

## James Joyce A Biography Gordon Bowker

James Joyce A New Biography Farrar, Straus and Giroux

**NATIONAL BESTSELLER • WINNER OF THE PULITZER PRIZE** • A searing, post-apocalyptic novel about a father and son's fight to survive, this "tale of survival and the miracle of goodness only adds to McCarthy's stature as a living master. It's gripping, frightening and, ultimately, beautiful" (San Francisco Chronicle). A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. *The Road* is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, "each the other's world entire," are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation.

Is it still a crime if you commit it in your sleep? Ethan Barret is on trial for attempted murder. The problem is, he doesn't remember doing it. His hands committed the crime, but he was

asleep the whole time. Ethan Barret is also only twelve years old. Gordon Pope is down on his luck. He was one of the best child-psychiatrists in the country before his divorce. Now he's broke, bored, and spiraling into depression. He agrees to be an expert witness in Ethan's case because he needs the extra cash for drinking money. What he doesn't know is that he's about to be thrown into a race against time to save the boy, and himself, before it's too late for both of them. *The Sleepwalkers* is a riveting thriller that will change the way you think about sleep--and dreams--forever.

Named one of the best books of historical fiction by the New York Times Acclaimed Irish novelist Nuala O'Connor's bold reimagining of the life of James Joyce's wife, muse, and the model for Molly Bloom in *Ulysses* is a "lively and loving paean to the indomitable Nora Barnacle" (Edna O'Brien). Dublin, 1904. Nora Joseph Barnacle is a twenty-year-old from Galway working as a maid at Finn's Hotel. She enjoys the liveliness of her adopted city and on June 16—Bloomsday—her life is changed when she meets Dubliner James Joyce, a fateful encounter that turns into a lifelong love. Despite his hesitation to marry, Nora follows Joyce in pursuit of a life beyond Ireland, and they surround themselves with a buoyant group of friends that grows to include Samuel Beckett, Peggy Guggenheim, and Sylvia Beach. But as their life unfolds, Nora finds herself in conflict between their intense desire for each other and the constant anxiety of living in poverty throughout Europe. She desperately wants literary success for Jim, believing in his singular gift and knowing that he thrives on being the toast of

the town, and it eventually provides her with a security long lacking in her life and his work. So even when Jim writes, drinks, and gambles his way to literary acclaim, Nora provides unflinching support and inspiration, but at a cost to her own happiness and that of their children. With gorgeous and emotionally resonant prose, Nora is a heartfelt portrayal of love, ambition, and the quiet power of an ordinary woman who was, in fact, extraordinary.

A groundbreaking new biography of one of the twentieth century's most important poets. On the fiftieth anniversary of the death of T. S. Eliot, the award-winning biographer Robert Crawford presents us with the first volume of a comprehensive account of this poetic genius. Young Eliot traces the life of the twentieth century's most important poet from his childhood in St. Louis to the publication of his revolutionary poem *The Waste Land*. Crawford provides readers with a new understanding of the foundations of some of the most widely read poems in the English language through his depiction of Eliot's childhood—laced with tragedy and shaped by an idealistic, bookish family in which knowledge of saints and martyrs was taken for granted—as well as through his exploration of Eliot's marriage to Vivien Haigh-Wood, a woman who believed she loved Eliot "in a way that destroys us both." Quoting extensively from Eliot's poetry and prose as well as drawing on new interviews, archives, and previously undisclosed memoirs, Crawford shows how the poet's background in Missouri, Massachusetts, and Paris made him a lightning rod for modernity. Most impressively, Young Eliot reveals the way he accessed his inner life—his anguishes and his fears—and blended them with his omnivorous reading to create his masterpieces "The Love Song of J. Alfred Prufrock" and *The Waste Land*. At last, we experience T. S. Eliot in all his tender complexity as student and lover, penitent and provocateur, banker and

philosopher—but most of all, Young Eliot shows us as an epoch-shaping poet struggling to make art among personal disasters.

