Excerpt from Teamwork for Employment and Management Act of 1995: Hearing of the Committee on Labor and Human Resources

United States Senate, One Hundred Fourth Congress, First Session, Permitting Labor Management Cooperative Efforts That Improve America's Economic Competitiveness to Continue to Thrive, and for Other Pu There are going to be other Senators coming - I am not going to be the only one here - but Senator Kennedy has said please go ahead and start. He is on his way, as are other Senators. Before I call the first witnesses, let me just give an opening statement which will give a little background on the legislation that we are going to be discussing today. We are going to be hearing testimony on the cutting ed e of human resource practices. It is always hard for us to begin to t ink anew of ways that we can work in the workplace or work in the Congress; we have a hard enough time just thinking about ways to change our committees. But I think that if we really want to get ahead and make a constructive effort wherever we are, that we have to be willin to think anew. Draw with Confidence and Creativity! New in paperback! Creativity occurs in action. It is not a trait; it is something you do. To be creative, you need to engage in the art-making process. When you are "in the flow," you shift out of the future and into the present, making connections, generating variations and surrendering to the process. This ten-year edition of Keys to Drawing With Imagination is a course for artists in how to take something, do something to it and make something new. Bert Dodson, author of the best-selling Keys to Drawing (more than 250,000 copies sold!) presents fun techniques and mind-stretching strategies to help you drawing better and more imaginatively than you ever have before. In every section, he offers you basic guidelines that help you channel your creative energies in the right direction. Before you know it, you'll lose yourself in the process, enjoying the experience as you create something gratifying and worthwhile. The subjects covered in this hands-on book are as vast as the imagination itself. Through 58 strategies, 36 exercises and 13 step-by-step demonstrations, you'll explore how to: • Take your doodling from mindless to masterful • Create your own reality by crumbling, melting or breaking objects • Flip the familiar on its ear to create something utterly original • Experiment with visual paradox and metaphor • Tell vivid stories through the details of your drawings • Play with patterns to create captivating compositions • Build your drawings by borrowing ideas from different cultures • Develop a theme in your work Along the way, Dodson offers you priceless advice on the creative process culled from 70 years of drawing and teaching. For additional inspiration and encouragement, he includes the work of 30 other outstanding artists, including R. Crumb and Maya Lin. So what are you waiting for? Grab this book and start drawing! You'll be amazed at what you can create. *Note to readers: This book is a 10-year anniversary paperback reprint of the Keys to Drawing with Imagination hardcover edition (2006).

For the longest time, parents and children both, knew and believed that Medicine, Engineering, Management and Law were the only true 'careers' which could provide job security and steady paycheques. However, youngsters today couldn't have been more open to trying out offbeat careers. They are bold, patient, resilient and aware of the fact that a career that is in line with their interests has a higher chance of being satisfying. An equal, or probably more, parents are sceptical about these unconventional careers and would rather have their children go in for 'tried and tested' jobs. With 'Steps to Career', the author has attempted to dilute the dilemma of such children and their parents, providing them a wealth of information on the available conventional and unconventional career options, to help the children decide the right career for them, and the process.
