

Japanese Fairy Tales Vol 2 Japanese Fairy Tales Numbered

New approaches to decenter Eurocentric perspectives in fairy tales and lift up storytelling cultures across the globe.

Recasting Red Culture turns a critical eye on the influential proletarian cultural movement that flourished in 1920s and 1930s Japan. This was a diverse, cosmopolitan, and highly contested moment in Japanese history when notions of political egalitarianism were being translated into cultural practices specific to the Japanese experience. Both a political and historiographical intervention, the book offers a fascinating account of the passions—and antipathies—that animated one of the most admirable intellectual and cultural movements of Japan’s twentieth century, and argues that proletarian literature, cultural workers, and institutions fundamentally enrich our understanding of Japanese culture. What sustained the proletarian movement’s faith in the idea that art and literature were indispensable to the task of revolution? How did the movement manage to enlist artists, teachers, and scientist into its ranks, and what sorts of contradictions arose in the merging of working-class and bourgeois cultures? Recasting Red Culture asks these and other questions as it historicizes proletarian Japan at the intersection of bourgeois aesthetics, radical politics, and a flourishing modern print culture. Drawing parallels with the experiences of European revolutionaries, the book vividly details how cultural activists “recast” forms of modern culture into practices commensurate with the goals of revolution. Weaving over a dozen translated fairytales, poems, and short stories into his narrative, Samuel Perry offers a fundamentally new approach to studying revolutionary culture. By examining the margins of the proletarian cultural movement, Perry effectively redefines its center as he closely reads and historicizes proletarian children’s culture, avant-garde “wall fiction,” and a literature that bears witness to Japan’s fraught relationship with its Korean colony. Along the way, he shows how proletarian culture opened up new critical spaces in the intersections of class, popular culture, childhood, gender, and ethnicity.

****Winner of the 2016 Creative Child Magazine Book of the Year Award**
***Winner of the 2015 Gelett Burgess Award for Best Multicultural Book**
When wily animals, everyday people and magical beings come together in a collection of Japanese fairytales, wonderful things are bound to happen! Each story is brilliantly illustrated by a different talented Japanese artist. The tales recounted here are among Japan’s oldest and most beloved stories. Entertaining and filled with subtle folk wisdom, these retold stories have been shared countless times in Japanese homes and schools for generations. Like good stories from every time and place, they never grow old. Kids (and their parents!) will enjoy hearing these stories read aloud on the accompanying downloadable audio. The fairytales and classic stories in this collection include: The Wife Who Never Eats—the story of a man who learns the hard way the evils of stinginess. The Mill of the Sea—the story of how a greedy man was responsible for the saltiness of sea water. The Monkey and the Crab—the crabs teach a tricky monkey a lesson in fairness and honesty. The Magical Hood—an act of kindness reaps great rewards. Sleepyhead Taro and the Children—a story about what can be accomplished at the right time, and with the right help and the right spirit. The Fox and the Otter—how a fox pays the price of deceit and selfishness. The Gratitude of the Crane—a story about the rewards of kindness and the danger of curiosity. The Tale of the Bamboo Cutter—a girl who starts life very tiny turns out to be big in many ways.**

Japanese Fairy Tales

Strange Tales from Japan

Read Real Japanese with Free Sound Files
**** Recommended for Beginners of Japanese who have mastered hiragana ****
Read the most famous Japanese fairy tale in real Japanese! Every line and every word is explained and defined. BONUS! We are also including the entire Usagi to Kame story (The Tortoise and the Hare) also with every word explained and defined. Sound Files Included at no extra charge are two sound files of both stories. One is read at the normal speed and the other at a slow, easy to follow speed. You find the link to download the MP3s on the last page. You can also scan the QR code found above the stories to instantly hear the story read in slow or normal speeds. THE STORY Momotaro is a boy born from a peach (momo) who grows up to be a strong, brave man. Oni (ogres) are attacking the village. The villagers beg their hero, Momotaro, to purge their lands of the evil Oni. He sets off with aid from three unusual allies. Usagi to Kame (The Tortoise and the Hare) is about... well, you know. ABOUT THIS BOOK This contains several versions of both stories. First, we have the story broken down line by line with every vocabulary word defined and explained. Next, we go through major grammatical patterns found in the story. After that, read the story with no English and in natural Japanese. Lastly, we are including a simple English translation, which should be avoided until you are sure you understand the story or find it too difficult to figure out on your own. You may want to try to read the story either in natural Japanese first.

a beginner, it may be better to go through the vocabulary first. Any way you do it, this book offers several ways to read, listen, and learn. FOR UPPER BEGINNERS Momotaro is designed for those new to Japanese. We recommend learning hiragana and basic Japanese grammar first.

