Aeneas appears in The Illiad in vague snatches and starts as a traveling warrior of great piety who was loosely connected to the foundation of Rome. Virgil weaves these fragments into a powerful myth about the founding of Rome in The Aeneid. Aeneas travels from his native Troy to Italy then wages victorious war upon the Latins.

Hamlet, King Lear, and Macbeth—Othello is among the darkest of Shakespeare's plays, illuminating the shadows of the gloomiest recesses of the human psyche and serving as a damning indictment of the world in which it was written. A cautionary tale of the destructiveness of sin and the ruinous consequences of bad philosophy, Othello seems to express Shakespeare's rage at the cynicism and brutality of the age in which he lived. From the Machiavellian menace of Iago to the blind and prideful jealousy of Othello, this classic of world literature

In Learning Targets, Connie M. Moss and Susan M. Brookhart contend that improving student learning and achievement happens in the immediacy of an individual lesson--what they call "today's lesson"--or it doesn't happen at all. The key to making today's lesson meaningful? Learning targets. Written from students' point of view, a learning target describes a

lesson-sized chunk of information and skills that students will come to know deeply. Each lesson's learning target connects to the next lesson's target, enabling students to master a coherent series of challenges that ultimately lead to important curricular standards. Drawing from the authors' extensive research and professional learning partnerships with classrooms, schools, and school districts, this practical book * Situates learning targets in a theory of action that students, teachers, principals, and central-office administrators can use to unify their efforts to raise student achievement and create a culture of evidence-based, results-
