone. If you are looking for something that is more hands on and teaches you how to use the phone from square one, then you should try the beginners' handbook which I have also written: The iPhone 5 Quick Starter Guide. Additionally, if you'd like to just see what major things have been added to iOS 6 then jump to the last section which is just for your reference and does not count towards the 50+ tips in this short guide.

If you're getting your hands on a new iPhone, whether it's the XR, XS, XS Max or even an original X that you've found on sale, you're likely eager to fire up your phone and start exploring. Don't worry about doing the digging yourself, we've already done it. This book contains beginners to advanced tips and tricks that will help you to master your iPhone. Here is a preview of what you will learn: -Basic set up guide- The new iOS 13 tips and tricks -Face ID and 3D Touch-Software and Hardware Features-Switching between Apps-Animoji and Memoji-Apple Pay-The Depth Control-The Haptic Touch-In-depth guide on the iOS 12's new features-Much, much, more! Get ready to enjoy your new iPhone by clicking the BUY Button to add this book to your shelve.

If there is anything you will need to really enjoy your iPhone, it is an unbiased guide on useful and mind-blowing tricks. This book was written to help you learn great iPhone 8/8 Plus tips and tricks. You will also be getting tips for improving battery life, boosting performance, and protecting your iPhone. As a hint you will learn: (I) How to optimize your iPhone 8/8 Plus (II) How to organize your iPhone (III) Exploring impressive iPhone tricks (IV) Optimizing your iPhone camera (V) Use Apple Pay on your iPhone. . . And lots more. You've got nothing holding you back from hitting the 'buy' button.

If you believe some news stories, the latest iPad update (iOS 9) is radically different and you should beware of updating! They're wrong! This book is for both new users of iPad and those upgrading to the latest update. I'll walk you through the changes and show you why updating is nothing to be afraid of. The iPad doesn't come with a handbook / user guide, but don't believe other handbooks that tell you that's why you need to buy their handbook! iPad does have a handbook! So why do you need this book? This book was written for my parents; people who needed to know as much as possibly, as quickly as possibly. There are people who want to know every single little detail about the iPad, and you will find that in Apple's comprehensive manual; but if you are like my parents—new to the iPad and just want to learn all the basics in about 30 minutes or an hour, then this guide will help you—people who just want to know how to add their contacts, take photos, and email. It's not for advance users, although if you are upgrading from the previous Apple iOS (iOS 8) you will probably find it useful. If you are ready to learn, then read on!

iOS 5 has hit the stage, and eager users everywhere are getting ready to upgrade their devices. If you're concerned about the upgrade process, or simply want to know all your setup options before making the big switch, let the editors at Macworld help you upgrade your iPhone, iPod touch, or iPad with this step-by-step guide. Want to upgrade to iOS 5? We lay out which devices will run Apple's newest mobile OS, and how to download and install it. Once you've gotten the software on your iPhone, iPod touch, or iPad, we'll walk you through its marquee features: Master new multitasking gestures on the iPad 2 and explore Notification Center; play with Apple's three new apps, Reminders, Messages, and Newsstand; learn about improvements to Safari, Mail, Camera, Photos, and Game Center; check out the smaller tweaks made to Maps, Calendar, Music, Videos, FaceTime, Weather, and Stocks; and discover what's been done under-the-hood in regards to Twitter integration, new typing tricks, AirPlay mirroring, and Accessibility. If you're confused about Apple's new sync service, iCloud, never fear: Our iOS 5 Upgrade Guide also offers a rundown of the service and each of its features, as well as a step-by-step guide for setting it up on your device. And for those who wish to untether their iOS device from their computer, the guide explains how to take advantage of iOS 5's Wi-Fi Sync and eliminate cord-based backup and information transfer.