The Zurich Congress marked a return to the origins of Analytical Psychology; here it was that C.G. Jung lived for the first six decades of this century and developed the school of psychology he came to be known for. Here, too, is where many of today’s Jungian analysts from all over the world received their training, and their initiation into the profession. As this collection of the complete proceedings attests, the theme of “open questions” drew a bountiful array of intriguing responses, and this to the largest gathering Jungian analysts ever: more than 800 in all.

This collection of Japanese fairy tales is the outcome of a suggestion made to me indirectly through a friend by Mr. Andrew Lang. They have been translated from the modern version written by Sadanami Sanjin. These stories are not literal translations, and though the Japanese story and all quaint Japanese expressions have been faithfully preserved, they have been told more with the view to interest young readers of the West than the technical student of folk-lore.... In telling these stories in English I have followed in adding such touches of local color or description as they seemed to need or as pleased me, and in one or two instances I have gathered in an incident from another version. At all times, among my friends, both young and old, English or American, I have always found eager listeners to the beautiful legends and fairy tales of Japan, and in telling them I have also found that they were still unknown to the vast majority...

Lucy Fraser’s The Pleasures of Metamorphosis: Japanese and English Fairy-Tale Transformations of “The Little Mermaid” explores Japanese and English transformations of Hans Christian Andersen’s 1837 Danish fairy tale “The Little Mermaid” by focusing on pleasure as a means to analyze the huge variety of texts that transform a canonical fairy tale such as Andersen’s. Fraser examines over twenty Japanese and English transformations, including literary texts, illustrated books, films, and television series. This monograph also draws upon criticism in both Japanese and English, meeting a need in Western fairy-tale studies for more culturally diverse perspectives. Fraser provides a model for critical cross-cultural fairy tale analysis in her examination of the Journey of a single fairy tale across two languages. The book begins with the various approaches to reading and writing fairy tales, with a history of “The Little Mermaid” in Japanese and English culture. Disney’s The Little Mermaid and Studio Ghibli’s Ponyo on the Cliff by the Sea are discussed as examples that simulate pleasurable physical experiences through animation’s tools of music and voice, and visual effects of movement and metamorphosis. Fraser then explores the literary effects of the fairy tale by male authors, such as Oscar Wilde, Tanizaki Jun’ichiro, and Abe Kobo, who invoke familiar fairy-tale conventions and delineate some of the pleasures of what can be painful enchantment with a mermaid or with the fairy tale itself. The author examines the portrayals of the mermaid in three short stories by Matsumoto Yukio, Kurahashi Yumiko, and Ogawa Yoko, engaging with familiar fairy tales, reference to fairy-tale research, and reflections on the immersive experience of reading. Women characters and authors are also hyperaware of the possible meanings of Andersen’s “The Little Mermaid” and of the fairy tale itself, furthering the discussion with Nonaka Hiiragi’s novel Ninayo-hime no kutsu, and Djiiji’s novel Sentō no ninjyo-hime to majo no mori, as well as an episode of the science fiction television series Dark Angel. Fraser concludes that the “pleasure” framework is useful for a cross-cultural study of creative engagements with and transformations of a particular fairy tale. Few studies have examined Japanese fairy-tale transformations to the extent that Fraser has, presenting fascinating information that will intrigue fairy-tale scholars and those wanting to learn more about the representation of pleasure behind the imaginative and fantastical.

This book examines the haunting, sad, and lively depths of the Japanese soul by interpreting some of major themes in fairy tales. A Japanese Jungian psychologist credited with founding Japanese analytical and clinical psychology and a senior professor at Kyoto University, Hayao Kawai (1928-2007) addresses here such questions as why so many Japanese fairy tales end in a “Happily ever after” marriage, and why the female figure best expresses the culture’s ego and the country’s possible future. Throughout the book, Kawai delicately presents the multiple layers of the Japanese psyche.The American poet and essayist Gary Snyder, who lived for years in Japan, gaining familiarity with the soul of its culture and thought, introduces Kawai’s book to the reader.

