An Inky Adventure and Coloring Book for Adults: 24 Drawings to Color and Frame

Science fiction meets murder mystery in this edge-of-your-seat thriller. The Lost Causes are five teens with serious problems and only one thing in common: people have written them off. Now they're thrown together in group therapy, with vague promises of healing.

Their problems do go away when they drink the water their therapist gives them. But that's because it's not just water. Unknowingly, the teens have ingested a serum that gives them psychic powers, part of an FBI plan to find out who was behind the grisly murder that has rocked their small town. Their new powers will help them uncover clues and follow leads that have eluded the authorities, and their outsider status gives them the perfect cover. But the same traits that make them top investigators also make them vulnerable. As they close in on the murderer, they expose a much larger conspiracy that puts them directly in harm's way and makes them wonder who if anyone they can trust.

Cheerful rural villages, forests, lakeside scenery, and magical people await you and your colored pencils in this follow-up to Romantic Country: A Fantasy Coloring Book and Romantic Country: The Second Tale by Japanese illustrator Eriy, who uses an ink-dipped toothpick to draw each intricate design. Inside are pages and pages of provincial delights for you to bring to life through coloring: magical forests filled with fairies, delightful town squares bustling with people, whimsical village scenes, charming castles with towers- and so much more, sure to delight people of all ages. Romantic Country: The Third Tale will whisk you away to a black-and-white fantasy land that you can bring to colorful life.

From the creator of the worldwide bestsellers World of Flowers and Lost Ocean, a beautiful new coloring book that takes you on a captivating journey through imagined and fantastical realms. This isn't just a book; rather, it is a magical portal to many wondrous worlds. Within these pages you'll find tree-top castles, floating islands, and fairytale villages, all waiting to be brought to life in your colors. Go on an adventure and let your imagination roam from world to world, discovering enchanted sea turtles, curious cats, and lost song birds along the way. In this new coloring book, Johanna Basford lends her signature style of inky illustration to a series of brand new inksapes and themes, all with a sprinkling of her much-loved botanicals. Get ready to discover whole new worlds of colors! Editor's Choice - The Bookseller This, the first colouring book from VOGUE, has been created by award-winning writer, fashion editor, curator and Royal College of Art Professor, Iain R Webb. The hand-drawn artworks are inspired by iconic images from British VOGUE in the 1950s - an era of hats and matching gloves, haughty elegance and hourglass silhouettes (a period that continues to inspire contemporary designers including Miuccia Prada and Dolce & Gabbana). The book features a glamorous dream wardrobe of luxurious ballgowns and soigné cocktail dresses, smart suits and dramatic accessories by key designers including Christian Dior, Balenciaga, Givenchy and Chanel. The accompanying captions offer fashion and style tips (often highly amusing in hindsight) and are taken from the original pages of VOGUE. The 90 artworks can be coloured in in the spirit of the original images that inspired them or embellished with whatever colours and patterns take the reader's fancy. The colouring book is the perfect present for all those who love vintage fashion and will be published in time for VOGUE's centenary celebrations in 2016, which begin with a major exhibition at the National Portrait Gallery.
