A Complete Guide to Using the iPhone 12 Pro Camera
The best camera for the job is the one you have in your hands. When there is an opportunity for a photoshoot, especially when that camera is the iPhone 12 Pro, maximize the use of your iPhone 12 to take great shots. A Complete Guide to Using the iPhone 12 Pro Camera. The question then becomes, are you making the most of that powerful tool in your pocket? Do the photos you take seem to be from an amateur because of how blurry they look, and very different from the kind of picture you had in mind to take? If this is the case, and you want to be able to take incredible pictures with your iPhone, then this book is for you. At the end of this book, you should be comfortable taking great shots with your iPhone 12 Pro even in low light conditions. You will also be equipped with the skills needed to capture awesome portrait pictures of people and nail down your composition such that others will be amazed at how professional your pictures consistently look, as you create jaw-dropping landscapes, food, and travel photos of the events you are involved in. The book starts by covering some of the basic things about the iPhone 12 Pro and then goes on to cover some of these features on the iPhone and how they affect the quality of the pictures taken with it. In no time at all, using this book, you will begin to start snapping with your camera with far more confidence and dexterity than other iPhone users who simply go through the motions of pointing their cameras at an object and taking pictures without some of these basic knowledge and skills. Some contents to expect to see in this book include: How to create animojis and even share them with other types of phone users. How to take stunning pictures for your social media platforms. How to take stunning pictures in the portrait mode and lots more. With this book in your hands, you can move from being just a mediocre basic iPhone user to an iPhone photography specialist. It will save you the time and energy of stumbling into some of these features by exposing you to these features and functions. If what you want is a go-to guide on matters surrounding just iPhone photography, then this is a great reference guide for you, very different from what a generic iPhone 12 Pro manual can achieve because of how such books gross over different topics. Not only that, but you can also order this book as a gift for a friend, son, daughter, or a loved one to help them quickly get started with using their phone as soon as they start using the pages of this book. Special Bonus That is not all, at the end of this book, we have a special gift for you, something you will believe you will love. If you believe some news stories, the latest iPhone update (iOS 8) is radically different and you should beware of updating! They're wrong! This book is for both new users of iPhone and those upgrading to the latest update. I'll walk you through the changes and show you why updating is nothing to be afraid of. The iPhone doesn't come with a handbook / user guide; this though doesn't mean that you have to buy someone else's handbook! iPhone does have a handbook! There are three ways to get it: 1. Download it from the Apple iBookstore (it's free) 2. Get it online by going to manuals.info.apple.com 3. Get it on your phone; if you go to your bookmarked pages on Safari, the last bookmark is for the 'iPhone User Guide'. So why do you need this book? This book was written for my parents; people who needed to know as much as possible, as quickly as possible. There are people who want to know every single little detail about the iPhone, and you will find that in Apple's comprehensive manual. If you are like my parents though, new to the iPhone and just want to learn all the basics in about 30 to 60 minutes or an hour that is, then this guide will help you. People who just want to know how to add their contacts, how to take photos, and how to email. It's not for advanced users, though if you are upgrading from the previous Apple iOS (iOS 7) then you will most probably find it useful. If you are ready to learn read on!

A Full Color Guide to the iPhone 13 and iPhone 13 Pro iPhone. It's amazing. It's gorgeous. It's...really featured packed! It won't take much time to understand how to do the basics-you know, call, text, and email. But what if you want to understand how to use the most powerful features? That's where this guide comes in. This guide (in full color!) is all about helping you learn all the tips and tricks to make your life easier! Don't worry! If you need the basics, it's going to have you covered as well! It will start with the basics, then go forward from there. Inside, you will learn about: What's new to iOS 15 Using an iPhone that doesn't have a Home button Using Face ID Cinematic Mode How to use Picture in Picture for movies and TV shows How to add widgets to your Home screen Organizing apps with the App Library Buying, removing, rearranging, updating apps MagSafe Taking, editing, organizing and sharing photos Apple Services (Apple Music, Apple TV+,

Apple Card, iCloud, and Fitness+) Using Siri Using pre-installed apps like Notes, Calendar, Reminders, and more Making phone calls and sending messages And much, much more! Are you ready to start enjoying your new iPhone? Then let's get started! Note: This book is not endorsed by Apple, Inc and should be considered unofficial.

Annotation With the iOS 8.1 software and the new iPhone 6 and 6 Plus, Apple has taken its flagship products into new realms of power and beauty. The modern iPhone comes with everything camera, music player, Internet, flashlight except a printed manual. Fortunately, David Pogue is back with this expanded edition of his witty, full-color guide: the worlds most popular iPhone book. The iPhone 6 and 6 Plus. This book unearths all the secrets of the newest iPhones. Bigger screens, faster chips, astonishing cameras, WiFi calling, Apple Pay, crazy thin. The iOS 8.1 software. Older iPhone models gain predictive typing, iCloud Drive, Family Sharing, "Hey Siri," the Health app, and about 195 more new features. Its all here, in these pages. The apps. That catalog of 1.3 million add-on programs makes the iPhones phone features almost secondary. Now you'll know how to find, exploit, and troubleshoot those apps. The iPhone may be the worlds coolest computer, but its still a computer, with all of a computers complexities. iPhone: The Missing Manual is a funny, gorgeously illustrated guide to the tips, shortcuts, and workarounds that will turn you, too, into an iPhone master.

Discover customization and productivity tips with this quick guide for iPhone users Key Features Learn everything about your iPhone quickly to use it as an effective tool for communication, entertainment, and work Customize your phone's look and sound and modify the iOS's privacy settings Keep your apps tidy and organized using the App Library Book Description The iPhone is the most popular smartphone available on the market, renowned for its sophisticated design, immersive UI, and user safety. *Introduced on September 12, 2017, the iPhone 8 and the iPhone 8 Plus represent a "huge step forward for the iPhone," according to Apple CEO Tim Cook. The two devices "improve on everything we love about iPhone" The iPhone 8 and iPhone 8 Plus mix a little bit of the iPhone X with a little bit of the previous-generation iPhone 7 and iPhone 7 Plus. The iPhone 8 and the iPhone 8 Plus adopt new glass bodies sandwiched in a matching aluminum frame and the back to enable wireless charging. Unlike the iPhone X, there continues to be a Touch ID Home button and thick bezels at the top and bottom of the display. It has a Retina Display with True Tone technology to match the ambience around you, it has the most powerful chip ever put into a smartphone, and it comes in three new colors: silver, space grey and gold By the time you've finished reading iPhone 8 Guide you'll be pro in nearly everything iPhone 8 and iPhone 8 Plus and iOS 11 related.