Tales of Japan

Usagi Yojimbo Saga Volume 2 (Second Edition)

Tales from Lafcadio Hearn

Traditional Stories of Monsters and Magic

The Pleasures of Metamorphosis

Contemporary Adaptations across Cultures

A goblin with no body and a monster with no face. A resourceful samurai and a faithful daughter. A spirit of the moon and a dragon king. This collection of 15 traditional Japanese folktales transports readers to a time of adventure and enchantment. Drawn from the works of folklorists Lafcadio Hearn and Yei Theodora Ozaki, these tales are by turns terrifying, exhilarating, and poetic.
• Striking illustrations by contemporary Japanese artist Kotaro Chiba
• Special gift edition features an embossed, textured case with metallic gold ink, and a satin ribbon page marker
• Part of the popular Tales series, featuring Nordic Tales, Celtic Tales, Tales of India, and Tales of East Africa
Fans of Ghostly Tales, and Japanese Notebooks will love this book. This book is ideal for:
• Fans of fairytales, folklore, ghost stories, Greek mythology, roman mythology, Chinese mythology, and Celtic mythology
• Anyone interested in Japan’s history books and culture studies
• People of Japanese heritage
• Collectors of illustrated classics

Addresses Japanese culture insightfully, exploring the depths of the psyche from both Eastern and Western perspectives, an endeavor the author is uniquely suited to undertake. The present volume is based upon five lectures originally delivered at the prestigious round-table Eranos Conferences in Ascona, Switzerland. Readers interested in Japanese myth and religion, comparative cultural studies, depth psychology or clinical psychology will all find Professor Kawai’s offerings to be remarkably insightful while at the same time practical for their own daily work.

Vols. 1898- include a directory of publishers.

Japanese and English Fairy Tale Transformations of “The Little Mermaid”

The Boy Who Drew Cats and Other Japanese Fairy Tales

Traditional Themes, Images and Symbols at Play on Screen

Prepare to be spooked by these chilling Japanese short stories! Strange Tales from Japan presents 99 spine-tingling tales of ghosts, yokai, demons, shapeshifters and trickster animals who inhabit remote reaches of the Japanese countryside. 32 pages of traditional full-color images of these creatures, who have inhabited the Japanese imagination for centuries, bring the stories to life. The captivating tales in this volume include: The Vengeance of Oiwa—The terrifying spirit of a woman murdered by her husband who seeks retribution from beyond the grave The Curse of Onikuma—A servant girl is murdered by her master and curses his family, with gruesome results The Snow Woman—A man is saved by a mysterious woman who swears him to secrecy Tales of the Kappa—Strange human-like spirits with green, scaly skin who live in water and are known to pull children and animals to their deaths And many, many more! Renowned translator William Scott Wilson explains the role these stories play in local Japanese culture and folklore, and their importance to understanding the Japanese psyche. Readers will learn which particular region, city, mountain or temple the stories originate from—in case you’re brave enough to visit these haunts yourself!

READ real Japanese Today! By choosing short stories, the intimidation factor is greatly reduced. Not only that, but we divide the story up into tiny, easy-to-swallow segments with complete explanations to give you confidence as you read real Japanese page by page. Perfect for upper beginner level students of Japanese. BONUS! Get FREE MP3s of the story read by a native Japanese voice actress, one read at normal speed and one read slowly. Listen while reading. The link to the MP3s is found on the last page. EXTRA BONUS! Included with the MP3s, are PDFs of all the vocabulary and grammar points. Feel free to print these out to use while reading. Now with Furigana! All our readers now have furigana in both the paperback and Kindle versions. Furigana is the small hiragana over the kanji—most devices support this new feature. Have you studied for a year or two but just don’t feel like you are progressing? This book is for you too. We suggest reading the Japanese only section first (includes furigana) and then go through the line-by-line running gloss section to cement understanding and learn vocabulary. * All Japanese have furigana (printed version and Kindle version on supported devices (most new devices) and romaji for those starting out. * Three complete Japanese short stories. Each story is presented in three unique ways. * Two stories are about Hikoichi and the third is about a girl and a mask. * GLOSS: Read the story with a running gloss-understand completely. Every sentence is broken down word-for-word and with English explanation of the grammar. * GRAMMAR: Tap the grammar icon (Kindle version) to zoom to fuller explanations. Tap the back button to return to the text * JAPANESE ONLY: The full story in Japanese only (without the running gloss) is also provided so you can practice reading without interruption. * ENGLISH SUMMARY: Finally, we have included a simple and mostly literal English translation for you to check your understanding (Don’t cheat! Work through the Japanese first!). * Short stories makes reading full Japanese texts possible. * Download the FREE MP3s to listen while you study. Hikoichi! You may know our first Japanese Reader Collection Volume has several Hikoichi stories. By far, those have been the most popular among students. Hikoichi is, after all, an interesting character. Smart, sassy, creative in his laziness...In short, his adventures are entertaining. Plus, not many non-Japanese are as familiar with Hikoichi as they are Momotaro or the Moon Princess. So, be one of the few to dig in, enjoy, and learn more about Hikoichi! Finally, we invite the reader to contact us with questions or requests for future Japanese readers. You will find our personal email address in the book. To your Japanese! What are you waiting for? Ninja up your Japanese. Click “Buy Now”!

