Lahiri evokes his childhood and university days as a backdrop to the unusual choices he made in his life. He then describes how, along with the huge fulfilment that came with engaging with young minds in his profession, he also had to face the vicissitudes of having to deal with vested interests, status-quo upholders and entitled parents. From the challenges that come with heading a residential school in India to the loneliness and vulnerability associated with the job, this is a personal account of a stormy career filled with unpredictable ups and downs. Written with simplicity and humour, With A Little Help From My Friends holds a mirror to how some of our better-known institutions are run and makes invaluable observations about our school education system.

*"There are only two kinds of people who can tell you the truth about yourself. An enemy who has lost his temper and a friend who loves you dearly."-- Antisthenis, 445-365 B.C. Forever is the first part of the two-book Your Enemy, Your Friend series. It is about the relationship that you have with your life-partner today, despite aiming for something a little different all those years ago. This is not a romance novel or an erotic escapade, and may not be easily digestible at times. It is neither safe nor is it politically symmetrical, but that is exactly how it must be - if it is going to make a difference. Your Enemy, Your Friend - Forever, is an impetuous and unashamed departure from conventional belief frameworks, insubstantial value systems and counter-productive behavioural doctrines that systematically rob us of the two things most of us are constantly trying to acquire: Personal happiness & Relationship Madness. Unfortunately, most of us remain buried under deeply engrained, artificial, erroneous, and even obsolete 'way of being' constraints that covertly prevent us from ever obtaining those goals and will continue to do so until we can see them for what they really are. But, to see them we must shift our perspective - and for most of us that does not occur easily. It will require a firm nudge in our awareness by way of a compelling jolt that provokes us into action. That is exactly what this book Forever and the Your Enemy, Your Friend series - actually are; a compelling jolt consisting of thought provoking behavioural insights that expose antiquated 'way of life' notions and frameworks so that you can see them. What you do with that information is then entirely up to you. Personal happiness and relationship madness are just around the corner; but to acquire these precious commodities: We must unlearn who we think we are - so that we can relearn who we can become.*

"Amy's Best Friend, Prayers of a Child" comprises a personal introduction from Amy followed by 14 illustrated prayers, and finally special pages to record a child's own prayers. The book is non-denominational. "Amy's Best Friend" is accompanied by two fun books to support your child's practice of prayer. First, there is a coloring book giving your child hours of fun coloring in the same prayers you have read to him/her. Second, after all the pages at the end of "Amy's Best Friend, Prayers Of A Child" have been filled with your child's own prayers, a prayer journal is available under the name "Amy's Best Friend, Prayers of A Child: My Prayers." A romance where the leading man is decidedly unromantic, a crime novel where catching the crook isn't the only hook, a friendship story where they aren't even sure they like each other—this is a contemporary debut with razor-sharp dialogue, ridiculously funny action, and the most charismatic dynamic duo you've ever met.*

*Sadik Ellis blew into my rather insipid world at breakneck speed and with gripping force. He held all the features: striking feline eyes, golden russet skin, incredible sex appeal, wealth exuding like the enticing scent of cologne, and mind-blowing determination. He was also trouble from the other side of the tracks, something I'd sensed. Sadik was an Ellis man with a solid education, his own thriving businesses, and self-obtained wealth. However, the Ellis family was known for their long underbelly ruling of the state of New Jersey. When Sadik assured his life was separate of his father's, I believed him each time. I fell completely and dangerously head over heels for him. And, my God, all the red flags were there. They create a new movement, a new form of art, through vision, unique perspectives and raw talent. They paint because they are compelled to; it is a passion within their soul. I think this best describes Amy's journey towards the creation of "Why Can't We Be Friends." Her vision for peace and harmony in her own divorce and her quest for a personal transformation began to impact others in a positive way. Amy soon realized that the formula could be universally applied to help you if not millions of people and families around the world, which is why she has created this book. Apply her principles to your life. Get ready for inspiration as you embark on this journey.