James Joyce's near blindness, his peculiar gait, and his death from perforated ulcers are commonplace knowledge to most of his readers. But until now, most Joyce scholars have not recognized that these symptoms point to a diagnosis of syphilis. Kathleen Ferris traces Joyce's medical history as described in his correspondence, in the diaries of his brother Stanislaus, and in the memoirs of his acquaintances, to show that many of his symptoms match those of *tabes dorsalis*, a form of neurosyphilis which, untreated, eventually leads to paralysis. Combining literary analysis and medical detection, Ferris builds a convincing case that this dread disease is the subject of much of Joyce's autobiographical writing. Many of his characters, most notably Stephen Dedalus and Leopold Bloom, exhibit the same symptoms as their creator: stiffness of gait, digestive problems, hallucinations, and impaired vision. Ferris also demonstrates that the themes of sin, guilt, and retribution so prevalent in Joyce's works are almost certainly a consequence of his having contracted venereal disease as a young man while frequenting the brothels of Dublin and Paris. By tracing the images, puns, and metaphors in *Ulysses* and *Finnegans Wake*, and by demonstrating their relationship to Joyce's experiences, Ferris shows the extent to which, for Joyce, art did indeed mirror life.

From *Ulysses* to *Finnegans Wake*, James Joyce's writings rank among the most intimidating works of literature. Unfortunately, many of the books that purport to explain Joyce are equally difficult. The *Critical Lives* series comes to the rescue with this concise yet deep examination of Joyce's life and literary accomplishments, an examination that centers on

## Read PDF James Joyce A Biography Gordon Bowker

Joyce ' s mythical and actual Ireland as the true nucleus of his work. Andrew Gibson argues here that the most important elements in Joyce ' s novels are historically material and specific to Ireland—not, as is assumed, broadly modernist. Taking Joyce “ local, ” Gibson highlights the historical and political traditions within Joyce ' s family and upbringing and then makes the case that Ireland must play a primary role in the study of Joyce. The fall of Charles Stewart Parnell, the collapse of political hope after the Irish nationalist upheavals, the early twentieth-century shift by Irish public activists from political to cultural concerns—all are crucial to Joyce ' s literary evolution. Even the author ' s move to mainland Europe, asserts Gibson, was actually the continuation of a centuries-old Irish legacy of emigration rather than an abandonment of his native land. In the thousands, perhaps millions, of words written about Joyce, Ireland often takes a back seat to his formal experimentalism and the modernist project as a whole. Yet here Gibson challenges this conventional portrait of Joyce, demonstrating that the tightest focus—Joyce as an Irishman—yields the clearest picture.

The Life and Lies of Jimmy Savile

The Life and Work of Harry Clarke

Gordon Welchman

Today, following the tsunami of women's protest at widespread abuse, we do

more than read them; we listen and live with their astonishing bravery and eloquence.

A revealing new biography--the first in more than fifty years--of one of the twentieth-century's towering literary figures -- James Joyce, author of "Ulysses." Winner of the 2015 Gordon Burn Prize and the 2015 CWA Non-Fiction Dagger Shortlisted for the Orwell Prize and the James Tait Black Prize Dan Davies has spent more than a decade on a quest to find the real Jimmy Savile, and interviewed him extensively over a period of seven years before his death. In the course of his quest, he spent days and nights at a time quizzing Savile at his homes in Leeds and Scarborough, lunched with him at venues ranging from humble transport cafes to the Athenaeum club in London and, most memorably, joined him for a short cruise aboard the QE2. Dan thought his quest had come to an end in October 2011 when Savile's golden coffin was lowered into a grave dug at a 45-degree angle in a Scarborough cemetery. He was wrong. In the last two and a half years, Dan has been interviewing scores of people, many of them unobtainable while Jimmy was alive. What he has discovered was that his instincts were right all along and behind the mask lay a hideous truth. Jimmy Savile was not only complex, damaged and controlling, but cynical, calculating and predatory. He revelled in his status as a Pied Piper of youth and used his

power to abuse the vulnerable and underage, all the while covering his tracks by moving into the innermost circles of the establishment.

On the fictional morning of June 16, 1904—Bloomsday, as it has come to be known—Mr. Leopold Bloom set out from his home at 7 Eccles Street and began his day's journey through Dublin life in the pages of James Joyce's novel of the century, *Ulysses*. Commemorating the 100th anniversary of Bloomsday, *Yes I Said Yes I Will Yes* offers a priceless gathering of what's been said about *Ulysses* since the extravagant praise and withering condemnation that first greeted it upon its initial publication. From the varied appraisals of such Joyce contemporaries as William Butler Yeats ("It is an entirely new thing. . . . He has certainly surpassed in intensity any novelist of our time") and Virginia Woolf ("Never did I read such tosh"), to excerpts from Tennessee Williams' term paper "Why *Ulysses* is Boring" and assorted wit, praise, parody, caricature, photographs, anecdotes, bon mots, and reminiscence, this treasury of Bloomsiana is a lively and winning tribute to the most famous day in literature.

