the player builds paths, amenities for visitors such as, food and restrooms, as well as enclosures and attractions. One must also keep the park safe and secure. The park can be populated with up to sixty dinosaurs, with twenty-five different species available. The player can also add attractions similar to those seen in the film, such as the safari seen in the Jurassic Park film, and additional attractions like a balloon tour and several varieties of viewing platform. The player's main objective is simple: create a theme park/zoo featuring dinosaurs, make it popular, and make it safe. The gameplay functions are very similar to the SimCity and Tycoon game models. It is necessary to build feeding stations where herbivores can get bales of plant feed, while carnivores are fed live cows or goats. However, herbivores become unhappy if they don't have enough trees around them or enough nearby dinosaur friends..