We are living in a time when social media and email accounts are continually violated by people who shamelessly use false identities and malicious intentions to steal personal information, money, good reputations, friends and hearts. They exploit the fact that people are often willing to ignore the warning signs that a friend, acquaintance or business may not be who they claim to be. Author Jo Anne Meekins, a former policies and procedures writer, uses screenshots and real life experiences to illustrate a step-by-step protection process to follow when you receive a friend request. She also shows you how to recognize and report fake profiles and fraudulent emails. "How to Protect Yourself from 'Pretend' Friend Requests & Email Scams" implores you to be proactive in protecting yourself and friends from these threats by paying attention to the red flags and doing your due diligence. As the saying goes, "Better safe than sorry!"

Greetings, Yoshua here. Have you ever had that uncomfortable feeling like something isn't quite right and that there must be far more to life than what

you've experienced? Maybe you reacted how I did at first; assuming you are a weirdo and have all sorts of problems, or don't fit in to a world where everyone around you seems to be doing well (which, spoiler, couldn't be further from the truth). Or perhaps you see right through it all and can't stand one more second of playing pretend and putting on a happy face. Either way, you are most certainly not alone in this matter and are likely being guided by a deeper knowing within your being, which can feel strange at first, silly, even. Trying to fit in and live in a false, albeit broken, world can drive anyone to confusion, depression, isolation, and even madness (damn near did for me). But there is far more to life than that, we need only to be pointed in the right direction and shown what is truly possible. Conversations with Your Best Friend isn't a book to help you learn new mindful practices, love yourself more, find ten ways to manifest your desires, make millions the easy way, or teach you the ancient zen ways of growing out your beard to look extra spiritual, but rather a tool to assist you in unraveling the false narrative of who you believe you are from past fear-based conditioning. Through a new lens you can shed the labels that confine you, live in truth and access your flow state in which life makes perfect sense and doesn't feel like a chaotic, stressful, random mess all the time. As you navigate your way through this wild thing we call life, consider me a friend and guide on this journey, someone who has been where you are, someone to assist you in making sense of it all. Yoshua (formerly Joshua Greenfield) is little more than a reflection of YOU. Sure he lives in Colorado, works with food and music to assist others in tapping into their vibrational being and break through fear and blocks, co-created a successful alternative cooking channel on Youtube with over 1.4 million subscribers called Brothers Green Eats, and a show on MTV of the same name, has written a series of books, and most certainly loves long walks on the beach, but he cares little about the material accolades and interests, and rather chooses to focus on how these things may guide others to uncovering who they really are and seeing their divine connection to everything. "Praise" For "Conversations With Your Best Friend" "Do not try and read this book, that would be absolutely impossible. Instead, only try to realize the truth...there is no book. In doing so you'll see that it is not the book that gets read, it is yourself." The Chosen One "This was easily one of the most life changing and important books I have ever read in my entire life. Wait, what book are you talking about? Oooh that one... eh, I've had better." Newt Merciful "When I first read CWYBF I fell asleep within the first 10 pages and upon waking up my shirt changed colors, there was money missing from the counter and I was fully enlightened. It was odd to say the least." -Levi Ivel "Yoshua, what you've just written is one of the most insanely idiotic things I have ever read. At no point in your rambling, incoherent musings were you even close to anything that could be considered a rational thought. Everyone in the totality of existence is now dumber for having read it. I award you no points, and may the Universe have mercy on your soul." -Milly Badison Author Bio: Yoshua (formerly Joshua) is little more than a reflection of you. Sure he's had a certain level of success in his career;

hosted a show about food and music on MTV, created an alternative cooking channel on Youtube with his brother that gained 1.4 million followers, teaches mindful cooking and music lessons around the world and has published a number of books, but Yoshua knows those things are of the material, fleeting, transient--what he shares in the book is for anyone to try on.