A History of Literary Paris in the Twenties and Thirties

Heiress, Muse, Political Idealist

Through the Dark Labyrinth

Nancy Cunard

A New Biography

*Samuel Beckett, whose play Waiting for Godot was one of the most influential works for the post-World War II generation, has long been identified with the debilitated and impotent characters he created. In this provocative book, Lois Gordon offers a new perspective on Beckett, challenging the prevalent image of him as reclusive, self-absorbed, and disturbed. Gordon investigates the first forty years of Beckett's life and finds that he was, on the contrary, a kind and generous man who responded sensitively and even heroically to the world around him. Gordon describes the various places and events that affected Beckett during this formative period: war-torn Dublin during the Easter Uprising and World War I, where he spent his childhood and student days; Belfast and Paris in the 1920s and London during the Depression, where he lived and worked; Germany in 1937, where he traveled and witnessed Hitler's brutal domestic policies; prewar and occupied France, where he was active in the Resistance (for which he was later decorated); and the war-ravaged town of Saint-L in Normandy, which he helped to restore following the liberation. Gordon also portrays the individuals who were important to Beckett, including Jack B. Yeats, Alfred Pron, Thomas McGreevy, and, most significantly, James Joyce, who was a model for Beckett*

*personally, artistically, and politically. Gordon argues convincingly that Beckett was very much aware of the political and cultural turmoil of this period and that the enormously creative works he wrote after World War II can, in fact, be viewed as a product of and testament to those tumultuous times.*

*Widely acknowledged as one of the most important English writers of the last century, Angela Carter's work stands out for its bawdiness and linguistic zest, its hospitality to the fantastical and the absurd, and its extraordinary inventiveness and range. Her life was as vigorously modern and unconventional as anything in her fiction. This is the story of how Angela Carter invented herself - as a new kind of woman and a new kind of writer - and how she came to write such seductive and distinctive masterworks as *The Bloody Chamber*, *Nights at the Circus*, and *Wise Children*. Because its subject so powerfully embodied the spirit of the times, the book also provides a fresh perspective on Britain's social and cultural history in the second half of the twentieth century. It examines such topics as the 1960s counterculture, the social and imaginative conditions of the nuclear age, and the advent of second wave feminism. Author Edmund Gordon has followed in Angela Carter's footsteps - travelling to the places she lived in Britain, Japan, and the USA - to uncover a life rich in adventure and incident. With unrestricted access to her manuscripts, letters, and journals, and informed by interviews with Carter's*

*friends and family, Gordon offers an unrivalled portrait of one of the twentieth century's most dazzlingly original writers. This sharply written narrative will be the definitive biography for years to come.*

*Joyce Johnson was part of the extraordinary circle that included Allen Ginsberg, LeRoi and Hettie Jones, Gregory Corso, Robert Frank, Willem de Kooning and Frank Kline and was witness to the art and lives of these artists who formed the Beats, a movement that has now gained almost mythical resonance. She was living with Jack Kerouac when *On the Road* - his novel that seemed to encapsulate the spirit of the Beats - was first published, turning him into a celebrity. Johnson's book is a personal memoir and a summation of the times, a story of adolescent rebellion and a desire to choose a different life. She shows how the Beat women, in deciding to break the rules and leave home as unmarried young women in the 1950s, discovered the risks and the heady excitement of trying to live as freely as the rebels they loved.*

*Lois Gordon's absorbing biography tells the story of a writer, activist, and cultural icon who embodied the dazzling energy and tumultuous spirit of her age, and whom William Carlos Williams once called "one of the major phenomena of history." Nancy Cunard (1896-1965) led a life that surpasses Hollywood fantasy. The only child of an English baronet (and heir to the Cunard shipping fortune)*