Within this little volume you will find 10 unique folk tales and children’s stories from the African mountain Kingdom of Lesotho. Here you will find the story of Takane, who, despite having an arranged marriage, became a happy and devoted wife. The tale of how Khosi chooses Polomahache (Crocodile Child) to be his wife and of Mokete and Morongoe the Snake and many more. Included in these tales are stories of the Sun Chief, evil Witchdoctors, or Ngaka, the equivalent of an Evil Wizard, spells being cast and broken and beautiful maidens being set free. There are also tales of malevolent chiefs who rule their people with a fist of iron, not caring how much innocent blood they shed - and how their comeuppance is delivered by the hero of the day. These tales were collected by Minnie Martin, wife of a Government Official, who came to South Africa and Basutoland, from England, in 1891. To enable a better understanding of the people and their customs, she began to study the language, collected these tales and became fairly fluent in the language. Because the Bantu peoples of Southern Africa had no written language, it must be noted that the first people to record the various languages (the Boers and the British) did so phonetically, writing the language as they heard it being spoken. Unlike most European languages, there has been no influence of Latin, Greek or Arabic, which makes the learning of those languages that little more difficult. Here you speak the word the way it is written e.g. Ngaka is read as In-gaa-kah, Takane as Tak-aa-eh, Khosi as Koh-see etc So sit back and enjoy this unique collection of tales, customs and lore from a little known place, unseen or heard in the West for many generations. 33% of the net profit will be donated to SENTEBALE - a charity supporting children in Lesotho orphaned by AIDS.

Once Upon a Time in Japan

Over the last few decades, anime has consistently come into fruitful contact with themes, images and symbols associated with the fairy tale tradition. This critical text focuses on the ways in which fundamental principles of the fairy tale tradition are deployed, and hence come to manifest themselves narratively and cinematographically, in anime. Topics covered include modes of storytelling, aesthetics, as well as dramatic, ethical, psychological and social considerations. Of particular interest is the way in which allegorical commentaries on cultural and historical issues are illustrated in anime.

Presents an illustrated collection of children’s songs in Japanese and English, with transliterations so that they can be sung in Japanese, and explains the origins and meaning within Japanese culture of each song.

Eleven engaging, excellently translated tales of talking tea kettles, a monstrous goblin-spider, miniature warriors and other fanciful creatures. 21 original illustrations by Yuko Green.

The English Catalogue of Books ...: 1801-1836. Ed. and comp. by R.A. Peddie and Q. Waddington. 1914

Bibliography of the Japanese Empire:: Comprising the literature from 1894 to the middle of 1906 (XXVII-LXLth year of Meiji) with additions and corrections to the first volume and a Supplement to Léon Pagès' Bibliographie japonaise, comp. by Fr. von Wenkstern. Added is a list of the Swedish literature on Japan, by Miss Valfrid Palmgren

Re-Orienting the Fairy Tale

99 Chilling Stories of Yokai, Ghosts, Demons and the Supernatural

Japanese Reader Collection Volume 2

Re-issue of the Shorter Stories of Fiona Macleod Rearranged, with Additional Tales. Barbaric Tales

Two hundred and twenty tales from medieval Japan—tales that welcome us into a fabulous faraway world populated by saints, scoundrels, ghosts, magical healers, and a vast assortment of deities and demons. Stories of miracles, visions of hell, jokes, fables, and legends, these tales reflect the Japanese civilization. They ably balance the lyrical and the dramatic, the ribald and the profound, offering a window into a long-vanished culture. With black-and-white illustrations throughout Part of the Pantheon Fairy Tale and Folklore Library William Elliot Griffis (1843-1928) served in the Union Army during the Civil War, then graduated from Rutgers University in 1869. He was a tutor for Taro Kusakabe, which opened up a world of opportunity for him in Japan. In 1870, he was invited to reorganize Japanese schools by Matsudaira Yoshihaga. Between 1870-74, Griffis taught science, wrote English language primers, and was an intermediary between the United States and Japan. He returned to the United States to complete his studies at the Union Theological Seminary in 1877, eventually earning a Doctor of Divinity in 1884. While he was active in the parish ministry, in 1903, he decided to resign so that he could focus on writing. He wrote not only on Japan, but also on Europe, particularly the Netherlands. His books included titles on Asiatic History; China, Korea and Japan -- and collections of fairy tales, such as Swiss Fairy Tales, Belgian Fairy Tales, Korean Fairy Tales, and of course, the much enjoyed The Fire-Fly’s Lovers and Other Fairy Tales of Old Japan. This edition is dedicated to Francisco Alacantara, a later day emissary of the New World to the land of the rising sun.

"Warriors of Old Japan, and Other Stories" by Yei Theodora Ozaki. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten – or yet undiscovered gems – of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.
