From New York Times & USA Today Bestseller, Vi Keeland, comes a steamy new romance novel. The rules: No dating. No sex outside of the game. No disclosing the terms of the contract. Rules were made to be broken, right? Eight weeks ago I signed a contract. One that seemed like a good idea at the time. A handsome bachelor, luxury accommodations, and a chance to win a prize my family desperately needed. There were some rules though. Lots of them actually. Follow the script, no dating, sex, or disclosing the terms of the deal. After my self-imposed moratorium on men the last year, it wouldn't be hard to live up to my end of the bargain...so I thought. Until I realized the deal I'd made was with the devil...and I was in love with his dirty-talking brother. Author's note - Throb is a full-length standalone novel. Due to strong language and sexual content, this book is not intended for readers under the age of 18.

Dhaka may be one of the most densely populated cities in the world - noisy, grid-locked,

short on public amenities, and blighted with sprawling slums - but, as these stories show, it is also one of the most colourful and chaotically joyful places you could possibly call home. Slum kids and film stars, day-dreaming rich boys, gangsters and former freedom fighters all rub shoulders in these streets, often with Dhaka's famous rickshaws ferrying them to and fro across cultural, economic and ethnic divides. Just like Dhaka itself, these stories thrive on the rich interplay between folk culture and high art; they both cherish and lampoon the city's great tradition of political protest, and they pay tribute to a nation that was borne out of a love of language, one language in particular, Bangla (from which all these stories have been translated).

As you read this, somewhere in the English-speaking world a production of a Gilbert & Sullivan operetta is being rehearsed or presented. It may be taking place in an elementary, secondary or high school; a university; an amateur musical theater group; a summer-stock ensemble; a professional light-opera company. the musical accompaniment may consist of a piano or two - perhaps plus a few other instruments - or a full orchestra. Audiences, be they first-time listeners or dyed-in-the wool G&S fanatics, will be captivated by the scintillating melodies and effervescent lyrics of those highly unlikely collaborators: Sir Arthur Seymour Sullivan and Sir William Schwenck Gilbert. Incredibly, despite the seemingly endless popularity of these works, which have been published, staged, recorded, broadcast, televised and cinematized over the years since their first performances by the D'Oyly Carte Opera in London in the 1870s and 1880s, there has never been an edition which permitted the guitar-playing masses to enjoy these Victorian gems. Until now. Here, for the first time, are 52 G&S favorites (or, if you will, favourites), drawn from five of their most popular operettas: H.M.S. Pinafore, the Pirates of Penzance, Patience, Iolanthe, the Mikado. arranged with guitar chords - in guitar-friendly keys! the very model of a modern music manuscript! All selections include melody, lyrics and guitar chords.

Every writer and reader perceive the emotions of the Bleeding Ink. And it is this Bleeding Ink that gives us the passion for writing. One hundred of the most evocative modern poems on joy, selected by an award-winning contemporary poet "Bursting with energy and surprising locutions. . . . Even the most familiar poets seem somehow new within the context of Joy."--David Skeel, *Wall Street Journal* "Wiman takes readers through the ostensible ordinariness of life and reveals the extraordinary."--Adrianna Smith, *The Atlantic* Christian Wiman, a poet known for his meditations on mortality, has long been fascinated by joy and by its relative absence in modern literature. Why is joy so resistant to language? How has it become so suspect in our times? Manipulated by advertisers, religious leaders, and politicians, joy can seem disquieting, even offensive. How does one speak of joy amid such ubiquitous injustice and suffering in the world? In this revelatory anthology, Wiman takes readers on a profound and surprising journey through some of the most underexplored terrain in contemporary life. Rather than define joy for readers, he wants them to experience it. Ranging from Emily Dickinson to Mahmoud Darwish and from Sylvia Plath to Wendell Berry, he brings together diverse and provocative works as a kind of counter to the old, modernist maxim "light writes white"--no agony, no art. His rich selections awaken us to the essential role joy plays in human life.

Set in the untamed wilds of nineteenth-century colonial India, this dazzling historical thriller introduces Blake and

*Avery—an unforgettable investigative pair. India, 1837: William Avery is a young soldier with few prospects except rotting away in campaigns in India; Jeremiah Blake is a secret political agent gone native, a genius at languages and disguises, disenchanted with the whole ethos of British rule, but who cannot resist the challenge of an unresolved mystery. What starts as a wild goose chase for this unlikely pair—trying to track down a missing writer who lifts the lid on Calcutta society—becomes very much more sinister as Blake and Avery get sucked into the mysterious Thuggee cult and its even more ominous suppression. There are shades of Heart of Darkness, sly references to Conan Doyle, that bring brilliantly to life the India of the 1830s with its urban squalor, glamorous princely courts and bazaars, and the ambiguous presence of the British overlords—the officers of the East India Company—who have their own predatory ambitions beyond London's oversight. A techno-thriller novel of the near future when a powerful Artificial Intelligence called Oracle identifies individuals who pose a significant risk to the stability of our society, or who have a high probability of posing such a risk in the future, and sends assassins to kill them. Oracle knows each of us so well, better than we know ourselves, that it is able to determine who might become the next Hitler or Stalin long before that person even has an inkling of such a future. The main character is Henry Porembski, who becomes one of Oracle's assassins when he is recruited after his wife and daughter are killed in a terrorist attack. When he is sent to kill a young girl, the same age as his daughter, he turns against Oracle and vows to protect the girl. He wonders, though: if Oracle knows us so well, why would it send him to kill a girl it had to know he would not kill? And could it really predict how a little girl would turn out as an adult? It all comes to a tense conclusion after Henry learns that his mission to kill the girl was really to set in motion a series of events intended to bring about the downfall of Oracle...because Oracle has determined that it, itself, poses a threat to the human civilization, and needs to be eliminated.