*and an American beauty, Cunard abandoned the world of a celebrated socialite and Jazz Age icon to pursue a lifelong battle against social injustice as a wartime journalist, humanitarian aid worker, and civil rights champion. Cunard fought fascism on the battlefields of Spain and reported firsthand on the atrocities of the French concentration camps. Intelligent and beautiful, she romanced the great writers of her era, including three Nobel Prize winners, and was the inspiration for characters in the works of Ezra Pound, T. S. Eliot, Aldous Huxley, Pablo Neruda, Samuel Beckett, and Ernest Hemingway, among others. Cunard was also a prolific poet, publisher, and translator and, after falling in love with a black American jazz pianist, became deeply committed to fighting for black rights. She edited the controversial anthology Negro, the first comprehensive study of the achievement and plight of blacks around the world. Her contributors included Langston Hughes, W. E. B. Du Bois, and Zora Neale Hurston, among scores of others. Cunard's personal life was as complex as her public persona. Her involvement with the civil rights movement led her to be ridiculed and rejected by both family and friends. Throughout her life, she was plagued by insecurities and suffered a series of breakdowns, struggling with a sense of guilt over her promiscuous behavior and her ability to survive so much war and tragedy. Yet Cunard's writings also reveal an immense kindness and wit, as well as her*

*renowned, often flamboyant defiance of prejudiced social conventions. Drawing on diaries, correspondence, historical accounts, and the remembrances of others, Lois Gordon revisits the major movements of the first half of the twentieth century through the life of a truly gifted and extraordinary woman. She also returns Nancy Cunard to her rightful place as a major figure in the historical, social, and artistic events of a critical era.*

Longlisted for the 2020 Women's Prize for Fiction One of Time's 100 Must-Read Books of 2020 "A critique, a confession, a love letter—and another brilliant novel from Anne Enright." —Ron Charles, Washington Post Katherine O'Dell is an Irish theater legend. Every moment of her life is a performance, with her daughter, Norah, standing in the wings. With age, alcohol, and dimming stardom, however, Katherine's grip on reality grows fitful. Fueled by a proud and long-simmering rage, she commits a bizarre crime. As Norah's role gradually changes to

Katherine's protector, caregiver, and finally legacy-keeper, she revisits her mother's life of fiercely kept secrets; and Norah confronts in turn the secrets of her own sexual and emotional coming-of-age. With virtuosic storytelling, *Actress* weaves together two generations of women with difficult sexual histories, touching a raw and timely nerve.

Recipient of the 2015 PEN New England Award for Nonfiction "The arrival of a significant young nonfiction writer . . . A measured yet bravura performance."  
—Dwight Garner, *The New York Times*

James Joyce's big blue book, *Ulysses*, ushered in the modernist era and changed the novel for all time. But the genius of *Ulysses* was also its danger: it omitted absolutely nothing. Joyce, along with some of the most important publishers and writers of his era, had to fight for years to win the freedom to publish it. *The Most Dangerous Book* tells the remarkable story surrounding *Ulysses*, from the first stirrings of Joyce's inspiration in 1904 to the book's landmark federal obscenity trial in 1933. Written for ardent Joyceans as well as novices who want to get to the heart of the greatest novel of the twentieth century, *The Most Dangerous Book* is a gripping examination of how the world came to say Yes to *Ulysses*.

A dazzling, prize-winning graphic biography of one of the world's most revered writers. Winner of Spain's National Comic Prize and published to acclaim in

Ireland, here is an extraordinary graphic biography of James Joyce that offers a fresh take on his tumultuous life. With evocative anecdotes and hundreds of ink wash drawings, Alfonso Zapico invites the reader to share Joyce's journey, from his earliest days in Dublin to his life with his great love, Nora Barnacle, and their children, and his struggles and triumphs as an artist. Joyce experienced poverty, rejection, censorship, charges of blasphemy and obscenity, war, and crippling ill-health. A rebel and nonconformist in Dublin and a harsh critic of Irish society, he left Ireland in self-imposed exile with Nora, moving to Paris, Pola, Trieste, Rome, London, and finally Zurich. He overcame monumental challenges in creating and publishing *Dubliners*, *Portrait of an Artist as a Young Man*, *Ulysses*, and *Finnegans Wake*. Along the way, he encountered a colorful cast of characters, from the Irish nationalists Charles Parnell and Michael Collins to literary greats Yeats, Proust, Hemingway, and Beckett, and the likes of Carl Jung and Vladimir Lenin. Malcolm Lowry was the troubled author of *Under the Volcano* (1947), a brilliant novel about the last day of an alcoholic former British consul on the Mexican Day of the Dead, the manuscript of which Lowry rescued from the flames when his fisherman's shack burned down in 1944. Lowry's other books were not always so lucky: his first novel, *Ultramarine* (1930), was stolen after four years' composition and resurrected from a carbon copy; another manuscript, *In Ballast to the White*

