*"101 Writing Prompts" is a journal to write in. Whether you are a creative writer looking for inspiration, or an over worked and stressed out mom, the creative writing prompts in this journal can help. Simply open this journal to any page, find a question or writing prompt that matches your mood, and start writing. The writing prompts in this book follow the "scenario and question" and "what if" format. For example, a typical writing prompt may state: "A bully is harassing your child in the park. What do you say to stop it?" In another example: "You find an unused baby crib in a yard sale. What do you think?" Additionally, a "what if" question may ask: "What if the government installed surveillance cameras in every home? How would this impact your behavior and conversations?" The basic concept of this style of writing prompt is to create an image in your mind, and then pop a question that requires you to evaluate your morals, personal courage, resolve, aversion to risk, or assertiveness relevant to the scenario. In the process, you learn something about yourself, while discovering a painless way to actively engage in journal writing. Start your journal of self-exploration and discovery today. This journal to write in journal notebook includes over 100 detailed writing prompts, and is an ideal way to stimulate creativity, mindfulness, and self-awareness.*

In 1981, King began to write about his craft – and his life. By midyear, a widely reported accident jeopardized the survival of both. And in his months of recovery, the link between writing and living became more crucial than ever. Rarely has a book on writing been so clear, so useful, and so revealing. On Writing begins with a mesmerizing account of King's childhood and his uncannily early focus on writing to tell a story. A series of vivid memories from adolescence, college, and the struggling years that led up to his first novel, Carrie, will afford readers a fresh and often very funny perspective on the formation of a writer. King next turns to the basic tools of his trade – how to sharpen and multiply them through use, and how the writer must always have them close at hand. He takes the reader through crucial aspects of the writer's art and life, offering practical and inspiring advice on everything from plot and character development to work habits and rejection. Serialized in the New Yorker to vivid acclaim, On Writing culminates with a profoundly moving account of how King's overwhelming need to write spurred him toward recovery, and brought him back to his life. Brilliantly structured, friendly and inspiring, On Writing will empower—and entertain—everyone who reads it.

With an ideal 6 x 9 format (Hardcover), you can easily bring this daily journal with you to a park, café, or put it on your nightstand. And there is more than enough writing page for every question: a whole page with lines. So if you're looking for a complete one-year self-discovery journal, The 365 Journal For Men is the perfect buy. This is not a journal with one or a few repetitive questions. Every week consists of 5 different writing prompts.

The Year of You is an invitation to discover more about yourself, become more conscious about what you want, and create a rich and fulfilling life through one journaling prompt a day. With this book, you can take the guess work out of journaling and use one writing prompt each day of the year to explore and unpack the most important aspects of your life and your being. Each month, you'll focus on one important area of your life: January: Identity February: The Past March: Environment

April: Fun May: Career June: Relationships July: Growth August: Money September: Travel and Adventure October: Health November: Spirituality December: The Future You can start in January, June or November; simply turn to today's date and start writing! Whether you're new to journaling or have enjoyed a reflective writing practice for some time, The Year of You offers a wealth of inspiration that will deepen your understanding and awareness of what makes you who you are.
