Popular Science

The most popular hobby in the world, stamp collecting has millions of fans in the United States alone. Many are adults who have turned a childhood interest in philately into a pleasurable (and often profitable) lifetime avocation. This volume has everything needed to start a personal stamp collection: Entries for nearly 200 countries; Spaces for more than 2,600 stamps; Over 1,100 black-and-white illustrations of stamps; Easy-to-use Stamp Identifier Table and Index. Clear instructions for using the album and the Stamp Identifier Table are included, along with many useful hints and tips on building a collection. An entertaining, inexpensive way to learn about faraway people and places, stamp collecting brings a sense of excitement and adventure with each new acquisition. This book offers would-be collectors that ticket to discovery.

"For a guy who has never set foot outside the USA, I feel like a seasoned world traveler, thanks to Alton Loveless who picks me up on his magic carpet called "Monday Moments." We've uncovered history in London, waded in the Jordan River, heard the roar of hunting lions in Africa, and cheered American servicemen at 30,000 feet returning home from far-flung battlefields. Climb aboard—we saved a seat for you." --Dr. Jack Williams, Director of Communications, FWBBC, Nashville, Tennessee. "Call me a world traveler, yet I've rarely crossed the borders of my own country. Still I've traveled far and wide in the words of Dr. Alton Loveless over the past few years. Dr. Loveless is an inspiration and wonder, all wrapped up in the flesh of a man. Here's a man who has visited countless nations, spoke in some of the most exotic and remote churches on the globe, yet when he recounts his travels in print it is as if I am there climbing that mountain, or sitting in that airplane seat looking out over the wing at the mountains and valleys of some remote region. I first met Dr. Loveless when a minister in the town where I manage the hometown newspaper came into my office to introduce me to their new associate pastor. He told me how Dr. Alton Loveless had spent many decades in the printing field – having worked for and managed a publishing house for much of his career. It didn't take but a couple weeks for me to be introduced to the new minister's writings. Immediately I was hooked. In the years since, Dr. Loveless became a regular contributor to the local newspaper with a weekly column. He quickly drew a following of faithful readers. Countless times I've been thanked by readers for including his works in the local paper by his friends and neighbors ... and in many cases, complete strangers who were drawn to the pictures he painted with words. Whether it be the reader who's lot in life has kept them from traveling abroad, or the traveler who longs to experience more beyond his or her borders – Dr. Alton Loveless can take you there. I'm sure you will find his travel writings to be every bit as realistic, entertaining and enjoyable as my readers has." --Doug Smith, General Manager, Farmington Press "With an adventurous spirit, Dr. Loveless has journaled his lifetime travels that parallel a rich and inspiring spiritual journey in His Father 's world. Sit down with a cup of coffee and enjoy the ride!" --Dr. Greg Sergent, Pastor, Wise, Virginia. " 'Monday Moments ' is a favorite read for me. Its short, inspiring narrative is just what I need to begin my week." --Winnie Yandell, Pastor's wife, Oklahoma. "My wife and I have enjoyed reading all the articles that you have sent out called 'Monday Moments '. They are always spiritually uplifting and fascinating reading. Please continue writing them." --Gerald & Norma McAllister, Nashville, Tennessee. "I have enjoyed and appreciated the 'Monday Moments ' articles I have read. Having lived in another country myself for many years, I like the way you often utilize traveling experiences to relate them to God 's eternal truth and man 's need. God bless you and thanks." --Earnie Deeds, Oklahoma. Retired Missionary to Brazil. "Dr. Loveless your stories are fascinating and I enjoy reading them." --Dr. Ramakrishna Venkatesh, University of Kentucky Medical School- Professor/Surgeon. "As a bi-vocational pastor I am blessed to be able to receive 'Monday Moments ' on my PC. It's refreshing and uplifting to read about Dr. Loveless' travels and experiences - always given with a perspective of God's word." --Don White, Pastor, Bristol, TN. "Dr. Loveless's 'Monday Moments ' are interesting and his descriptions of places where he and his wife have visited are always vivid and enticing. His writing is refreshing in that it reveals appreciation of God's glory and grandeur se

Come Travel with Me

Tobacco News

Though you may not know the man, you probably know his music. Arkansas-born Louis Jordan's songs like "Baby, It's Cold Outside," "Caldonia" and "Ain't Nobody Here But Us Chickens" can still be heard today, decades since Jordan ruled the charts. In his five-decade career, Jordan influenced American popular music, film and more and inspired the likes of James Brown, B.B. King, Chuck Berry and Ray Charles. Known as the "King of the Jukeboxes," he and his combo played a hybrid of jazz, swing, blues and comedy music during the big band era that became the start of R&B. In a stunning narrative portrait of Louis Jordan, author Stephen Koch contextualizes the great, forgotten musician among his musical peers, those he influenced and the musical present.

Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

The Stamp-collector's magazine

The Story of the United States Told Through Stamps

Includes bibliographical references and indexes.

Whether it's needlepoint or woodworking, collecting stamps or dolls, everyone has a hobby, or is told they need one. But why do we fill our leisure time with the activities we do? And what do our hobbies say about our culture? Steven Gelber here traces the history and significance of hobbies from the mid-nineteenth century through the 1950s. Although hobbies are often touted as a break from work, Gelber demonstrates that they reflect and reproduce the values and activities of the workplace by bringing utilitarian rationality into the home, imitating the economic stratification of the marketplace, and reinforcing traditional gender roles. Drawing on a wide array of social and cultural theory, Hobbies fills a critical gap in American cultural history and provides a compelling new perspective on the meaning of leisure.