Sea, was destroyed in the 1944 fire. An early draft of *In Ballast* was discovered century and published in 2014. Lowry's life, like his work, was often lost to chaos. Gordon Bowker's 1994 biography is a masterful account of a life spent adrift.

In Plain Sight

A Biography

Five Women Writers Who Changed the World

The Invention of Angela Carter

Portrait of a Dubliner? A Graphic Biography

**Traces the life of Durrell, author of "The Alexandria Quartet," and discusses the influence of Eastern religions on his work**  
**"Whatever spark or gift I possess has been transmitted to Lucia and it has kindled a fire in her brain." -James Joyce, 1934** Most accounts of James Joyce's family portray Lucia Joyce as the mad daughter of a man of genius, a difficult burden. But in this important new book, Carol Loeb Shloss reveals a different, more dramatic truth: her father loved Lucia, and they shared a deep creative bond. Lucia was born in a pauper's hospital and educated haphazardly across Europe as her penniless father

pursued his art. She wanted to strike out on her own and in her twenties emerged, to Joyce's amazement, as a harbinger of expressive modern dance in Paris. He described her then as a wild, beautiful, "fantastic being" whose mind was "as clear and as unsparing as the lightning." The family's only reader of Joyce, she was a child of the imaginative realms her father created, and even after emotional turmoil wrought havoc with her and she was hospitalized in the 1930s, he saw in her a life lived in tandem with his own. Though most of the documents about Lucia have been destroyed, Shloss painstakingly reconstructs the poignant complexities of her life—and with them a vital episode in the early history of psychiatry, for in Joyce's efforts to help her he sought the help of Europe's most advanced doctors, including Jung. In Lucia's world Shloss has also uncovered important material that deepens our understanding of *Finnegans Wake*, the book that redefined modern literature.

Describes the life of the Irish writer and discusses his works in light of the literary climate in which he lived

Stained glass, Symbolism, Decadence, Celtic mysticism, Art Nouveau and the Ballets Russes - all these elements claim a

place in the definition of Harry Clarke. Born a century ago, this Dublin artist, son of an English father and an Irish mother, worked intensely at his art, as if conscious that death would overtake him at an early age. Clarke is now recognized internationally as a bizarre genius of his age, as the Irish Beardsley. This is the story of a questing soul with a complex imagination who produced prolifically and with outstanding originality. His skill and vision has not been equaled and this book is based on a study which won the 1984 CINOA Art History Laureate and is richly illustrated, bringing the range and importance of Clarke's work to general attention.

The Liar's Wife

A Celebration of James Joyce, Ulysses, and 100 Years of  
Bloomsday

Short Story

A revealing biography of one of the twentieth century's towering literary figures James Joyce is one of the greatest writers of the

twentieth century, foundational in the history of literary modernism. Yet Joyce's genius was not immediately recognized, nor was his success easily won. At twenty-two the author chose a life of exile; he battled poverty and financial dependency for much of his adult life; his out-of-wedlock relationship with Nora Barnacle was scandalous for the time; and the attitudes he held toward Ireland, England, sexuality, politics, Catholicism, popular culture--to name a few--were complex, contradictory, and controversial. In *James Joyce*, Gordon Bowker, draws on material recently come to light and reconsiders the two signal works produced about Joyce's life--Herbert Gorman's authorized biography of 1939 and Richard Ellmann's magisterial tome of 1959. By intimately binding together the life and work of this singular Irish novelist, Bowker gives us a masterful, fresh, eminently readable contribution to our understanding both of Joyce's personality and of the monumental opus he created. Bowker goes further than his predecessors in exploring Joyce's inner depths--his ambivalent relationships to England, to his native Ireland, and to Judaism--and uncovers revealing evidence. He draws convincing correspondences between the iconic fictional characters Joyce created and their real-life models and inspirations.

And he paints a nuanced portrait of a man of enormous complexity, the clearest picture yet of an extraordinary writer who continues to influence and fascinate more than a century after his birth.

'Is there one who understands me?' So wrote James Joyce towards the end of his final work, *Finnegans Wake*. The question continues to be asked about the author who claimed that he had put so many enigmas into *Ulysses* that it would 'keep the professors busy for centuries' arguing over what he meant. For Joyce this was a way of ensuring his immortality, but it could also be claimed that the professors have served to distance Joyce from his audience, turning his writings into museum pieces, pored over and admired, but rarely touched. In this remarkable book, steeped in the learning gained from a lifetime's reading, David Pierce blends word, life and image to bring the works of one of the great modern writers within the reach of every reader. With a sharp eye for detail and an evident delight in the cadences of Joyce's work, Pierce proves a perfect companion, always careful and courteous, pausing to point out what might otherwise be missed. Like the best of critics, his suggestive readings constantly encourage the reader back to Joyce's own words. Beginning with *Dubliners* and closing

with *Finnegans Wake*, Reading Joyce is full of insights that are original and illuminating, and Pierce succeeds in presenting Joyce as an author both more straightforward and infinitely more complex than we had perhaps imagined. T. S. Eliot wrote of Joyce's masterpiece, *Ulysses*, that it is 'a book to which we are all indebted, and from which none of us can escape'. With David Pierce as a guide, the debt we owe to Joyce becomes clearer, and the need to flee is greatly reduced.

As a child lies ill with fever, the figures of a bugle boy, a blustery sergeant major, a princess, and other toys come to life and search for the mysterious Davin, a powerful figure who can cure the boy.

"Enigma's 'forgotten genius' . . . [the] story of Alan Turing's spymaster boss who led the team that cracked Hitler's WWII codes" (Daily Mail).

The Official Secrets Act and the passing of time have prevented the Bletchley Park story from being told by many of its key participants. Here at last is a book that allows some of them to speak for the first time. Gordon Welchman was one of the Park's most important figures. Like Alan Turing, his pioneering work was fundamental to the success of Bletchley Park and helped pave the way for the birth of the digital age. Yet, his story is largely unknown to many. His book, *The Hut Six*

Story, was the first to reveal not only how they broke the codes, but how it was done on an industrial scale. Its publication created such a stir in GCHQ and the NSA that Welchman was forbidden to discuss the book or his wartime work with the media. In order to finally set the record straight, Bletchley Park historian and tour guide Joel Greenberg has drawn on Welchman's personal papers and correspondence with wartime colleagues that lay undisturbed in his son's loft for many years. Packed with fascinating new insights, including Welchman's thoughts on key Bletchley figures and the development of the bombe machine, this is essential reading for anyone interested in the clandestine activities at Bletchley Park. "A magnificent biography which finally provides recognition to one of Bletchley's and Britain's lost heroes." —Michael Smith "Reveals a man equally as fascinating equally as important as Turing, and tells us even more about what went on in this most secret of establishments during the war years."

—Books Monthly

The World of Samuel Beckett, 1906-1946

Reading Joyce

A Skeleton Key to Finnegans Wake

## A Beat Memoir The Life and Teachings of Tobias Matthay Davin

A collection of new essays covering Joyce's life, times and cultural contexts.

Noel Riley Fitch has written a perfect book, full to the brim with literary history, correct and whole-hearted both in statement and in implication. She makes me feel and remember a good many things that happened before and after my time. I'm glad to have lived long enough to read it. --Glenway Wescott  
Provides an intimate and detailed account of the life of Irish modernist James Joyce, which greatly informs an understanding of this author's complex works.

The award-winning author at her storytelling best: four compelling novellas of Americans in Europe and Europeans in America. In these absorbing and exquisitely made novellas of relationships at home and abroad, both historical and contemporary, we meet the ferocious Simone Weil during her final days as a transplant to New York City; a vulnerable American grad student who escapes to Italy after her first, compromising love affair; the charming Irish liar of the title story, who gets more out of life than most of us; and Thomas Mann, opening the heart of a high-school kid in the Midwest. These narratives dazzle on the surface with beautifully rendered settings and vistas, and dig deep psychologically. At every turn, Mary Gordon reveals in her characters' interactions those crucial flashes of understanding that change lives forever. So richly developed it's hard to believe they fit into novella-size packages, these tales carry us away both as individual stories and as a larger experience of Gordon's literary mastery and human sympathy. This eBook edition includes a Reading Group Guide.

Joyce's Realism

James Joyce in Context

Outsiders

James Joyce

*Jimmy Doyle, a college student, is well-connected and has many wealthy friends. He enjoys the glamorous company, and his parents are proud. At dinner one evening, Jimmy and his friend entertain an English nobleman named Routh. After much drinking they decide to play a few hands and gamble, and although Jimmy loses numerous times, he is still able to fit in and keep up a joyous front. Critically acclaimed author James Joyce's Dubliners is a collection of short stories depicting middle-class life in Dublin in the early twentieth century. First published in 1914, the stories draw on themes relevant to the time such as nationalism and Ireland's national identity, and cement Joyce's reputation for brutally honest and revealing depictions of everyday Irish life. HarperPerennial Classics brings great works of literature to life in digital format, upholding the highest standards in ebook production and celebrating reading in all its forms. Look for more titles in the HarperPerennial Classics collection to build your digital library.*

*Long-awaited and comprehensive biography of the great Irish author James Joyce James Joyce was one of the greatest writers of the twentieth century, but he was not immediately recognised as such; rather he lived in exile in the cosmopolitan Europe of the 1920s in a bid to escape the*

*suffocating atmosphere and parochial prejudices of his native Dublin. His unstinting dedication to authorship picks him out as a writer in the romantic tradition. He battled poverty and financial dependency for much of his adult life, as well as near-blindness from 1917 and the grief of his daughter Lucia's mental illness. He suffered too the slings and arrows of uncomprehending critics especially for his influential Ulysses, which was banned in both Britain and America. Drawing on considerable new material that has only recently become available, Gordon Bowker's biography attempts to get beyond the exterior life to explore the inner landscape of an extraordinary writer who continues to influence and fascinate, well over a century after his birth.*

*Since its publication in 1939, countless would-be readers of Finnegans Wake - James Joyce's masterwork, which consumed a third of his life - have given up after a few pages, dismissing it as a "perverse triumph of the unintelligible." In 1944, a young professor of mythology and literature named Joseph Campbell, working with Henry Morton Robinson, wrote the first "key" or guide to entering the fascinating, disturbing, marvelously rich world of Finnegans Wake. The authors break down Joyce's "unintelligible" book page by page, stripping the text of much of its obscurity and serving up thoughtful interpretations via footnotes and bracketed commentary. They outline the book's basic action, and then simplify ? and clarify ? its complex web of images and allusions. A Skeleton Key to Finnegans Wake is the latest addition to the Collected Works of Joseph Campbell series.*

*British pianist and teacher Tobias Matthay (1858-1945) believed that science could unlock the*

*secrets of artistic success, and thus began a program of musical instruction, theorizing, and writing on piano technique that bespoke his reverence for observation and reasoning in artistic piano performance. His students eventually included major concert pianists of the post-World War I era, such as York Bowen, Dame Myra Hess, Sir Clifford Curzon, Harriet Cohen, Eileen Joyce, and Dame Moura Lympany, all of whom advanced British pianism in the 20th century. In England's Piano Sage, scholar and pianist Stephen Siek tells the story of Matthay, who began teaching at London's Royal Academy of Music in 1880 and two decades later had so many students that he was prompted to open his own piano school in London. After World War I, student enrollments approached some 500 students, and no conservatory in the world was then producing so many finished pianists. By 1925 his towering status in Britain reached across the Atlantic with the founding of the American Matthay Association, and the adoption of his ideas by Yale and Juilliard. From these heights, Matthay's reputation would experience a precipitous fall, from his forced resignation from the Royal Academy to the barrage of criticism attacking his theories. Rich in detail, Siek's book chronicles the personal and professional story of a remarkable man whose monumental achievements now largely lay forgotten, but clearly deserve a second look. In this comprehensive biography, Siek offers a modern reassessment of Matthay's contributions, exploring not only the great piano theorist's life but also his musical compositions, writings on piano technique, relationship to the Royal Academy of Music, his successful piano school on London's Wimpole Street, and the many world-famous pianists he would come to train on both sides of the Atlantic.*
